

A FLOW CHART OF OIL PROFITS IN CONGO

THE NATIONAL CONGRESS FOR DEMOCRACY

Denis Sassou Nguesso has been a ruthless dictator in Congo-Brazzaville for 35 years. He is now trying to extend his bloody rule by changing the constitution so he can remain in power **FOREVER**

A French oil company pumps Congo's off shore oil

That company pays Congo - Brazzaville **** Billion Euros a ****

The National Congress for Democracy is a group of concerned people living all over the world who want to see a positive change in Congo-Brazzaville and for the country along with the rest of Africa to reach its full potential and for its people to live peaceful fulfilling lives.

WHAT HAPPENS CURRENTLY

That money is stolen by the Nguesso Administration

The money is used to finance:

Expensive trips for him and his entourage

Mansions in Paris

An army used to intimidate and oppress his people

To create a better educated & healthier community.

Brings clean water and electricity to rural communities

Creates hundreds of well paid long term jobs for Congolese

WHAT SHOULD HAPPEN

That money is controlled by the Congolese Government

The money is used to finance:

Schools and Clinics

Infrastructure

Safety and Defense

To reform the Police and Military to protect and serve the community (not intimidate)

Creates better transportation systems for trade and commerce.
