May 2, 2016

Greetings Club Members and Friends,

I guess we must pay for that beautiful March weather as April turned out to be a so/so month for golf. It started out pretty mild and dry and ended up quite cool and wet but we can't complain because we finally got the much needed rain that Jimmy was hoping for.

Please come out and participate in Club dinners, events, and golf. All scheduled golfing events are listed at the end of every Nittany Notices and News email and if more information is needed for any event, please contact the Pro Shop at 814-383-2611.

Listed below are some updates and reminders for the coming month.

REMINDER FROM THE GREENS AND GOLF COMMITTEE:

As we move into the thick of the golf season, the Green/Golf Committee would like to encourage everyone to take care of our gem of a golf course by reminding you of several items when playing.

1. Please utilize golf cart paths around the greens and tees
2. Rake traps after playing from the hazards and leave rakes in the traps
3. Repair all ball marks and if possible, repair another 2 or more.
4. Maintain pace of play. Keep up with the group in front of you and always be courteous to those around you.
5. Please park to the left of #3 green and come down the hill along the Gerber property to avoid being struck from a ball coming up the hill.
6. Always sign in at the pro shop so we can accurately track amount of play.
7. Replace all divots or fill divots with sand.

Thanks for making Nittany CC a great place to be a member and to play the game we love!

ONE TIME/TWO INSTALLMENT SPECIAL ASSESSMENT: As approved by the Board and discussed at the Annual Meeting, to meet the Club expenses for 2016 members will be receiving the first of two installments of \$50 each of the \$100 total special assessment with your April billing. The second installment of \$50 will be in the July billing.

Committee Chairs have been appointed and they are as follows:

Property – Chet Workman & Joe Fulcher

Greens and Golf – Jerry Fisher

Membership – Scott Webster, assisted by Sally Fletcher and Pete Brown

Pool – Drew Curtin

Safety - Pete Brown

House - Irv Witonsky

Long Term Planning – Dallas Gallo

Computer and Electronic Communications Support – Terry Corl

Entertainment – Chet Workman & Drew Curtin

Finance Committee – Mike Gerber

If you have any issues you would like to address in any of these categories please contact the appropriate committee chair(s).

RECYCLING EFFORTS: As you know we've begun a recycling effort. However our trash haulers will not pick up the recycled cans and bottles if trash is included in the bins or if tobacco or other nefarious products are spit into the cans or bottles. Please put only empty can and bottles into the recycling bins.

GHIN SYSTEM: It's been reported that there have been some issues with the mobile phone-based GHIN system and the GHIN website says it's "under construction". The Website and the Pro Shop programs are fine to use for posting of all scores.

A brief update on Scott Frey's condition. He's had a successful surgery and is back to work and appears to be handling his chemo quite well. Best wishes for a complete and quick recovery for Scott. Bill Workman informed me that the fund raiser for Scott has reached it's goal (and then some) of covering his large deductible of \$6000. Bill will be closing the fund in another week and a final tally will be forthcoming. The generosity of the members of this club is truly quite remarkable.

Best Regards,
Mike Gerber, President
