1. Little Hypocrite

Well come on (come on, come on) just admit it (come on, come on)
Let me know you're committed

Such a big act for a little hypocrite
Such a big act for a little hypocrite
Little Hypocrite

Well come on (come on, come on)
We all know (come on, come on)
All that talk is just for show

Such a big act for a little hypocrite
Such a big act for a little hypocrite
Little Hypocrite

Stop pretending, stop pretending, you're only fooling yourself
Stop pretending, stop pretending, you're only fooling yourself

Come on (come on, come on)
You're a fake (come on, come on)
You're a slithering snake

Such a big act for a little hypocrite
Such a big act for a little hypocrite
Little Hypocrite

Stop pretending, stop pretending, you're only fooling yourself
Stop pretending, stop pretending, you're only fooling yourself

I see through your lies, little hypocrite
A flimsy disguise, little hypocrite
We finally got wise to you, hypocrite

It's over, it's over

Little Hypocrite- Sharif, Dave, Rikki, Alice
Backing Vocals- Chelsea, Abby, Genevieve

2. He's So Sorry

Are you really going back to him?
He said he was sorry.
He always says that!
I really believe him this time.

Boo hoo, he started to cry
Bam, came the punch to the eye
You provoke him he says
Don't you know how he gets?

Thud, when your head hits the wall
Oh no, you're starting to fall
Why do you push him away?
You know you want him to stay

'Cause you love him and he's sorry (he's so sorry)
He won't do it no more
You really want to believe him cause he's sorry (he's so sorry)
Much more than before

He's so sorry, he's so sorry

Crack, boots and your ribs collide
Quietly bleeding inside
And as you fade from the scene
You can hear the sirens scream

But you love him and he's sorry (he's so sorry)
He won't do it no more
You really want to believe him cause he's sorry (he's so sorry)
Much more than before

He's so sorry, he's so sorry

How many times do you touch a hot stove to see if a flame will burn?
(How many times?)
How many times must he beat you senseless, oh baby when will you learn?

You better get out! (Better get away, better get away!)
Get out now

Just because he's sorry doesn't mean he's gonna change
Just because you love him doesn't mean you've gotta stay

He's So Sorry- Kristian, Abby, Joe, Alice
Backing Vocals-Chelsea, Genevieve, Lysa

3. Programmed

Drifting back to my days at school
where I was treated like a fool
I memorized what the teacher said
No one ever asked what was in my head

I learned to color in the lines

I learned to spit back all the lies
Their values and their history
were deposited in me

We're on an ocean and the boat is sinking
No knowledge without critical thinking

Education be damned we are being programmed!
Education be damned we are being programmed!

I shine a light that's not reflected
Yes, I have got my own perspective

Fuck your Scantron tests and drills!
I'm not a vessel to be filled!
I'll shove a number 2 pencil in your eye
if you refuse to step aside!

We're on an ocean and the boat is sinking
No knowledge without critical thinking

Education be damned we are being programmed!
Education be damned we are being programmed!

I shine a light that's not reflected
Yes, I have got my own perspective

Programmed-Sharif, Dave, Rikki, Alice
Backing Vocals- Cristina, Allison, Mecca

4. Suburban Home

Our marriage is a well oiled machine
The moving parts are felt but unseen
We spin in synchronicity
The us where I used to be

Stepping out of our suburban home into the blinding light
Sunglasses on, I pull my jacket tight
It's sunny but the chill will bite
It's sunny but the chill will bite

I call him but he's in a meeting
He says he'd never think of cheating
While dinner grows cold on his plate
Another night of working late

Stepping out of our suburban home into the blinding light
Sunglasses on, I pull my jacket tight
Oh it's sunny but the chill will bite

It's sunny but the chill will bite

What's wrong with me?
The future never looked so bright
These clouds in me, they make it rain all through the night
Yes, it rains all through the night

Those dreams of ours
We chased them and we caught them too
Is there a chance that maybe they caught me and you?
Maybe they caught me and you.

Stepping out of our suburban home into the blinding light
Sunglasses on I pull my jacket tight
It's sunny but the chill will bite
It's sunny but the chill will bite

Suburban Home-Kristian, Abby, Joe, Tylana, Alice
Backing Vocals, Chelsea, Genevieve

5. The Touch I Crave

You say I'm bad
You say I'm dirty
And for this sin that I'm committing
That God will punish me

The touch I crave
(Depraved)
The touch I crave
(Depraved)

Guess I was damned
From the beginning
'Cause when I do what feels right
You tell me that I'm sinning

The touch I crave
(Depraved)
The touch I crave
(Depraved)

(You're sick, sick, sick)
I know you hate me
(You're sick, sick, sick)
You'll never break me
(You're sick, sick, sick)
You'll never make me sick like you!

You're full of anger
You're in the dark
But you'll never soil
The contents of my heart

The touch I crave
(Depraved)
The touch I crave
(Depraved)
The touch I crave's the touch I crave...

The Touch I Crave-Sharif, Dave, Candace, Alice
Vocals- Abby, Chelsea, Genevieve

6. Poisoned Seed

There was a time this land could yield a fruitful bounty
And amber waves of grain could inspire a song
But the winds of change have blown
And things have gone terribly wrong

Tossed from his hands, scattered on the land
He had the harvest carefully planned

I'm not going to water the poisoned seed
I'm not going to water the poisoned seed
I'm not going to water the poisoned seed

Flying on a breeze, spreading the disease
He's gonna squeeze 'em 'til they bleed

I'm not going to water the poisoned seed
I'm not going to water the poisoned seed
I'm not going to water the poisoned seed

I'd rather be to my neck in weeds!

