

Scientific Program

OvaCure Innovation Summit 2017

"Where is the space for immunotherapy in ovarian cancer care?"

Friday 1st September 2017

| | |
|---|--|
| 08:00 – 08:10 | <p>Innovating and partnering to cure ovarian cancer <i>Alexander Peitersen, OvaCure Strategic Advisor</i></p> |
| 08:10 – 08:20 | <p>Goal of the day <i>"Where is the space for immunotherapy in ovarian cancer care?"</i> <i>Professor George Coukos and Dr. Mansoor Raza Mirza, Chairmen of OvaCure Innovation Summit 2017</i></p> |
| 08:30 – 10:00 | <p>Educational Session 1: Reality check - Updates on current advances in early immunotherapy trials for ovarian cancer <i>Professor Inge Marie Svane: T-Cell Infusion in Ovarian Cancer - Phase I Learnings</i> <i>Professor John Haanen: Isolating T-Cells from Ovarian Cancer Patients</i> <i>Professor George Coukos Neo-Epitope Discovery in Ovarian Cancer</i> <i>Professor Sjoerd van der Burg: Effect of Chemo on Immune Cells - Argumentation Against Lymphodepletion by Cyclophosphamide</i></p> |
| 10:00 to 10:20 – Co-creating Break | |
| 10:30 – 12:00 | <p>Educational Session 1: Reality check - Updates on current advances in early immunotherapy trials for ovarian cancer <i>Dr. Kunle Odunsi: NY-ESO-1c259 TCRs Redirected T Cells in Ovarian Cancer</i> <i>Dr. Sarah Crome: Early data from TIL therapy in Ovarian Cancer Patients</i> <i>Assoc. Professor Lana Kandalaft: Different Vaccine Approaches – Advantages and Challenges</i> <i>Professor Martin Cannon: Alpha Folate Receptor as a target for treatment of Ovarian Cancer</i> <i>Professor Brad Nelson: Rethinking ovarian cancer with immuno-modulatory strategies for vaccine- and cell-based therapies</i></p> |

| | |
|----------------------|--|
| 12:00 – 13:15 | <p>Educational Session 2: Horizon scanning - Updates on breakthrough advances in care for ovarian cancer patients</p> <p>Professor Andreas du Bois: <i>Advances in cytoreductive surgery (Desktop III)</i></p> <p>Dr. Mansoor Raza Mirza: <i>"PARP inhibitors in ovarian cancer and ongoing phase III studies"</i></p> <p>Professor Eric Pujade-Lauraine: <i>Overview of checkpoint inhibitor Phase III studies in ovarian cancer</i></p> |
|----------------------|--|

13:15 to 13:45 – Collaborative Lunch

| | |
|----------------------|--|
| 13:45 – 15:45 | <p>Critical Clinical Audience Session:</p> <p style="text-align: center;"><i>Who would be the most eligible OC populations for immunotherapies: TILs, Vaccines, Checkpoint Inhibitors etc.</i></p> <p style="text-align: center;">Moderated by Dr. Mansoor Raza Mirza</p> |
|----------------------|--|

15:45 to 16:00 – Innovation Break

| | |
|----------------------|--|
| 16:00 – 17:30 | <p>Roundtable Clinical Trial Design: What have we learned thus far from immunotherapy in ovarian cancer? Define the space for immunotherapy in ovarian cancer</p> <p style="text-align: center;">Professor Hani Gabra: <i>Window-of-opportunity trial multi-arm trial to prove efficacy of immunotherapy and non-Immunotherapeutic approaches</i></p> <p>Clinical Audience session feedback session: Moderated by Dr. Mansoor Raza Mirza</p> |
|----------------------|--|

| | |
|----------------------|---|
| 17:30 – 18:30 | <p>Roundtable Innovation: Learnings from clinical practice and care</p> <p style="text-align: center;"><i>Potential innovation, co-creation and future collaborations in immunotherapy</i></p> <p style="text-align: center;">Moderated by Professor George Coukos</p> |
|----------------------|---|

| | |
|----------------------|---|
| 18:30 – 18:50 | <p>StandUp2Cancer - Implementing collaborative research models for greater success in cancer research</p> <p>How to collaborate? How to measure your successes in cancer research? StandUp2Cancer offer an insight into how their researchers are breaking down their silos and working together to with Pharma and other businesses to cure cancer in a more collaborative way than ever before.</p> <p>Renee Nicholas, President of Advocacy and Strategic Collaborations, SU2C</p> <p>Dr. Sung Poblete, President & CEO of SU2C</p> |
|----------------------|---|

| | |
|----------------------|---|
| 18:50 – 19:00 | <p>Closing words by the Chairmen</p> <p style="text-align: center;">Professor George Coukos and Dr. Mansoor Raza Mirza</p> |
|----------------------|---|

Roundtable Dinner to follow
