At Singers Company, this is our mission. **We believe that there is beauty and value in EACH and EVERY voice.** We believe that when girls feel confident & empowered they make better decisions, look for the good in others and grow up to be strong women. Singers Company provides a non-competitive opportunity for girls to perform, a fun way to inspire confidence, make friends and share joy through music & dance. These young girls develop talents and skills that last a lifetime.

**Distribution of these materials is in no way an endorsement of services, activities, and/or products by the Logan City School District.*
