Internal Review Success Rates

- **14 cycles: 2011 – June 2015**
 - K01/K23/K08: 10/13 (77%)
 - K99: 3/3 (100%)
 - R's: 4/5 (80%)
 - K/R combined: 81% (17/21)
 - Applications having two submissions for the same project are only counted once (per NIH).
 - Applications are not counted until results from the second submission are known, or if funded on the first submission.
- **National Average (NINDS, 2014):**
 - K08 = 33%; K23 = 29%; K99 = 20%; R01 = 16%
(K01's at NINDS are for minorities only and not included here)
