CABEI CENTRAL AMERICAN FUND PLC

A company incorporated with limited liability as an open-ended umbrella investment company with variable capital under the laws of Ireland with registered number 303448

PROSPECTUS

This Prospectus is dated 4 December 2019

The Directors of the Company, whose names appear in the section entitled Directors of the Company below accept responsibility for the information contained in this Prospectus. To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure such is the case), the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information. The Directors accept responsibility accordingly.

A&L Goodbody
INTRODUCTION

The information contained in this Prospectus, or any document referred to in it, is not to be construed as legal, tax or investment advice. If you are in any doubt about the information contained in those documents, you should consult your stockbroker, bank manager, solicitor, accountant or other independent financial adviser.

CABEI Central American Fund plc (the Company)

Defined terms used in this Prospectus shall have the meanings attributed to them in the Definitions section below.

This Prospectus describes CABEI Central American Fund plc (the Company), an open ended umbrella investment company with variable capital incorporated on 12 March 1999 under the Companies Act. The Company is authorised by the Central Bank pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (S.I. No. 352 of 2011) as amended, supplemented or consolidated from time to time (the EU UCITS Regulations). This authorisation however, does not constitute a warranty by the Central Bank as to the performance of the Company and the Central Bank shall not be liable for the performance or default of the Company. Authorisation of the Company is not an endorsement or guarantee of the Company by the Central Bank nor is the Central Bank responsible for the contents of the Prospectus.

The Company is structured as an open-ended umbrella investment company. As at the date of this Prospectus, the Company has one Fund, namely the CABEI Central American Portfolio. Shares representing interests in different Funds of the Company may be issued from time to time by the Directors. Within each Fund, the Directors may issue Shares or more than one class of Shares. All Shares of each class will rank pari passu. A separate portfolio of assets will be maintained for each Fund (and accordingly not for each class of Shares) and will be invested in accordance with the investment objective and strategies applicable to the particular Fund.

On the introduction of any new Fund (for which prior Central Bank approval is required) or any new class of Shares (which must be issued in accordance with the requirements of the Central Bank and notified to and cleared in advance by the Central Bank), the Company will prepare and will issue an updated Prospectus to include the relevant details of each such Fund or new class of Shares as the case may be.

Distribution of this Prospectus is not authorised in any jurisdiction unless accompanied by a copy of the then latest annual report and audited accounts of the Company and, if published after such report, a copy of the then latest semi-annual report and unaudited accounts. Such reports and this Prospectus together form the prospectus for the issue of Shares in the Company.

Restrictions on Distribution and Sale of Shares

The distribution of this Prospectus and the offering or purchase of Shares may be restricted in certain jurisdictions and, accordingly, persons into whose possession this Prospectus comes are required to inform themselves about, and to observe, such restrictions. This Prospectus does not constitute, and may not be used for the purpose of, an offer or solicitation in any jurisdiction or in any circumstances.
in which such offer or solicitation is unlawful or not authorised or in which the person making such offer or solicitation is not qualified to do.

The Company may make application to register and distribute its Shares in a number of EU and non-EU jurisdictions. Local regulations may require the appointment of paying/facilities agents and the maintenance of accounts by such agents through which subscription and redemption monies may be paid. Investors who choose or are obliged under local regulations to pay/receive subscription/redemption monies via an intermediary rather than directly to the Depositary bear a credit risk against that intermediate entity with respect to (a) subscription monies prior to the transmission of such monies to the Depositary and (b) redemption monies payable by such intermediate entity to the relevant investors.

Shares are offered only on the basis of the information contained in the current Prospectus. The Company's annual and half yearly reports are incorporated by reference. They are available on request from the Company. No person has been authorised to issue any advertisement or to give any information, or to make any representations in connection with the offering, placing, subscription or sale of Shares other than those contained in the current Prospectus and, if issued, given or made, such advertisement, information or representations must not be relied upon as having been authorised by the Company.

The Directors have the power to impose restrictions on the holding of Shares directly or indirectly by (and consequently to redeem Shares held by) such persons or entities as described under the Mandatory Redemptions section of this Prospectus.

Risk Factors

Investors should read and consider the section of this Prospectus entitled Risk Factors before investing in the Company.

Potential investors should be aware that the value of Shares and the income therefrom, in common with other shares or units, may fall as well as rise. There is no assurance that the investment objective of a Fund will actually be achieved. The difference at any one time between the issue and redemption price of Shares means that an investment in a Fund should be viewed as medium to long term.

The Directors are permitted to impose a Preliminary Charge of up to 5% of the issue price per Share. A Redemption Charge of up to 3% of the Redemption Price per Share may also be imposed. In the event that such charges are imposed, the difference at any time between the sale and repurchase price of Shares means that any investment in the Fund should be viewed as medium to long term.

Shareholders should note that where there is not sufficient income or capital gains to cover the fees and expenses of a Fund that all/part of such fees and expenses may be charged to the capital of such Fund. This may have the effect of lowering the capital value of your investment so that income will be achieved by foregoing the potential for future capital growth.

A Fund may invest substantially in deposits or money market instruments in accordance with its investment objective and policy. In such instance, an investor should be aware of the difference in nature of a deposit and the nature of an investment in the relevant Fund, as the principal invested in the relevant Fund is capable of fluctuation.

The CABEI Central American Portfolio may invest more than 30% of its Net Asset Value in securities which are below investment grade and may invest more than 20% of its Net Asset Value in emerging markets and accordingly investment in the Portfolio should not constitute a substantial portion
of an investor’s investment portfolio and may not be an appropriate for all investors. Investors should also be aware of the potential for high volatility within the Portfolio.

Reliance on this Prospectus

This Prospectus and any other documents referred to in it should be read in their entirety before making an application for Shares. Statements made in this Prospectus are based on the laws and practice in force in Ireland at the date of Prospectus which may be subject to changes. Neither the delivery of this Prospectus or Key Investor Information Document nor the offer, placement, allotment or issue of any of the Shares shall under any circumstances create any implication or constitute a representation that the information given in this Prospectus or Key Investor Information Document is correct as of any time subsequent to the date this Prospectus or Key Investor Information Document. This Prospectus and/or Key Investor Information Document may from time to time be updated and intending subscribers should enquire of the Administrator as to the issue of any later versions or as to the issue of any reports and accounts of the Company.

The contents of this Prospectus are not intended to contain and should not be regarded as containing advice relating to legal, taxation, investment or any other matters. Each prospective investor must rely upon such investor’s own representatives, as to legal, economic, tax and related aspects of the investment described herein and as to its suitability for such investor.

Prospective investors should inform themselves as to (a) the legal requirements within their own jurisdictions, (b) any exchange control requirements and foreign exchange restrictions, (c) the income and other tax consequences and (d) any other governmental or other consents or formalities which may apply in their own jurisdictions and which might be relevant to the purchase, holding or disposal of Shares.