Oh yeah those heirlooms were like gems
But now it's coming to an end

I'm not going to water the poisoned seed
I'm not going to water the poisoned seed
I'm not going to water the poisoned seed

Oh we were blind, trusted in the science
Planted the crop and fell in line

I'm not going to water the poisoned seed
I'm not going to water the poisoned seed

I'm not going to water the poisoned seed

I'd rather be to my neck in weeds!
I'm not going to water the poisoned seed!

Poisoned Seed-Sharif, Dave, Candace, Alice

7. No, Means No!

Ow! Ow! Ow!

She wears stilettos and a tight, tight skirt
She smiles at you, she's such a flirt

But no, no, no, means no!
No, no, no means no!

You paid for dinner, she ate dessert
Those tender kisses they made you hurt

But no, no, no, means no!
No, no, no means no!

You were both drinking, you walked her home
She let you in, you were alone

She passed out, you pressed your luck
But she pressed charges when she woke up
You stupid fuck! No means no!
You stupid fuck! No means no!

Now in the court room, the judge walk in
She wears stilettos, ironic spin
You plead for mercy and leniency
But she responds "That could be me!"

And she says
No, no, no, means no!
No, no, no means no!

No, means no! Ow! Ow!
No, means no! Ow! Ow!

No Means No-Sharif, Dave, Rikki, Alice
Backing Vocals- Allison, Mecca, Cristina, Genevieve

8. Weigh About You

You've got a weigh about you
You tend to drag everything down

You coax the rain out of the clouds
You tug at smiles until they're frowns
'Cause you've got a weigh about you

You've got a weigh about you
You turn a silver lining grey
You tug the fabric to it frays
You can turn sweetness into decay
'Cause you've got a weigh about you

It pains me to admit
You're a habit I can't quit
It makes me sad to be with you
It makes me sad to be with you
'Cause you've got a weigh about you

You've got a weigh about you
You turn a clear thought to confusion
You turned my song into a dirge
You turned my love into a scourge
'Cause you've got a weigh about you

Weigh About You-Kristian, Abby, Joe, Tylana, Alice
Vocals- Chelsea, Genevieve

9. Modern Day Virgin Sacrifice

Study your reflection
Looking for perfection
But a sharp appraisal will reveal
That you have fallen short of the ideal

I can tell you now, I can tell you now
That road will get you lost
I can tell you now, I can tell you now
It isn't worth the cost

You're indoctrinated
A monster must be sated
And you my little lamb, my little girl
Are ripe to feed the greed of this old world

I can tell you now, I can tell you now
That road will get you lost
I can tell you now, I can tell you now
It isn't worth the cost

Look at you, sugar and spice
A modern day virgin sacrifice

Look beyond the mirror
Time to face the fear
You must see their deception
Recognize your perfection

I can tell you now, I can tell you now
That road will get you lost
I can tell you now, I can tell you now
It isn't worth the cost

Little girl take some advice
Don't be a modern day virgin sacrifice

Modern Day Virgin Sacrifice-Sharif, Dave, Candace, Alice
Vocals- Allison, Cristina, Mecca, Lysa

10. Incorporeal Life

Imagination's boundless, it's a wonderful ride
But you have been pulled in by its hypnotic tide

Fearless avenger or stealthy spy
A masked crusader in your in-cor-po-real life

Say "see you later" to your incorporeal life (ahh, ahh)
Say "see you later" to your incorporeal life (ahh, ahh)
Say "see you later" to your in-cor-po-real life

You live light years from here in another world
So deep in a fantasy but you're a real live girl

Fearless avenger or stealthy spy
A masked crusader in your in-cor-po-real life

Say "see you later" to your incorporeal life (ahh, ahh)
Say "see you later" to your incorporeal life (ahh, ahh)
Say "see you later" to your in-cor-po-real life

Go on indulge your senses (lower defenses)
Skip the simulation
Dare to live in your body (you won't be sorry)
It's a thrilling sensation

Todo lo que quieres ser
Todo lo que puedes ver en tu soñar
Lo puedes realizar
La vida es para gozar

Fearless avenger or stealthy spy
A masked crusader in your in-cor-po-real life

Say "see you later" to your incorporeal life (ahh, ahh)

11. Inesperado Adiós

No te despediste, no te dieron tiempo
Fuiste volando como hoja en el viento
Saliste de casa, como cualquiera día
No sospechaba aun que yo te perdía

Pero este inesperado adiós
Es un castigo para dos
El que se va y el que se esta quedando
Y tengo ganas de gritar
Yo ya me canso de aguantar
Esta injusticia nos está matando

Bajo una ventana con barras de acero
Veo las estrellas y les cuento mi anhelo
Regresar a casa con los que yo quiero
Vivir sin fronteras como aves en vuelo

Pero este inesperado adiós
Es un castigo para dos
El que se va y el que se esta quedando
Y tengo ganas de gritar
Yo ya me canso de aguantar
Esta injusticia nos está matando

En este lugar que habiamos llamado hogar
Siempre fuimos sombras entre los escombros
Con sangre y sudor dimos lo que había que dar
Se fue levantando sobre nuestros hombros

Siento que hasta el sol se niega a brillar
Y este planeta se va a congelar

Pero este inesperado adiós
Es un castigo para dos
El que se va y el que se esta quedando
Y tengo ganas de gritar
Yo ya me canso de aguantar
Esta injusticia nos está matando

Inesperado Adios-Vaneza, Candace, Lysa, Cesar, Sharif

Backing Vocals- Lysa, Genevieve
