

LENOX HILL NEIGHBORHOOD HOUSE

OUR IMPACT

Lenox Hill Neighborhood House has addressed the root causes and consequences of poverty and inequality since 1894, focusing our integrated efforts on the East Side of Manhattan to assist 15,000 New Yorkers in need each year. Our award-winning human services dramatically improve the lives of preschoolers and centenarians, the newest New Yorkers and life-long residents, families who are struggling and adults with mental illness.

We devise effective solutions that work in the real world and which meet the existing and emerging needs of our clients because outcomes matter. Every day, we measure our effectiveness and efficiency, drive continuous improvement and achieve the best possible results for our clients. On our own and in collaboration with academic experts, we measure not just the numbers but our true results—one client at a time, one program at a time.

OUR PROGRAMS SERVE 15,000 NEW YORKERS ANNUALLY