This Prospectus may be translated into other languages. Any such translation shall only contain the same information and have the same meanings as this English language document. To the extent that there is any inconsistency between this English language document and the document in another language, this English language document shall prevail except to the extent (but only to the extent) required by the laws of any jurisdiction where the Shares are sold so that in an action based upon disclosure in a document of a language other than English, the language of the document on which such action is based shall prevail.

All Shareholders are entitled to the benefit of, are bound by and are deemed to have notice of the provisions of the Constitution, copies of which are available as mentioned herein.

The Company is required to and will comply with the Central Bank UCITS Regulations.

As at the date of this Prospectus, the Company does not have any outstanding mortgages, charges, debentures, or other borrowings, including bank overdrafts and liabilities made under acceptance credits, obligations made under finance leases, hire purchase commitments, guarantees or other contingent liabilities.

This Prospectus shall be governed by and construed in accordance with Irish law.

The offering or purchase of shares may be restricted in certain jurisdictions and, according to persons in whose possession this Prospectus comes are required to inform themselves about, and to observe such restrictions.

This Prospectus does not constitute, and may not be used for the purpose of, an offer or solicitation in any jurisdiction or in any circumstances in which such offer or solicitation is unlawful or not authorised or in which the person making such offer or solicitation is not qualified to do.
Shares are offered only on the basis of the information contained in the current Prospectus. The Company's annual and half yearly reports are incorporated by reference and are available on request as further described in the section entitled Documents Available for Inspection in this Prospectus. No person has been authorised to issue any advertisement or to give any information, or to make any representations in connection with the offering, placing, subscription or sale of Shares other than those contained in the current Prospectus and, if issued, given or made, such advertisement, information or representations must not be relied upon as having been authorised by the Company.

The Directors have the power to impose restrictions on the holding of Shares directly or indirectly by (and consequently to redeem Shares held by) such persons or entities as described under the Mandatory Redemptions section of this Prospectus.

The information below is for general guidance only. It is the responsibility of any person in possession of this Prospectus wishing to apply for Shares to inform themselves of, and to observe, all applicable laws and regulations of any relevant jurisdiction. Prospective applicants for Shares should also inform themselves of any applicable exchange control regulations and applicable taxes in the countries of their respective citizenship, residence and/or domicile.

Profile of a Typical Investor

The CABEI Central American Portfolio is suitable for investors who are prepared to accept, in normal market conditions, a medium to high degree of volatility of Net Asset Value from time to time and is suitable as an investment in a well-diversified portfolio.

Restrictions

CAYMAN ISLANDS INVESTOR PROHIBITION: THIS PROSPECTUS SHALL NOT CONSTITUTE AN INVITATION TO THE PUBLIC IN THE CAYMAN ISLANDS TO SUBSCRIBE FOR ANY OF THE COMPANY’S SHARES.

U.S. INVESTOR PROHIBITION: THE SHARES OF THE COMPANY OFFERED THEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933 (THE "SECURITIES ACT") OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES. ACCORDINGLY, THE SHARES MAY NOT BE OFFERED, SOLD, TRANSFERRED, PLEDGED, DELIVERED OR OTHERWISE DISPOSED OF, IN WHOLE OR IN PART, DIRECTLY OR INDIRECTLY, IN THE UNITED STATES OR TO ANY U.S. PERSON. THE TERM "UNITED STATES" MEANS THE UNITED STATES OF AMERICA (INCLUDING THE STATES AND THE DISTRICT OF COLUMBIA), ITS TERRITORIES AND ITS POSSESSIONS, AND THE TERM "U.S. PERSON" SHALL HAVE THE MEANING PRESCRIBED IN REGULATION S UNDER THE SECURITIES ACT AND THUS SHALL INCLUDE (I) ANY NATURAL PERSON RESIDENT IN THE UNITED STATES; (II) ANY ESTATE OF WHICH ANY EXECUTOR OR ADMINISTRATOR IS A U.S. PERSON; (IV) ANY TRUST OF WHICH ANY TRUSTEE IS A U.S. PERSON; (V) ANY AGENCY OR BRANCH OF A FOREIGN ENTITY LOCATED IN THE UNITED STATES; (VI) ANY NON-DISCRETIONARY ACCOUNT OR SIMILAR ACCOUNT (OTHER THAN AN ESTATE OR TRUST) HELD BY A DEALER OR OTHER FIDUCIARY FOR THE BENEFIT OR ACCOUNT OF A U.S. PERSON; (VII) ANY DISCRETIONARY ACCOUNT HELD BY A DEALER OR OTHER FIDUCIARY ORGANISED OR SIMILAR ACCOUNT (OTHER THAN AN ESTATE OR TRUST) HELD BY A DEALER OR OTHER FIDUCIARY ORGANISED, INCORPORATED, OR (IF AN INDIVIDUAL) RESIDENT IN THE UNITED STATES; AND (VIII) ANY PARTNERSHIP OR CORPORATION ORGANISED OR INCORPORATED UNDER THE LAWS OF ANY FOREIGN JURISDICTION, UNLESS IT IS ORGANISED OR INCORPORATED, AND OWNED BY ACCREDITED INVESTORS (AS DEFINED IN RULE 501(A) UNDER THE SECURITIES ACT) WHO ARE NOT NATURAL PERSONS, ESTATES OR TRUSTS.
OR ANY PERSON FALLING WITHIN THE DEFINITION OF U.S. PERSON UNDER FATCA. SEE "ELIGIBLE INVESTORS." THE COMPANY ALSO WILL NOT BE REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940 (THE "1940 ACT").

U.K. INVESTOR PROHIBITION: THIS PROSPECTUS IS BEING DISTRIBUTED TO RECIPIENTS ONLY ON THE BASIS THAT EACH RECIPIENT IN THE UNITED KINGDOM TO WHOM THIS PROSPECTUS IS ISSUED IS A "PERSON" (1) OF A KIND DESCRIBED IN SECTION 21 OF THE FINANCIAL SERVICES AND MARKETS ACT, 2002; OR (2) TO WHOM THIS PROSPECTUS MAY OTHERWISE LAWFULLY BE DISTRIBUTED.

