Solid Surfaces

ABOUT STARON®

Staron® Solid Surfaces created by technology leader Samsung, is manufactured from a natural mineral refined from bauxite and blended with pure acrylic resin. Staron® Solid Surfaces are suitable not only for commercial projects, but for endless applications around the home including kitchens, bathrooms and laundries.

Flexible in Design

With a range of over 80 colours to select from, Staron® offers the most extensive range of solid surface in Australia. Staron® is both aesthetically and functionally pleasing. It can be thermoformed into flowing curves or sculpted into any shape imaginable. The flexibility of Staron® extends to limitless edge profiles, drop down edges, splashbacks and tile coves. Selected Staron® colours are also translucent and can be backlit to bring your design to life.

Repairable, Hygienic & Durable

The non-porous nature of Staron® provides a surface that no stain can penetrate - providing a durable benchtop that is hygienic and easy to clean. Staron® is also repairable and renewable. Even after years of use it can simply be sanded, thus restored back to its original condition. Staron® does not have any finishing polishes or sealers applied, it is the same solid material throughout its thickness. Because of this nature, every wipe to your benchtop will rejuvenate the surface.

Seamless

Staron® is seamless - it creates long and wide continuing surfaces with no open or conspicuous joins. With a collection of integrated Staron® kitchen sinks and vanity bowls - a seamless benchtop space can be created. No dirt trapping joints or crevices to clean, just one continuous surface that looks and performs like one piece.

Samsung 10-Year Limited Warranty

Staron® is an affordable quality solid surface backed by a Samsung 10-Year Warranty for peace of mind. Staron® is a homogeneous and solid mineral-filled acrylic polymer material so that it is easy and convenient to care for and maintain. Simple routine maintenance is required to keep it looking new and fresh. For full warranty details, and to register your warranty visit www.staron.com.au.

SEAMLESS DURABLE CREATIVE

Staron® is virtually seamless. Joined with a special Staron® adhesive – it creates long and wide continuing surfaces with no open or visible joints making it the perfect surface solution for the most used material in the kitchen - the benchtop.

With a selection of four single and three double kitchen sinks – a seamless and totally integrated kitchen benchtop space can be created. You can even create your own design to fit the specific needs of your project. No dirt trapping joints or crevices to clean, just one continuous surface that looks and acts like one piece.

The renewable nature of Staron® means that after years of use, the surface can be sanded, restoring it back to its original condition. Due to its nature, every wipe to the kitchen benchtop will rejuvenate the surface. Whites will stay white due to the non-porous nature as no stain is ever permanent, as well as a strong and renowned UV stability.

Staron® is kinder on dishes and quieter when it comes to impact of glasses, crockery and cutlery. It also doesn't chip, so the material will maintain its look for many years. When most other materials need replacing, Staron® continues to perform.

Staron® can be used in endless applications throughout a house or apartment environment. Extend Staron® past the benchtop into the splashback for an integrated finish. Other design options such as integrated heatrods, drainers and endless edge profiles are also available. The possibilities are endless, and the ideas are only limited by your creativity.

BATHROOM

Create a warm and tranquil bathroom environment that will transform into a sanctuary. Use Staron® to create formed vanity bowls, vanity tops, walls, floors, shelving and bath tubs.

With a seamless finish, Staron® provides a continuous surface with no open joints. Use one of three standard vanity bowls - or push the boundaries of design by creating a custom vanity space. Use long drop down edges and curves for a dramatic elegance that is unique in design and function.

Use Staron® to create a thermoformed bathtub that will feature as an art-like structure in the bathroom. Continue Staron® to the bath surrounds for an integrated look that is easy to maintain.

Combined with a Staron® vanity top, a high use wet area will be totally renewable. With a large selection of colours to select from, Staron® will suit any taste. Non-porous in nature, no stain can penetrate into the material - providing a functionally and aesthetically pleasing surface.

Imagine a bathroom with no grout lines! Staron® wall paneling provides a smooth and seamless finish with no dirt-trapping crevices, no mould and no mildew. Staron® prevents the growth of bacteria or mould making cleaning easy along with healthy living and creative design possibilities.

ENDLESS POSSIBILITIES

The durable and non-porous nature of Staron® makes it the perfect solution for any room in the home. Staron® can be used in the laundry as durable and seamless work tops. It can also be used as furniture including dining tables, side and coffee tables, even seating.

The renewable nature of Staron® also means that the surface can easily be buffed after years of use - extending the life of your application and ensuring it always looks good, even in a busy family home.

The use of Staron® for furniture can also extend into the home office to create integrated desks. Make interesting designs by routing or carving into the surface, inlay multiple colours of Staron®, or extend Staron® to interesting table bases for an integrated look.

Create chairs, cabinets, storage solutions, shelving and unlimited other applications. If you can dream it, you can create it with Staron®.

 - 4. Dining table top and chairs in Staron® colour: Bright White.

