

2021 Kaiser Permanente Bridge Program

A Health Care Helping Hand

At Kaiser Permanente, we believe that everyone is entitled to high quality health care. We will continue to provide access to affordable health care coverage and services to individuals and families who do not qualify for a federal subsidy and cannot afford to purchase health insurance, as well as those who have no access to public health coverage programs in 2021 and beyond.

The Kaiser Permanente Bridge Program is uniquely designed to help those who are uninsured, income eligible, and actively enrolled in a training program with a participating community partner by providing help to pay for a standard Kaiser Permanente for Individuals and Families (KPIF) plan.

Kaiser Permanente will subsidize the full monthly premium for up to 12 months, with the potential to reapply for an additional 12 months*. Coverage includes preventive services, hospitalization, comprehensive pharmacy, and more.

**Opportunity to reapply for an additional 12 months is at the discretion of Kaiser Permanente.*

How Does the Bridge Program Work?

Bridge Program members will receive benefits through the KP GA Gold 500/20 plan or KP GA Signature Gold 500/20 plan. If eligibility requirements are met, the approved member will receive assistance with monthly premiums and help to pay out-of-pocket medical expenses such as copayments and coinsurance. Program members do not have any copayments for services received at Kaiser Permanente facilities.

Program Guidelines

Persons interested in the Bridge Program must apply through a participating community partner. The Bridge Program will provide a subsidy for 12 months from the effective date of coverage or until 12/31/2021, whichever comes first*. When the subsidy expires, members will receive notification of how to continue their Kaiser Permanente coverage at the full premium amount and information about other coverage options.

**Subscribers may be given the opportunity to reapply for an additional 12 months at the discretion of Kaiser Permanente.*

Target Audiences

The Bridge Program is intended for low-income individuals and families who are not eligible for Medicaid, Medicare, or PeachCare for Kids; who do not qualify for financial assistance through the Georgia Health Insurance Exchange; and who do not have access to employer-sponsored health care insurance.

Enrollment in the Bridge Program is limited; Kaiser Permanente reserves the right to stop accepting new enrollments at any time without prior notice.

Upon acceptance in the Bridge Program, we may periodically confirm members are still meeting the subsidy eligibility requirements outlined in the Acceptance Award Letter.

If Kaiser Permanente determines the Bridge Program member no longer meets the eligibility requirements, the subsidy will terminate at the end of the month. Thereafter, the member will be responsible for the full premium for the KP GA Gold 500/20 plan or KP GA Signature Gold 500/20 plan.

Prevention is Key

Prevention is about staying healthy and preventing or delaying disease. At Kaiser Permanente, we provide preventive care services to help you stay well. Following our screening and immunization guidelines can help you plan your care. These guidelines are for generally healthy people.

Do you have ongoing conditions or other special health needs or risks? Do certain diseases run in your family? You and your personal physician will make a prevention plan that may be different, based on your individual needs. Here is a general list of screening tests we recommend for most adults.*

Screening test	Recommendations
Blood pressure	Check every 1 to 2 years.
Breast cancer	<ul style="list-style-type: none"> ■ Starting at age 50, have a mammogram every 1 to 2 years. ■ BRCA genetic test: Check with your physician about getting tested if you are at high risk for breast cancer. ■ If you are age 40-49, discuss with your doctor if you need a mammogram.
Cervical cancer	<ul style="list-style-type: none"> ■ Have a cervical cancer screening test every 3 years, starting at age 21 and ending at age 65. ■ Beginning at age 65, discuss the need for a Pap test with your doctor. ■ If you have had a hysterectomy, you likely would not need a Pap unless you have had abnormal Pap smears or cervical cancer. Discuss the need for a Pap test with your doctor.
Cholesterol	Starting age 18, every 5 years if normal.
Colorectal cancer	<ul style="list-style-type: none"> ■ Beginning at age 50, get a stool test annually or a colonoscopy every 10 years. If you are African-American, get a colonoscopy every 10 years starting at age 45. ■ After age 75, talk with your doctor about colorectal cancer screening.

Screening test	Recommendations
Diabetes mellitus	Adults ages 18 to 44 years, check every 3 years if you are an adult with one or more risk factors; ages 45 and older, check every 3 years.
Eye exam	<ul style="list-style-type: none"> ■ Adults ages 40 to 64 years, check every 2 to 4 years; age 65 and older, every 1 to 2 years. ■ Adults with diabetes and glaucoma should be checked annually.
Hormone replacement therapy	Discuss with your doctor.
Prenatal	<ul style="list-style-type: none"> ■ During pregnancy, your medical team may recommend a variety of screening tests to make sure you are healthy and that your baby is developing properly. <p>Take all the tests recommended by your medical team.</p>
Prostate cancer	<ul style="list-style-type: none"> ■ Men 50 years and older should talk with their doctor about the risks and benefits of prostate cancer screening. ■ African-American men and any man with a family history of prostate cancer should start these discussions at age 40.
Sexually transmitted diseases	<ul style="list-style-type: none"> ■ Get tested annually if you are at high risk. ■ Sexually active people up to age 25 should be tested annually for chlamydia.
Skin cancer	Help protect your skin from sun exposure by wearing protective clothing, using sunscreen regularly, and practicing skin self-examination.

* Talk with your physician if you or your children have ongoing health problems, special health needs or risks, or if certain conditions run in your family. Your physician may recommend additional vaccinations or screening tests.

