

GLOBAL EDUCATION FORUM

OCTOBER 13-15, 2016

EXHIBIT AT THE 2016 GLOBAL EDUCATION FORUM

The Global Education Forum has served as a meeting place for innovators, leaders and influencers in the field of K-12 and higher education. In 2015, over 400 educators from around the world convened at the Global Education Forum to discuss how to best prepare students with skills and knowledge to be successful in the 21st century.

At the Global Education Forum you will find the leaders of the Global Education movement including higher education professionals, K-12 teachers and administrators, education policy makers, and decision makers in the public and private education sector. The goal of Global Education is to equip all students to be successful in a 21st century global economy. These change makers influence thousands of students domestically and internationally.

You're invited to meet the leaders in Global Education and join us as an exhibitor at the exclusive Global Education Forum expo luncheon. This unique event is the only place where you have exposure to global educators from across the country.

WHY EXHIBIT AT THE GLOBAL EDUCATION FORUM?

- ▶ You will directly engage with the **decision makers** of classrooms, schools, higher education institutions, non-profits, and private corporations.
- ▶ The **diversity of global education leaders** includes administrators, university representatives, teacher leaders, researchers, curriculum developers, and executives with **influence** over their colleagues' and students' participation and purchasing choices.
