Majestic Skies

Crochet Motif Shawl
by Kristin Omdahl

While this beautiful crochet motif would be gorgeous in a solid color, Kristin has taken it to another level with 4 gorgeous colors! In this pattern she will show you how to take a square motif, join it together to create a fabric, manipulate it to create triangle motifs in rounds AND rows, and even create an edging ALL WITHIN the same stitch pattern. And what a stunning shawl that results!

Watch the tutorial videos on Kristin's YouTube Channel for more support.

Thank you for choosing to knit and crochet Kristin Omdahl patterns!

I know that you have thousands of choices for buying yarn and body care products. I want you to know what makes MY products special, and feel good about shopping the Kristin Omdahl brand.

Kristin Omdahl products have a heart! That's right, a portion of every sale supports the charity I established: Project Kristin Cares.

I am a survivor of domestic violence, a hugely hidden problem in our society. You, or someone you know, has been affected by it, or is still suffering now. Statistics show that 1 in 3 women, and 1 in 4 men have been victims of domestic violence during their lifetimes. But becaue it is so rarely discussed, I always felt like I was alone. One of the worst parts for me was that feeling of lonliness and having a dirty secret that had to be hidden.

Through my charity, Project Kristin Cares, we can make a difference in the lives of people who have been affected by domestic violence. I want to share the message that victims are not at fault, not alone and should not be embarrassed to share their stories.

Kristin Omdahl products are beautiful, thoughtful and valuable. But even more importantly, every time you purchase a product from my company, a portion of the sale supposrts Project Kristin Cares. Please help me knock out domestic violence, one sale at a time.

xoxo, Kristin