Important Details and Notices

About your coverage

Before you review the specific plan information, check to make sure you live within our service area. You're eligible to apply for KPIF coverage if you live in one of the following counties:

Service Area Counties: Signature HMO Plan

Clayton Cobb	DeKalb Fulton	Gwinnett Henry
-----------------	------------------	-------------------

Service Area Counties: HMO Plan

Bartow Butts Cherokee Coweta Douglas	Fayette Forsyth Lamar Newton Paulding	Pike Rockdale Spalding Walton
--	---	--

Once you are enrolled, you can enjoy the benefits of KPIF until you choose to leave the plan, regardless of health. However, please note coverage can end for failure to pay premiums when due or for intentional misrepresentation of important information on your application.

When you turn 65 or become eligible for Medicare, you have the option to apply for our Senior Advantage plan. You can ask about our coverage for Medicare-eligible members by calling toll free **1-800-232-4404**.

If you have any questions or would like more information, call our Call Center at **1-800-494-5314** or check out the KPIF website at **buykp.org**.

Drug formulary

Kaiser Permanente uses a drug formulary for our HMO and HSA Option plans. Our drug formulary is a continually updated list of medications that are determined to be safe and effective. Use of formulary drugs enables us to provide quality care at a reasonable cost.

If you request a nonformulary drug, you will be responsible for the full cost of that drug, unless there is a clear medical reason to use it rather than the similar formulary drug. In specific cases, such as allergy to the formulary alternative, your physician may request an exception for coverage of a nonformulary drug at your regular pharmacy copay. Certain prescriptions require expert review before they can be dispensed.

If you have any questions about the formulary, call **1-800-611-1811** (toll free).

Preauthorization

When you need to obtain preauthorization for covered services or have a question about whether a service requires preauthorization, please contact Kaiser Permanente Quality Resource Management at **404-364-7320** or **1-800-221-2412** (TTY/TDD 711).

At Kaiser Permanente, the Utilization Management Program works with participating providers to plan, organize, and deliver quality health care services by ensuring these services are medically appropriate, medically necessary, and provided in a cost-effective manner. Some services require preauthorization by the Utilization Management Program.

Important Details and Notices *continued*

Examples include, but are not limited to:

- All inpatient admissions excluding emergencies
- Elective inpatient admissions
- Outpatient surgery
- Specialized services such as home health, medical supplies/equipment, and hospice care
- Skilled nursing and acute rehabilitation facilities
- Certain behavioral health services and/or chemical dependency treatment

Failure to obtain preauthorization may result in penalties against your benefit payment, or we may deny all or part of your claim. In the event any service is denied because it does not meet criteria, you may request an appeal.

Kaiser Permanente does not use financial incentives to encourage barriers to care and service. Decisions involving utilization management are based only on appropriateness of care and service, and existence of coverage under the member's benefit plan. Kaiser Permanente does not reward practitioners or other individuals conducting utilization review for issuing denials of coverage or service, and does not use financial incentives that encourage decisions that result in underutilization.

Kaiser Permanente is prohibited from making decisions regarding hiring, promoting, or terminating its practitioners or other individuals based upon the likelihood or perceived likelihood that the individual will support or tend to support the denial of benefits.

Frequently Asked Questions

1. How do I find out which doctors are available?

Visit our online Medical Staff Directory at kp.org/gaprovider and search for providers within the HMO plan. You may request a printed copy of the directory by calling Member Services at **404-261-2590**.

2. What if I need emergency care?

If you think you have a medical emergency—a condition that would put your life, health, limbs, or bodily functions in serious jeopardy—call 911 or go to the nearest hospital Emergency Room (ER).

If you require post stabilization care—including observation and admission—after your emergency medical condition is stabilized, you, a family member, or the hospital must call us at the preauthorization number on the back of your Kaiser Permanente ID card prior to receiving post stabilization care. By calling us, it will allow us to consult with the physician providing your care, and to coordinate further medical care if necessary. If appropriate, we can arrange a transfer to a Kaiser Permanente Affiliated Hospital when your condition permits.

If you do not contact us for prior approval, we will NOT pay any amount for these services and you may be responsible for the full cost of services received.

3. What is considered a medical emergency?

A medical emergency is a condition that puts your life, health, limbs, or bodily functions in serious jeopardy. Keep in mind that if you think your condition is not a medical emergency, a visit to our urgent care locations may be a better option for you.

Kaiser Permanente Urgent Care Centers offer an alternative to the emergency room when your injury or illness needs immediate medical attention but is NOT a medical emergency.

4. When should I visit an urgent care location?

If you think you have an urgent medical need, call us and we may be able to take care of you more quickly, and at a lower cost to you. Your care team at all Kaiser Permanente locations will have access to your electronic medical record.

If you think you may need urgent care, you can call the advice nurse at **404-365-0966**. Refer to the Kaiser Permanente Locations section of this brochure for a complete list of Kaiser Permanente and affiliated urgent care facilities. Additionally, provider and facility information is available online at kp.org/gaprovider.

5. Are there fees associated with this coverage?

Yes, as a member, you might expect to see:

- A \$25 “no show” fee if you fail to cancel a scheduled appointment at least 24 hours in advance.
- Out-of-pocket costs such as copayments and coinsurance for services provided outside of Kaiser Permanente medical facilities. Please refer to the Bridge Program Highlights on page 3 for a list of covered services and costs.
- For questions about any fees, please call Member Services at **404-261-2590**.

6. I am a member of the Bridge Program, but my Kaiser Permanente identification card and other materials I’ve received about my membership say that I have copayments. Do I have copayments?

You will not have any copayments/coinsurance for services received at Kaiser Permanente medical facilities. As a member of the Bridge Program, you have been awarded a subsidy.

7. Why is Kaiser Permanente subsidizing the premiums for this program?

As part of our Community Benefit Program, we support initiatives that increase access to health care. The Bridge Program is a demonstration of our commitment to our community’s health. A comparable health plan on the Exchange could cost between \$300 and \$900 without a subsidy.
