Year Six Leavers

Dear Parents,

I am sure you still can't quite believe it, but we are rapidly approaching the end of this academic year! And that brings with it the knowledge that your child will be leaving St Joseph's.

As a school, we will be organising various activities to celebrate their time with us, such as a leavers assembly and celebration of mass, trips out etc.

However, it has also been the case in the past that parents wish to organise their own functions, parties and memorabilia for the children. Previous activities have included a leavers disco, class photographs and "class of...." T-shirts. We see these as private events and as a school, we do not get involved with anything beyond our usual arrangements as detailed above.

However, in previous years, we have coordinated the initial meeting for any parents who would be keen to organise any additional celebrations etc. This has taken the form of a meeting in school, during which parents offer to form groups, exchange contact details etc. After this initial meeting, the school will not be involved in organising activities to take place outside of our arrangements. We are happy to allow letters to be distributed and we can facilitate this.

To this end, there is a proposal of holding a meeting on Wednesday 26th April at 3.45pm in school. Any parents who would be interested in attending in order to discuss the possibility of arranging leavers events and activities are very welcome.

Please come to the main office after collection and then you will be shown up to a room you can use. Please note however, that we cannot supervise your children during the meeting, so they would have to either go home, go in Jo Joes, or could be in the meeting room with you, sat at a separate table.

This initial meeting will be chaired by Sharon Fairclough (Lilly's mum). I will recommend that any outcomes from this meeting are shared with all parents so that you are informed of any suggestions.

Kind regards

Mr Turner