Staron® wall cladding continues to integrated thermoformed desk space also in Staron®. Colour: Bright White. Design by Simone Micheli.

STARON® SHAPE OPTIONS

Standard Staron® Edge Profiles

The following edge profiles are amongst the most popular. Staron® offers the design flexibility and freedom to create your own custom and personalised edge profile. Ask your Staron® supplier about more edge profile options available. Most benchtops in Staron® are a standard 38mm thick, however the flexibility of Staron® means that any benchtop thickness can be created with minimal effort, and staying within your budget. Many other materials only offer a 20mm standard thickness.

Integrated Heat Rods

Fully integrated into Staron® - heat rods offer a permanent place for hot pots and pans to rest. The rods also lift for easy cleaning.

Integrated Drainer

Fully integrated into the Staron® benchtop - a drainer can be fabricated next to your sink for a clean look that is easy to maintain. Ask your Certified Staron® Fabricator about the design options available.

Sinks available in colour Bright White. Pearl available by special order. A1181 and A3181 standard colours include: Bright White and Pearl. All dimensions listed are internal measurements. For all other full sink measurements visit www.staron.com.au *650mm benchtop width required. ^Right sink is deeper than left sink. Depth shown is the measurement of the deeper sink.

Staron® standard integrated A3181 vanity bowl in Bright White.

TILE COVE & SPLASHBACK

Extend your benchspace to continue to the sink, splashback and even clad to your cabietry for an integrated and monolithic finish that continues with no open joins. A tile cove offers a smooth and clean finish at the back of your benchtop, where the benchtop meets the splashback. A 10mm tile cove will eliminate dirt and germ crevices and allow a smooth join to your splashback. Add a Staron® splashback for a seamless kitchen benchtop with no open joins.

BENCHTOP COMPARISON

Staron® has unique performance properties. When you are researching your benchtop surface take into consideration that the benchtop is one of the most used materials in the kitchen. Therefore, your benchtop choice should offer beauty and function. Here is a comparison of benchtop materials:

| SURFACE | NON-POROUS | RENEWABLE | SEAMLESS | UV STABILITY | HYGIENE |
|------------------------|------------|-----------|----------|--------------|---------|
| Staron® Solid Surfaces | ✓ | ✓ | ✓ | ✓ | ✓ |
| Laminate | ✗ | ✗ | ✗ | ✗ | ✓ |
| Marble | ✗ | ✗ | ✗ | ✓ | ✗ |
| Reconstituted Stone | ✗ | ✗ | ✗ | ✗ | ✓ |
| Stainless Steel | ✓ | ✗ | ✗ | ✓ | ✓ |
| Tiles | ✓ | ✗ | ✗ | ✓ | ✗ |
| Timber | ✗ | ✓ | ✗ | ✗ | ✗ |
| Granite | ✗ | ✗ | ✗ | ✓ | ✗ |

ENVIRONMENTAL SUSTAINABILITY

Staron® is non-toxic creating a safe environment for nature, people and animals. It has GREENGUARD Indoor Air Quality Certification, and also meets the more stringent GREENGUARD for Children & Schools Certification. The renewable nature of Staron® also extends its life span creating less need for waste.

The **Encore Collection** offers a selection of colours with a **guaranteed percentage of pre-consumer recycled resin and chip content** for heightened sustainability in design. The below 18 colours have been certified by Scientific Certification Systems, a leader in certifying independent environmental claims - recognising Staron® for the use of recycled material.

SIMPLE CLEANING

Most dirt and stains are easily cleaned by using warm soapy water or an ammonia-based cleanser. For a deep clean, use a white Scotch-Brite® pad and an abrasive cleanser such as Jif - and clean in a circular motion. Complete the clean by wiping with a soft damp cloth. These steps will rejuvenate the surface, buff away fine scratches, and keep your Staron® surface looking fresh and clean for many years to come. Detailed information about caring for Staron® can be found at www.staron.com.au

TEMPEST

The Colours of Staron® Solid Surfaces: The common group names used on all the colours of Staron® represent the price range that each colour is in. From most expensive to most affordable the price ranges are in order by: 1. Tempest 2. Mosaic, Metallic, Talus, Pebble, Aspen 3. Sanded 4. Solid - plain colours 5. Bright White. The printed colours of Staron® are representations only. Please see a product sample to ensure you are happy with your colour selection. Colours that display the symbol are a part of the 'Encore Collecton' and contain a guaranteed percentage of pre-consumer recycled resin and chip content. For more information on the Encore Collection, view page 13. Darker colours may show every day wear and tear, including light scratching, more readily in high use horizontal areas (eg.kitchen benchtop). To ensure we meet your expectations, customers should be aware of the extra care needed. Scratching is not considered a product defect and hence not covered by the 10 year warranty. These colours are marked with an asterisk (*). Colours marked with a ^ symbol must be checked for availability with Austaron Pty Ltd. All colours available in 12mm thickness. Bright White & Pearl available in 6mm & 19mm.
