**District 25
Community Resource Guide

and Wayne Counties**

Missouri Reentry Process

The mission of the local Missouri Reentry Process (MRP) teams is to assist with the successful integration of offenders into our communities, resulting in partnerships to re-incarceration and improve public safety in the State of Missouri.

The goal of the Missouri Reentry Process is to prepare offenders returning to the community to be productive citizens. 97% of all current inmates in Missouri will eventually be released back into our communities.

The Missouri Reentry Process is designed to assist ex-offenders and their families in accessing services that have been proven to greatly reduce the recidivism rate.