THE SHARES OFFERED HEREBY MAY NOT BE OFFERED OR SOLD IN THE UNITED KINGDOM, BY MEANS OF THIS OR ANY OTHER DOCUMENT, OTHER THAN TO PERSONS WHOSE ORDINARY BUSINESS IT IS TO BUY OR SELL SECURITIES, WHETHER AS PRINCIPAL OR AGENT (EXCEPT IN CIRCUMSTANCES WHICH DO NOT CONSTITUTE AN OFFER TO THE PUBLIC WITHIN THE MEANING OF THE COMPANIES ACT 1985). THE COMPANY IS AN UNREGULATED COLLECTIVE INVESTMENT SCHEME IN THE UNITED KINGDOM, AND ITS PROMOTION BY AUTHORISED PERSONS IN THE UNITED KINGDOM IS THEREFORE RESTRICTED BY SECTIONS 238 AND 240 OF THE FINANCIAL SERVICES AND MARKETS ACT 2000 (THE FSMA). IN ACCORDANCE WITH THE FSMA, THIS PROSPECTUS IS ONLY DIRECTED AT PERSONS (PERMITTED PERSONS) WHO ARE (A) OUTSIDE THE UNITED KINGDOM, (B) PERSONS HAVING PROFESSIONAL EXPERIENCE IN MATTERS RELATING TO INVESTMENTS, (C) PERSONS WITHIN ARTICLE 22 OF THE FINANCIAL SERVICES AND MARKETS ACT 2000 (PROMOTION OF COLLECTIVE INVESTMENT SCHEMES) (EXEMPTIONS) ORDER 2001 OR (D) OTHER PERSONS TO WHOM IT MAY BE COMMUNICATED WITHOUT CONTRAVENTION OF SECTIONS 238 AND 240 OF THE FSMA. THE INVESTMENTS TO WHICH THIS PROSPECTUS RELATED ARE ONLY AVAILABLE TO PERMITTED PERSONS AND OTHER PERSONS SHOULD NOT ACT ON IT OR RELY ON IT. THIS PROSPECTUS HAS BEEN ISSUED TO YOU ON THE BASIS THAT YOU FALL WITHIN ONE OF THE CATEGORIES OF SUCH PERSONS. IT IS SENT TO YOU ON THE UNDERSTANDING THAT IT IS FOR YOUR PERSONAL USE AND THAT YOU WILL NOT DISTRIBUTE IT TO ANYONE ELSE. SUCH DISTRIBUTION MAY CONSTITUTE AN OFFENCE UNDER THE FSMA.

HONG KONG INVESTOR PROHIBITION: THIS PROSPECTUS HAS NOT BEEN DELIVERED FOR REGISTRATION TO THE REGISTRAR OF COMPANIES IN HONG KONG AND ACCORDINGLY (1) THE SHARES MAY NOT BE OFFERED OR SOLD IN HONG KONG BY MEANS OF ANY DOCUMENT OTHER THAN TO PERSONS WHOSE ORDINARY BUSINESS IT IS TO BUY OR SELL SECURITIES, WHETHER AS PRINCIPAL OR AGENT, OR IN CIRCUMSTANCES WHICH DO NOT CONSTITUTE AN OFFER TO THE PUBLIC WITHIN THE MEANING OF THE COMPANIES ORDINANCE (CAP. 32 OF THE LAWS OF HONG KONG), AND (2) THE COMPANY HAS NOT, NOR HAS IT AUTHORIZED ANYONE TO, ISSUE AND WILL NOT ISSUE, OR AUTHORIZE ANYONE TO ISSUE, ANY INVITATION OR ADVERTISEMENT RELATING TO THE SHARES IN HONG KONG (EXCEPT AS PERMITTED TO DO SO UNDER THE SECURITIES LAWS OF HONG KONG) OTHER THAN WITH RESPECT TO THE SHARES INTENDED TO BE DISPOSED OF TO PERSONS OUTSIDE HONG KONG OR TO BE DISPOSED OF IN HONG KONG ONLY TO PERSONS WHOSE BUSINESS INVOLVES THE ACQUISITION, DISPOSAL, OR HOLDING OF SECURITIES, WHETHER AS PRINCIPAL OR AS AGENT.

SINGAPORE INVESTOR PROHIBITION: THIS PROSPECTUS HAS NOT BEEN REGISTERED WITH THE REGISTRAR OF COMPANIES IN SINGAPORE. ACCORDINGLY, THIS PROSPECTUS MAY NOT BE CIRCULATED OR DISTRIBUTED IN SINGAPORE NOR MAY ANY OF THE SHARES OFFERED HEREBY BE OFFERED FOR SUBSCRIPTION OR PURCHASE, DIRECTLY OR INDIRECTLY, NOR MAY ANY INVITATION TO SUBSCRIBE FOR OR PURCHASE ANY SUCH SHARES BE MADE, IN SINGAPORE, EXCEPT UNDER CIRCUMSTANCES IN WHICH SUCH OFFER OR SALE DOES NOT CONSTITUTE AN OFFER OR SALE OF SHARES TO THE PUBLIC IN SINGAPORE OR IN WHICH SUCH OFFER OR SALE IS MADE PURSUANT TO, AND IN
ACCORDANCE WITH THE CONDITIONS OF, AN EXEMPTION INVOKED UNDER DIVISION 5A OF PART IV OF THE COMPANIES ACT, CHAPTER 50 OF SINGAPORE AND TO PERSONS TO WHOM SHARES MAY BE OFFERED OR SOLD UNDER SUCH EXEMPTION.

JAPAN INVESTOR PROHIBITION: THE SHARES OFFERED HEREBY HAVE NOT BEEN, NOR WILL THEY BE, REGISTERED UNDER THE SECURITIES AND EXCHANGE LAW OF JAPAN AND MAY NOT BE OFFERED, SOLD OR DELIVERED, DIRECTLY OR INDIRECTLY, IN JAPAN OR TO ANY RESIDENT OF JAPAN, EXCEPT PURSUANT TO AN EXEMPTION AVAILABLE UNDER THE SECURITIES AND EXCHANGE LAW OF JAPAN AND IN ACCORDANCE WITH OTHER APPLICABLE JAPANESE LAWS AND REGULATIONS.

UCITS means an undertaking for collective investment in transferable securities which is authorised under the EU UCITS Regulations or authorised by a competent authority in another Member State in accordance with Council Directive (85/611/EEC) as amended by Council Directives (88/220/EEC), (95/26/EC), (2001/108/EC) and (2001/107/EC), as amended, supplemented, consolidated or otherwise modified from time to time:

(a) the sole object of which is the collective investment in transferable securities and/or other financial instruments of capital raised from the public and which operates on the principle of risk-spreading; and

(b) the shares of which are, at the request of holders, repurchased or redeemed, directly or indirectly, out of that undertaking's assets;

United Kingdom and UK means the United Kingdom of Great Britain and Northern Ireland;
US Dollars, USD, US$ Dollars and $ means the lawful currency of the United States or any successor currency;

Valuation Point means the point in time by reference to which the Net Asset Value of a Fund and the Net Asset Value per Share is calculated and which in relation to the CABEI Central American Portfolio shall be 11:59 pm (Dublin time) on a Dealing Day and provided that the Valuation Point will always be later than the Dealing Deadline.
The Company has adopted an umbrella structure and currently has one Fund, namely the CABEI Central American Portfolio. Each Fund may be differentiated by its specific investment objective, investment policy, currency of denomination or other specific features. A separate pool of assets is maintained for each Fund and is invested in accordance with each Fund's respective investment objective.

