CHAC is currently looking for a Part Time Clinical Supervisor for the MFT Program, 20-32 hours weekly in the Mountain View office.

Tasks:

- Provides individual supervision, 1-2 hours per week, per interns/trainees.
- Provides group supervision of interns/trainees, 2-4 hours per week.
- Includes in supervision: case presentations, verbal consultations on cases, taping and/or live supervision, assessment, diagnosis, treatment planning, and legal/ethical issues.
- Oversees client record-keeping of interns/trainees.
- Reviews and signs forms required by licensing boards.
- Evaluates interns/trainees as required by their academic institutions.
- Conducts assessment interviews of new clients, including setting client financial obligations (if doing intakes).
- Participates in clinical staff meetings relating to assignment of new clients to interns and other client/intern/counseling issues.
- Meets with clients of interns being supervised, if needed.
- Handles crisis calls as needed, in rotation with other clinicians.

Required Qualifications:

- Ability to relate with empathy to issues of supervisees.
- Knowledge of all professional and legal requirements relating to intern training.
- Capacity to relate intern supervision to CHAC’s overall role in the community.
- 2+ years of experience in providing clinical supervision to graduate students in individual and group formats.

Preferred Qualifications:

- Experience with graduate students beginning their clinical training in a community mental health setting.
- Knowledge of appropriate literature and training resources to design a training curriculum for beginning students in a supervision group.

Skills/Attributes:

- Ability to relate with empathy to issues of supervisees.
- Knowledge of all professional and legal requirements relating to intern training.
- Capacity to relate intern supervision to CHAC’s overall role in the community.
- Must have excellent attendance and punctuality, collegial and diplomatic behavior at work, and work performance to the satisfaction of management, and essential functions of the position.
**Specific Knowledge, Skills and Abilities:**

- Strong knowledge of clinical diagnosis, case formulation, treatment planning, and crisis intervention.
- Clear understanding of Child Abuse Reporting laws and homicidal/suicidal risk assessment protocols.
- Thorough knowledge of the CAMFT Ethical Principles and related California psychology law.
- Familiarity with clinical documentation standards and clinical record-keeping guidelines.
- Ability to work with beginning student clinicians and provide sensitive feedback in supportive ways.
- Ability to establish and maintain effective working relationships with all levels of CHAC employees and external partnerships.
- Ability to work independently within a dynamic team environment with multiple priorities.
- Ability to work independently and as part of a team and take on new tasks that may have a high level of complexity.
- Ability to implement change and process improvements.

**Experience and Education:**

MA, MS, Ph.D., or LCSW in counseling, psychology, clinical social work. License in the appropriate discipline, member of CAMFT or APA. Minimum two years experience licensed in the field.

Diverse candidates are encouraged to apply. CHAC is an Equal Opportunity Employer and is committed to creating a diverse educational environment in which inclusion and equity are promoted.
