## Private Events at The Treasury

Behold The Treasury – an **elegant cocktail bar and lounge** located in the heart of **San Francisco's bustling Financial District**.

Formerly the home of the original Standard Oil Company, the **historic 1916 Beaux Arts space** has a rich history and exquisite design with refined detailing that creates the perfect setting for both **corporate events and social gatherings for up to 100 guests**.

Guests will enjoy **lighthearted craft cocktails and chef-caliber bar bites**, served with warm hospitality by a highly experienced team of culinary and cocktail veterans. The Treasury will gladly **customize food and beverage menus**, and design signature cocktails and bites for your event.

Equally suited for a **cocktail soiree, after-party destination, or weekend wedding reception**, the **1,500 square-foot space** boasts floor to ceiling windows, double-height ceilings, and a **lush style inspired by Parisian bistros and Victorian décor**. Seating options create a variety of places for guests to gather; saddle up to the dramatic curved soapstone bar with its folded brass façade, take a seat at a tall marble cocktail table, or nestle into the lounge area featuring leather couches and smoked mirrored coffee tables. The festivities will be illuminated by The Treasury's ornate glass chandelier, stained glass globes, and jewelry-inspired pendants suspended above the monumental bar, connected by strands of brass beads.

The Treasury can accommodate a full range of event types including **large-party reservations** (min. 8 guests), **partial buyouts for up to 60 guests**, or **full space buyouts**.

The Treasury is available for morning meetings, afternoon luncheons, evening cocktail receptions, late night after parties, and weekend wedding receptions. The FiDi location makes it an **exceptional option for weekend events**.
