Everyone deserves to be noticed, heard, and helped

Since 1973, Community Health Awareness Council (CHAC), a nonprofit agency, has served as the mental health safety net for our community. CHAC’s programs reflect what we believe in most: the value of each individual, the importance of family, and the necessity of community. Our clinical services include multi-lingual, multi-cultural counseling; substance misuse/abuse treatment and prevention; and Family Resource Centers to facilitate more effective parenting. We are continually adding programs to promote inclusion, belonging, and cultural diversity in our dynamic community.

Additionally, in 35 schools across four school districts, CHAC’s skilled clinicians are there to support the psychological and emotional well-being of students. We provide crisis and grief counseling for grades K-12 as well as innovative social-emotional learning programs to help students succeed at various points during their elementary and middle school journeys. Our “integrated care” approach facilitates academic success and has a ripple effect: Happier children lead to happier families, happier classmates and teachers, and ultimately, happier, healthier, and safer communities.

Clinical services are provided on a sliding scale fee payment plan, and all CHAC school programs are provided free of charge to students and their families.

Invest in the Future of Our Community

Bay Area businesses are well-positioned to improve the quality of life for our community’s most vulnerable individuals. By supporting CHAC, you help create healthier individuals, families, and communities; give young people the greatest chance for success; and show your customers, clients, and shareholders that your company cares not only about its bottom line, but about helping to solve social problems.

Benefits of Partnership

CHAC is eager to collaborate with our partners and spread the word at community and agency events, on our website, and through social media. Your unique corporate culture will help us determine new ways to engage your company and its employees with our agency and the students and families we serve.

Contact Development Director Lyn Balistreri at lyn.balistreri@chacmv.org or (650) 965-2020, ex. 120 to learn more about corporate engagement opportunities.
