

## DITTO'S FURNITURE PICKUP PROGRAM

---

### **Ditto offers complimentary furniture pick-ups the second Saturday of each month!**

This service is only for larger items or for donors unable to deliver their donations. Email Ditto's Store Manager Deborah Shields at [dshields@dittostl.com](mailto:dshields@dittostl.com) with questions or to request placement on the schedule. Please include your name, contact information, address, and list of items for pick up. Pickup schedules will be filled on a first come, first served basis for those living within a 30-mile radius of the store. Please note, our once-a-month pick-ups typically take place the second Saturday of each month, but can vary depending on the availability of our truck driver.

**Why furniture makes a difference:** The profit margin on furniture is much greater than on home goods and clothing. So please consider donating the sideboard collecting dust in your basement, the bedroom set your teenager outgrew long ago, or the living room set you inherited that doesn't suit your style. Not only will you gain precious space, you'll bless Ditto's member schools and customers in the process! Tax receipts are available for all donations.

**We gratefully accept:** Kitchen and dining room tables and chairs, couches, upholstered and decorative chairs, buffets, coffee and side tables, headboards, dressers, mirrors, bookcases, desks, chests, lamps, anything antique, and more! The style isn't as important as the quality. The more solid a piece, the more desirable it is to our customers. However, pieces requiring only a simple paint job or some reupholstering can also be in demand. **Please note, upon pick up, Ditto has the right to refuse items it deems unsellable due to damage we cannot easily repair.**

**Thank you, but we must decline:** Large entertainment cabinets, large televisions and stereos, mattresses, computers, speakers, large exercise equipment, mattresses, and cribs and car seats (the latter two due to new federal consumer protection rules).