Classes

Each Fund may comprise of one or more Classes. The different Classes of Shares within a Fund together represent interests in the single pool of assets maintained for that Fund. As at the date of this Prospectus, the CABEI Central American Portfolio does not operate classes of shares.

Investment Objective and Policies

The investment objective and policies of each Fund will be formulated by the Directors at the time of the creation of that Fund. Details of the investment objective and policies for each Fund of the Company shall be set out herein.

Any change in the investment objective or material change in investment policies of a Fund will be subject to the prior written approval of all Shareholders of the Fund or approval by ordinary resolution passed at a general meeting of the relevant Fund duly convened or held. Subject and without prejudice to the preceding sentence of this paragraph, in the event of a change of investment objective and/or policies of a Fund on the basis of an ordinary resolution passed at a general meeting of the Shareholders of the Fund, a reasonable notification period must be given to each Shareholder of the Fund to enable a Shareholder to have its Shares repurchased prior to the implementation of such change.

In the event of any change to the investment objective or material change to the investment policy of any Fund, this Prospectus will be updated by way of addendum or otherwise.

The Investment Manager has been given full discretion in the investment and reinvestment of the assets of each Fund, provided that it complies with the Fund's investment objective, policies and restrictions in exercising that discretion. Each Fund's asset allocation shall be determined solely by the Investment Manager. Accordingly, the exposure of each Fund to individual issuers, instruments or markets shall be determined from time to time solely by the Investment Manager.

CABEI Central American Portfolio (the Portfolio)

The Portfolio's investment objective is to generate a high real rate of return for investors by investing primarily in the debt securities of issuers located in Central America, as described below.

The Portfolio seeks to achieve this objective by investing primarily in a diversified portfolio of fixed and floating rate securities (including but not limited to bonds, notes, deposits, credit linked deposits, certificates of deposit and debentures) issued by sovereign issuers, their agents and instrumentalities, state-owned issuers slated for privatization, corporate issuers, supranational issuers, quasi-governmental issuers, and any other issuer deemed fit for investment by the Investment Manager. It is the goal of the Portfolio to invest the majority of its assets in Central American countries, such as Guatemala, Honduras, Nicaragua, El Salvador and Costa Rica (which are founding regional members of The Central American Bank for Economic Integration (CABEI)) and the Dominican Republic and
Panama (which are non-founding regional members of CABEI). The foregoing is subject to a number of factors, to include, (i) identifying suitable investment opportunities, (ii) prevailing market conditions, and (iii) the risk/return profile of the Portfolio. With the exception of permitted investments in unlisted securities or in units of open-ended collective investment schemes, investment will be restricted to those stock exchanges and markets (Regulated Markets) listed in Appendix 1 to this Prospectus.

Countries in which the Portfolio may invest include Guatemala, Honduras, El Salvador, Nicaragua, Costa Rica, Mexico, Colombia, Argentina, Panama, the Dominican Republic, Belize, Spain and the Republic of China (which are existing members of CABEI) and any other countries which become members of CABEI and which are deemed fit for investment by the Investment Manager. Subject as provided above and to the investment restrictions below, there will be no limit to the amount or proportion invested in the issuers of any one country and there will be no sectoral bias. The Portfolio will generally be diversified by country, currency and issuer but may hold concentrated positions in currencies, countries and issuers from time to time. In addition, there will be no restriction with respect to the currency of denomination of any of the securities in which the Portfolio may invest.

The Portfolio may invest more than 30% of its Net Asset Value in securities which are below investment grade and may invest more than 20% of its Net Asset Value in emerging markets and accordingly investment in the Portfolio should not constitute a substantial portion of an investor's investment portfolio and may not be an appropriate for all investors. Investors should also be aware of the potential for high volatility within the Portfolio.

The Portfolio will invest in debt securities of varying maturities which may be investment grade or below investment grade or which may not be rated. Rated securities will typically have a rating of B- or better (Fitch or S&P) or B3 or better (Moody’s) at the time of acquisition by the Portfolio. Any investment in unrated securities will be confined to securities which, in the opinion of the Investment Manager, are of comparable quality to investment grade securities at the time of acquisition by the Portfolio. The Portfolio may sell investments without regard to the length of time that they have been held in order to take advantage of new investment opportunities or yield differentials, or because the Portfolio desires to preserve gains or limit losses due to changing economic conditions.

The Portfolio may invest up to 10% of its Net Asset Value in securities issued or guaranteed by CABEI provided such securities are liquid, freely transferable, dealt in on a Regulated Market and are suitable for investment by the Portfolio.

In accordance with paragraph 2.12 of the Investment Restrictions set out below, the Portfolio may invest 100% of its Net Asset Value in transferable securities and money market instruments issued or guaranteed by any public international body in accordance with the requirements of the Central Bank. A supranational issuer is an issuer backed by or jointly owned by more than one national government. Examples of supranational issuers include the International Bank for Reconstruction and Development, the European Investment Bank, the Inter-American Development Bank, the Asian Development Bank and the European Union.

The Portfolio may acquire units of other collective investment schemes provided that not more than 20% of the Net Asset Value of the Portfolio may be invested in such schemes. Such collective investment schemes will have similar investment objectives and policies to the Portfolio. While it is anticipated that the majority of such investments will be made in collective investment schemes which have similar investment objects and policies to the Portfolio, the Portfolio reserves the right to invest in collective investment schemes which have different investment objectives and policies to those of the Portfolio.

Cash held within the Portfolio may be temporarily invested for defensive purposes in securities issued by the U.S. government, its agencies and instrumentalities and/or high grade debt instruments issued by other U.S. issuers and/or held on deposit with U.S banking institutions and/or invested in high grade money market funds subject to the 20% limit referred to above.
The investment process to be adopted by the Investment Manager will be influenced by the prevailing global macro-economic outlook. The Investment Manager considers it possible to deliver consistent positive returns from a portfolio comprised largely of the debt securities of Central American countries by adopting a focused, active top down macro-economic process. The Investment Manager places a strong emphasis on assessing top down fundamental factors affecting debt markets, such as current geo-political issues, inflation, economic growth, interest rates, employment, budget imbalances, supply/demand and bond issuance.

Subject to the Regulations and the conditions of, and within the limits laid down by, the Central Bank, the Portfolio may enter into a number of FDIs for hedging purposes to include: forwards, futures and swaps, further details of which are set out below.

**FX Forwards:** An fx forward is a binding contract in the foreign exchange market that locks in the exchange rate for the purchase or sale of a currency on a future date. An fx forward is essentially a hedging tool that does not involve any upfront payment and the Investment Manager may use them to hedge against movement in the various currencies the securities invested in are denominated.

