

NEBBIOLO

CANAVESE DOC NEBBIOLO

Growing nebbiolo in our land requires great expertise and knowledge of every single particle of land.

While most of today's nebbiolo vineyards are in a guyot style, in the past many original training systems were devised.

Harvesting in October and containing production yields helps obtaining grapes rich in noble compounds that give life to an elegant, long lasting wine.

Our nebbiolo wine ages in large oak barrels for 18 to 24 months.

Grapes

100% nebbiolo

Colour

Red with deep tinges, ruby red rim.

Nose

Refined, elegant, with long lasting classic varietal sensations and light spicy notes.

Palate

Good varietal tannins, long lasting finish full of ripe fruit and red rose sensations.

Food Pairings

A natural choice with meat dishes, it is excellent also with seasoned cheese.
