

# QUENTIN BACON PHOTOGRAPHY

## STYLE GUIDE

### Options

Wear professional attire that allows options. For example, wear a blouse or shirt that can be photographed with or without a suit jacket or cardigan.

Coordinating colors and textures photograph well and produce a positive vibe to your persona. Avoid all white or all black. Contrasting colors and textures help keep your overall body from locking up into one mass.

Be yourself. If you don't wear a suit and tie to the office, don't wear one to your portrait.

### Accessorize

Don't forget to accessorize. Jewelry, watches, scarves and bold ties add a style and interest to your overall look.

### Cosmetics

Women's cosmetics are always best when emphasizing their day-time look.

Shiny complexion and some moisturizers can create issues with lighting. If possible, please use less moisturizer. We will have tissue on hand for everyone to "blot" away any shine.

### Posing

We will guide you through a series of poses designed to create energy and presence to your overall look as well as address compliment your facial structure, and body type.