**Futures:** Futures are contracts to buy or sell a standard quantity of a specific asset (or, in some cases, receive or pay cash based on the performance of an underlying asset, instrument or index) at a pre-determined future date and at a price agreed through a transaction undertaken on an exchange. The sale of a futures contract (including interest rate, index (including credit index), bond and currency futures) creates an obligation by the seller to deliver the type of financial instrument called for in the contract in a specified delivery month for a stated price. The purchase of a futures contract creates an obligation by the purchaser to pay for and take delivery of the type of financial instrument called for in the contract in a specified delivery month, at a stated price. Purchases of futures are used to hedge exposures to bonds and interest rates.

**Forward Contracts:** A forward contract is a non-standardized contract between two parties to buy or to sell an asset at a specified future time at a price agreed upon today. Forward contracts are used in similar way to futures contracts but are traded OTC. Currency forwards (deliverable and non-deliverable) are used to hedge unwanted currency risk. Currency forwards have the risk of the currency exposure in the same way as a regular currency spot transaction. A non-deliverable currency forward, commonly known as an NDF, is a cash-settled currency forward contract which is commonly used hedge exposure to foreign currencies that are not internationally traded.

**Swaps:** Swap agreements, including caps, floors and collars, can be individually negotiated and structured to include exposure to a variety of different types of investments or market factors and are mostly traded on the ‘OTC’ market. Depending on their structure, swap agreements may increase or decrease the overall volatility of the Portfolio’s investments and its share price and yield because, and to the extent, these agreements affect the Portfolio’s exposure to long- or short-term interest rates, foreign currency values, corporate borrowing rates or other factors such as security prices or inflation rates. Swap agreements will tend to shift a Portfolio’s investment exposure from one type of investment to another. For example, if a Portfolio agrees to exchange payments in US Dollars for payments in the currency of another country, the swap agreement would tend to decrease the Portfolio’s exposure to U.S. interest rates and increase its exposure to the other country’s currency and interest rates. Caps and floors have an effect similar to buying or writing options.

A non-exchange traded swap is a contract in which the counterparties entering into the contract agree to exchange the cash flows of one party’s financial instrument for those of the other party’s financial instrument.

Interest rate swaps may be used to limit or manage exposure to fluctuations in interest rates, or to adjust interest rate exposures at the individual country and aggregate Portfolio levels, while allowing for more precise yield curve positioning.
The Company does not currently use financial derivative instruments and a Risk Management Process (RMP) will be submitted to, and cleared by, the Central Bank prior to the Company engaging in financial derivative instrument transactions. If additional types of FDI are to be used by the Portfolio, a revised RMP shall be submitted to and cleared by the Central Bank in advance of the Portfolio utilising such instruments and this Prospectus will be updated accordingly. The use of FDI introduces an additional exposure of counterparty risk to the Portfolio, although this is controlled and monitored according to the diversification and concentration requirements of the Regulations. The use of such FDI will not change the objective of the Portfolio or add supplementary risks in comparison to the original risk policy of the Portfolio.

Any FDI used by the Portfolio will be solely used for hedging purposes. Hedging is a technique used for minimising an exposure created from an underlying position by counteracting such exposure by means of acquiring an offsetting position. The positions taken for hedging purposes will not be allowed to exceed materially the value of the assets that they seek to offset. Where the Portfolio enters into OTC FDI transactions, they will only be executed with approved counterparties and will at all times be governed by a legally enforceable bilateral ISDA and an accompanying Credit Support Annex.

To the extent that the Portfolio uses FDI, there may be a risk that the volatility of the Portfolio’s Net Asset Value may increase. However, the Portfolio is not expected to have an above average risk profile as a result of use of FDI. The global exposure of the Portfolio will be calculated using the absolute value at risk (VaR) approach and further information is described in the RMP. It is expected that the Portfolio will periodically incur leverage up to a maximum rate of 200% of its Net Asset Value through FDI. Leverage is calculated as the sum of the notional values of the FDI. The market risk of the Portfolio will be assessed within the regulatory limits specified in the RMP using a risk management technique known as absolute VaR. The daily VaR of the Portfolio is calculated to ensure that it does not exceed 4% of the Portfolio’s Net Asset Value calculated using a historical simulation approach. Where FDI is used by the Portfolio, the Investment Manager shall employ a RMP which enables it to accurately measure, monitor and manage the various risks associated with FDI. On request, supplementary information will be provided to Shareholders relating to the risk management methods employed including the quantitative limits that are applied and any recent developments in the risk and yield characteristics of the main categories of investment. Investors should refer to the section entitled "Risk Factors" for information in relation to the risks associated with the use of FDI.

Investment Restrictions

The investment restrictions for each Fund will be formulated by the Directors at the time of the creation of the Fund. The Constitution provides that investments may only be made as permitted by the Constitution and the Regulations. In any event, each Fund will comply with the Central Bank UCITS Regulations.

The following general investment restrictions apply to each Fund save to the extent that such restrictions are expressly or implicitly not applied in accordance with the requirements of the Central Bank.

Permitted Investments

1. Investments of a Fund must be confined to:

1.1. Transferable securities and money market instruments which are either admitted to official listing on a stock exchange in a Member State or non-Member State or which are dealt on a market which is regulated, operates regularly, is recognised and open to the public in a Member State or non-Member State and is listed in Appendix I;
1.2. Recently issued transferable securities which will be admitted to official listing on a stock exchange or other market (as described above) within a year;

1.3. Money market instruments, as defined in the EU UCITS Regulations, i.e., instruments normally dealt in on the money markets which are liquid and have a value that can be accurately determined at any time, other than those dealt in on a Regulated Market;

1.4. Shares or units of UCITS;

1.5. Shares or units of Alternative Investment Funds (AIFs)

1.6. Deposits with credit institutions; and

1.7. FDI as prescribed in the Central Bank UCITS Regulations.

2. Investment Limits

2.1. A Fund may invest no more than 10% of its Net Asset Value in transferable securities and money market instruments other than those referred to in paragraph 1 above.

2.2. Recently Issued Transferable Securities

2.2.1. Subject to paragraph 2.2.2 the Fund shall not invest any more than 10% of its Net Asset Value in securities of the type to which Regulation 68(1)(d) of the EU UCITS Regulations apply. Regulation 68(1)(d) applies to recently issued transferable securities provided that the terms of issue include an undertaking that an application will be made for admission to official listing on a stock exchange or to another regulated market which operates regularly and is recognised and open to the public and is listed in Appendix 1, and the admission is secured within a year of issue.

2.2.2. Paragraph 2.2.1 does not apply to an investment by a Fund in US Securities known as "Rule 144 A securities" provided that:

(1) the relevant securities have been issued with an undertaking to register the securities with the U.S. Securities and Exchange Commission within 1 year of issue; and

(2) the securities are not illiquid securities i.e. they may be realised by the Fund within 7 days at the price, or approximately at the price, which they are valued by the Fund.

2.3. A Fund may invest no more than 10% of its Net Asset Value in transferable securities or money market instruments issued by the same body provided that the total value of transferable securities and money market instruments held in the issuing bodies in each of which it invests more than 5% is less than 40%.

2.4. Subject to the prior approval of the Central Bank, the limit of 10% (as described in paragraph 2.3) is raised to 25% in the case of bonds that are issued by a credit institution which has its registered office in a Member State and is subject by law to special public supervision designed to protect bond-holders. If a Fund invests more than 5% of its Net Asset Value in these bonds issued by one issuer, the total value of these investments may not exceed 80% of the Net Asset Value of the Fund.

2.5. Subject to prior approval of the Central Bank the limit of 10% (as described in paragraph 2.3) is raised to 35% if the transferable securities or money market instruments are issued or
guaranteed by an EU Member State or its local authorities or by a non-Member State or public international body of which one or more Member States are members.

2.6. The transferable securities and money market instruments referred to in paragraphs 2.4. and 2.5 shall not be taken into account for the purpose of applying the limit of 40% referred to in paragraph 2.3.

2.7. A Fund may not invest more than 20% of its Net Asset Value in deposits made with the same credit institution.

Deposits or cash booked in accounts and held as ancillary liquidity shall only be made with a credit institution which is in one of the categories, set out in Regulation 7(2) of the Central Bank UCITS Regulations being; credit institutions authorised in an EEA Member State or credit institutions authorised within a signatory state (other than an EEA Member State) to the Basle Capital Convergence Agreement of July 1988 or credit institutions in a third country deemed equivalent pursuant to Article 107(4) of the Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012.

Cash booked in accounts and held as ancillary liquidity with the same credit institution shall not exceed 20% of the Net Asset Value.

2.8. The risk exposure of a Fund to a counterparty to an OTC derivative may not exceed 5% of its Net Asset Value. This limit is raised to 10% in the case of a credit institution authorised in the EEA, credit institutions authorised within a signatory state (other than an EEA Member State) to the Basle Capital Convergence Agreement of July 1988 or a credit institution authorised in Jersey, Guernsey, the Isle of Man, Australia or New Zealand.

2.9. Notwithstanding paragraphs 2.3, 2.7 and 2.8 above, a combination of two or more of the following issued by, or made or undertaken with, the same body may not exceed 20% of a Fund's Net Asset Value:

2.9.1. investments in transferable securities or money market instruments;

2.9.2. deposits, and/or

2.9.3. counterparty risk exposures arising from OTC derivatives transactions.

2.10. The limits referred to in paragraphs 2.3, 2.4, 2.5, 2.7, 2.8, and 2.9 above may not be combined, so that exposure to a single body shall not exceed 35% of a Fund's Net Asset Value.

2.11. Group companies are regarded as a single issuer for the purposes of paragraphs 2.3, 2.4, 2.5, 2.7, 2.8 and 2.9 above. However, a limit of 20% of the Net Asset Value may be applied to investment in transferable securities and money market instruments within the same group.

2.12. A Fund may invest up to 100% of its Net Asset Value in different transferable securities and money market instruments issued or guaranteed by any Member State, its local authorities, non-Member State or public international body of which one or more Member States are members. The individual issuers may be drawn from the following list:

2.12.1. OECD Governments (provided the relevant issues are investment grade),

2.12.2. Government of the People's Republic of China,

2.12.3. Government of Brazil (provided the issues are of investment grade),
2.12.4. Government of India (provided the issues are of investment grade),
2.12.5. Government of Singapore,
2.12.6. European Investment Bank,
2.12.7. European Bank for Reconstruction and Development,
2.12.8. International Finance Corporation,
2.12.9. International Monetary Fund,
2.12.10. Euratom,
2.12.11. The Asian Development Bank,
2.12.12. European Central Bank,
2.12.13. Council of Europe,
2.12.14. Eurofima,
2.12.15. African Development Bank,
2.12.16. International Bank for Reconstruction and Development (The World Bank),
2.12.17. The Inter American Development Bank,
2.12.18. European Union,
2.12.19. Federal National Mortgage Association (Fannie Mae),
2.12.20. Federal Home Loan Mortgage Corporation (Freddie Mac),
2.12.21. Government National Mortgage Association (Ginnie Mae),
2.12.22. Student Loan Marketing Association (Sallie Mae),
2.12.23. Federal Home Loan Bank,
2.12.24. Federal Farm Credit Bank,
2.12.25. Tennessee Valley Authority,
2.12.26. Straight-A Funding LLC,
2.12.27. Export-Import Bank,

The Fund must hold securities from at least 6 different issuers with securities from any one issuer not exceeding 30% of its Net Asset Value.

3. **Investment in other collective investment schemes**

3.1. A Fund may not invest more than 20% of its Net Asset Value in any one CIS.

3.2. Investment in AIFs may not, in aggregate, exceed 30% of the Fund’s Net Asset Value.
3.3. The CIS in which a Fund invests are prohibited from investing more than 10% of its Net Asset Value in other open-ended CIS.

3.4. When a Fund invests in the shares or units of other CIS that are managed, directly or by delegation, by any other company with which the Company is linked by common management or control, or by a substantial direct or indirect holding, that other company may not charge subscription, conversion or redemption fees on account of the Fund's investment in the shares or units of such other CIS.

3.5. Where by virtue of investment in the units of another investment fund, the Company, the Investment Manager or an investment advisor receives a commission on behalf of the Fund (including a rebated commission), the Company shall ensure that the relevant commission is paid into the property of the Fund.

3.6. Investment by a Fund in another Fund of the Company is subject to the following additional provisions:

3.6.1. investment must not be made in a Fund which itself holds Shares in another Fund within the Company; and

3.6.2. the investing Fund may not charge an annual management fee in respect of that portion of its assets invested in other Funds within the Company. This provision is also applicable to the annual fee charged by the Investment Manager where such fee is paid directly out of the assets of the Fund.

4. Index Tracking UCITS

4.1. A fund of the Company may invest up to 20% of its Net Asset Value in shares and/or debt securities issued by the same body where the investment policy of that fund is to replicate an index which satisfies the criteria set out in the Central Bank UCITS Regulations and is recognised by the Central Bank.

4.2. The limit in 4.1 may be raised to 35%, and applied to a single issuer, where this is justified by exceptional market conditions.

5. General Provisions

5.1. The Company, the Investment Manager or an investment advisor (as applicable) acting in connection with all of the CIS it manages, may not acquire any shares carrying voting rights which would enable it to exercise significant influence over the management of an issuing body.

5.2. A Fund may acquire no more than:

5.2.1. 10% of the non-voting shares of any single issuing body;

5.2.2. 10% of the debt securities of any single issuing body;

5.2.3. 25% of the units of any single CIS;

5.2.4. 10% of the money market instruments of any single issuing body.

The limits laid down in paragraphs 5.2.2, 5.2.3 and 5.2.4 above may be disregarded at the time of acquisition if at that time the gross amount of the debt securities or of the money market instruments, or the net amount of the securities in issue cannot be calculated.
5.3. Paragraphs 5.1 and 5.2 shall not be applicable to:

5.3.1. transferable securities and money market instruments issued or guaranteed by a Member State or its local authorities;

5.3.2. transferable securities and money market instruments issued or guaranteed by a non-Member State;

5.3.3. transferable securities and money market instruments issued by public international bodies of which one or more Member States are members;

5.3.4. shares held by a Fund in the capital of a company incorporated in a non-Member State which invests its assets mainly in the securities of issuing bodies having their registered offices in that non-Member State, where under the legislation of that non-Member State such a holding represents the only way in which the Fund can invest in the securities of issuing bodies of that non-Member State. This waiver is applicable only if in its investment policies the company from the non-Member State complies with the limits laid down in 2.3 to 2.11, 3.1, 3.2, 5.1, 5.2 and paragraphs 5.4, 5.5 and 5.6 and provided that where these limits are exceeded, paragraphs 5.5 and 5.6 below are observed;

5.3.5. shares held by an investment company or investment companies in the capital of subsidiary companies carrying on only the business of management, advice or marketing in the country where the subsidiary is located, in regard to the repurchase of units at unit-holders’ request exclusively on their behalf.

5.4. A Fund need not comply with the investment restrictions herein when exercising subscription rights attaching to transferable securities or money market instruments which form part of their assets.

5.5. The Central Bank may allow recently authorised funds to derogate from the provisions of paragraphs 2.3 to 2.12, 3.1, 3.2, 4.1 and 4.2 for six months following the date of their authorisation, provided they observe the principle of risk spreading.

5.6. If the limits laid down herein are exceeded for reasons beyond the control of the Company, or as a result of the exercise of subscription rights, the Fund must adopt as a priority objective for its sales transactions the remedying of that situation, taking due account of the interests of its shareholders.

5.7. The Company may not carry out uncovered sales of:

5.7.1. transferable securities;

5.7.2. money market instruments1;

5.7.3. units of CIS; or

5.7.4. financial derivative instruments.

5.8. A Fund may hold ancillary liquid assets.

1 Any short selling of money market instruments by UCITS is prohibited.
6. **Financial Derivative Instruments (FDIs)**

6.1. A Fund’s global exposure (as prescribed in the Central Bank UCITS Regulations) relating to FDI must not exceed its total Net Asset Value.

6.2. Position exposure to the underlying assets of FDI, including embedded FDI in transferable securities or money market instruments, when combined where relevant with positions resulting from direct investments, may not exceed the investment limits set out in the Central Bank UCITS Regulations. (This provision does not apply in the case of index based FDI provided the underlying index is one which meets with the criteria set out in the Central Bank UCITS Regulations).

6.3. A Fund may invest in FDI dealt in over-the-counter (OTC) provided that the counterparties to the OTC transactions are institutions subject to prudential supervision and belonging to categories approved by the Central Bank.

6.4. Investment in FDI are subject to the conditions and limits laid down by the Central Bank.

**Cross Investment**

Subject to the investment restrictions set out at paragraph 3 above and subject to the Company establishing further Funds in accordance with the requirements of the Central Bank, a Fund may invest in another Fund provided that:

1. investment may not be made in a Fund which itself holds Shares in other Funds;
2. the rate of the annual management fee charged to investors in the investing Fund in respect of that portion of the investing Fund’s assets invested in other Funds shall not exceed the rate of the maximum annual management fee which investors in the investing Fund may be charged in respect of the balance of the investing Fund’s assets, such that there shall be no double charging of the annual management fee to the investing Fund as a result of its investments in other Funds of the Company. This provision is also applicable to the annual fee charged by the Investment Manager where their fees are paid directly out of the assets of the Company.

**Borrowing and Lending Powers and Restrictions**

The Company may borrow up to 10% of a Fund’s Net Asset Value at any time and the Depositary may charge the assets of such Fund as security for any such borrowing, provided that such borrowing is only for temporary purposes.

**Changes to Investment and Borrowing Restrictions**

It is intended that the Company shall have the power (subject to the prior approval of the Central Bank) to avail itself of any change in the investment and borrowing restrictions specified in the Regulations which would permit investment by the Company in securities, derivative instruments or in any other forms of investment in which investment is at the date of this Prospectus restricted or prohibited under the Regulations.

**Collateral Policy**

In order to reduce its exposure to any counterparty through the use of OTC derivatives a Fund may adopt collateral arrangements, as more particularly described below.

1. **Collateral received must at all times meet with the following criteria:**
1.1. Liquidity

Collateral received, other than cash, should be highly liquid and traded on a regulated market or multilateral trading facility with transparent pricing in order that it can be sold quickly at a price that is close to its pre-sale valuation. Collateral that is received should also comply with the provisions of Regulation 74 of the EU UCITS Regulations.

1.2. Valuation

Collateral that is received should be valued on at least a daily basis and assets that exhibit high price volatility should not be accepted as collateral unless suitably conservative haircuts are in place.

1.3. Issuer Credit Quality

Collateral received should be of high quality. Where the issuer is subject to a credit rating by an agency registered and supervised by ESMA that rating shall be taken into account in the credit assessment process. Where an issuer is downgraded below the two highest short-term credit ratings by the credit rating agency referred to above this shall result in a new credit assessment being conducted of the issuer by the Company without delay.

1.4. Correlation

Collateral received should be issued by an entity that is independent from the counterparty. There should be a reasonable ground to expect that it would not display a high correlation with the performance of the counterparty.

1.5. Diversification (Asset Concentration)

1.5.1. Subject to sub-paragraph 1.5.2 below, collateral should be sufficiently diversified in terms of country, markets and issuers with a maximum exposure to a given issuer of 20 per cent of the Net Asset Value. When the Company is exposed to different counterparties, the different baskets of collateral should be aggregated to calculate the 20 per cent limit of exposure to a single issuer.

1.5.2. The Company may be fully collateralised in different transferable securities and money market instruments issued or guaranteed by an EU Member State, one or more of its local authorities, a third country, or a public international body to which one or more Member States belong. The Company should receive securities from at least 6 different issues, but securities from any single issue should not account for more than 30 per cent of the Net Asset Value. If the Company intends to be fully collateralised in securities issued or guaranteed by an EU Member State this should be disclosed in the prospectus of the Company. The Company should also identify the Member States, local authorities, or public international bodies or guaranteeing securities which they are able to accept as collateral for more than 20 per cent of their Net Asset Value.

1.6. Immediately Available

Collateral received should be capable of being fully enforced by the Company at any time without reference to or approval from the counterparty.

2. If the Company enters into FDIs, the Company will adopt a RMP and will ensure that such RMP identifies, manages and mitigates risks linked to the management of collateral, including operational risks and legal risks.
3. **Receipt of Collateral**

3.1. Where the Company receives collateral on a title transfer basis it shall ensure that that collateral is held by the Depositary.

3.2. Where the Company receives collateral on any basis other than a title transfer basis, that collateral may be held by a third party depositary provided that that depositary is subject to prudential supervision and is unrelated and unconnected to the provider of the collateral.

4. **The Company shall not sell, pledge or re-invest the non-cash collateral received by the Company.**

5. **Where the Company invests the cash collateral received by the Company, such investments shall only be made in one or more of the following:**

5.1. a deposit with a credit institution which is within one of the following categories:

   5.1.1. a credit institution authorised in the EEA;

   5.1.2. a credit institution authorised within a signatory state, other than a Member State of the EEA, to the Basle Capital Convergence Agreement of July 1988; or

   5.1.3. a credit institution in a third country deemed equivalent pursuant to Article 107(4) of the Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012.

5.2. a high-quality government bond;

5.3. a reverse repurchase agreement, provided the transaction is with a credit institution referred to in paragraph 5.1 above and the Company is able to recall at any time the full amount of cash on an accrued basis; or

5.4. a short-term money-market fund as defined in the ESMA Guidelines on a Common Definition of European Money-Market Funds (Ref: CESR/10-049).

6. **Where the Company invests the cash collateral received by the Company:**

6.1. that investment shall comply with the diversification requirements applicable to non-cash collateral; and

6.2. invested cash collateral shall not be placed on deposit with the counterparty or with any entity that is related or connected to the counterparty.

7. **The Company shall ensure that, where the Company receives collateral for at least 30 per cent of its assets:**

7.1. there is in place a stress testing policy that prescribes the components set out in paragraph 8 below; and

7.2. stress tests are carried out regularly under normal and exceptional liquidity conditions to enable the Company to assess the liquidity risk attached to the collateral.

8. **The components of the stress-testing policy to which paragraph 7 above refers are:**
8.1. the design of stress test scenario analysis including calibration, certification and sensitivity analysis;

8.2. the empirical approach to impact assessment, including back-testing of liquidity risk estimates;

8.3. the reporting frequency and the threshold(s) for limits and losses; and

8.4. the mitigation actions to be taken to reduce loss including haircut policy and gap risk protection.

9. The Company shall, in accordance with paragraph 10 below, establish and ensure adherence to a haircut policy, adapted for each class of assets received as collateral.

10. The requirements to which paragraph 9 above refer are:

10.1. when devising the haircut policy, the Company shall take into account the characteristics of the assets, such as the credit standing or the price volatility, as well as the outcome of the stress tests performed in accordance with Regulation 21 of the Central Bank UCITS Regulations;

10.2. the Company shall document the haircut policy; and

10.3. the Company shall justify and document each decision to apply a specific haircut or to refrain from applying any haircut, to any specific class of assets.

11. Where a counterparty to a repurchase or a securities lending agreement, which has been entered into by the Company:

11.1. was subject to a credit rating by an agency registered and supervised by the European Securities and Markets Authority that rating shall be taken into account by the Company in the credit assessment process; and

11.2. where a counterparty is downgraded to A-2 or below (or comparable rating) by the credit rating agency referred to in sub-paragraph 11.1 above this shall result in a new credit assessment being conducted of the counterparty by the Company without delay.

12. The Company shall ensure that it is at all times able to recall any security that has been lent out or to terminate any securities lending agreement to which it is party.

Dividend Policy

The Directors decide the dividend policy and arrangements relating to each Fund. The Constitution provides that the Directors are entitled to declare dividends out of a Fund being: (i) the accumulated revenue (consisting of all revenue accrued including interest and dividends) less expenses and/or (ii) realised and unrealised gains on the disposal/valuation of investments less realised and unrealised losses of the relevant Fund.

The Directors may satisfy any dividend due to Shareholders in whole or in part by distributing to them in specie any of the assets of the relevant Fund, and in particular any investments to which the relevant Fund is entitled. A Shareholder may require the Company instead of transferring any assets in specie to him, to arrange for a sale of the assets and for payment to the Shareholder of the net proceeds of same. The Company will be obliged and entitled to deduct an amount in respect of Irish taxation from any dividend payable to a Shareholder in any Fund who is or is deemed to be an Irish Person and pay such sum to the Irish tax authorities.
Dividends not claimed within six years from their due date will lapse and revert to the relevant Fund.

Dividends payable to Shareholders will be paid by electronic transfer to the bank account designated by the Shareholder in the original Subscription Agreement (or as otherwise agreed with the Directors) at the expense of the payee and will be paid within four months of the date the Directors declared the dividend.

It is not the current intention of the Directors to pay a dividend to Shareholders in the CABEI Central American Portfolio (the Portfolio). The Directors may determine to make distributions to Shareholders in the Portfolio. In such case, dividends payable shall be reinvested in the Portfolio for further Shares unless Shareholders specifically request that dividends be paid in cash at the time of their original subscription under the terms of the Subscription Agreement. Shareholders may change such election by written notice to the Administrator to be received at least 21 days prior to any dividend payment date. In so far as the Directors determine to make a distribution, Shareholders will be given sufficient prior notice of the terms of such distribution to enable them make any election.

Any change in the dividend policy for the Portfolio will be notified to all Shareholders in the Portfolio in advance and full details of such a change will be provided in an updated Prospectus.
RISK FACTORS

The risks described below should not be considered to be an exhaustive list of the risks which potential investors should consider in addition to all of the information in this Prospectus. Different risks may apply to different Funds and/or Classes. Potential investors should be aware that an investment in a Fund may also be exposed to normal market fluctuations and other risks from time to time. Although care is taken to understand and manage the risks described below, the Funds and accordingly the Shareholders in the Funds will ultimately bear the risks associated with the investments of the Funds. Potential investors should consult their professional financial and tax advisers before making an investment. The difference at any one time between the sale price (to which may be added a sales charge or commission) and the redemption price of Shares (from which may be deducted a redemption fee) means an investment should be viewed as medium to long term. The attention of potential investors is also drawn to the taxation risks associated with investing in the Company, an overview of which are set out in the Section of the Prospectus entitled “Taxation”.

Among the principal risks of investing in the Funds which could adversely affect their Net Asset Value, yield and total return, are:

General Risks

An investment in a Fund is neither insured nor guaranteed by any government, government agencies or instrumentalities or any bank guarantee fund. Shares of a Fund are not deposits or obligations of, or guaranteed or endorsed by, any bank and the amount invested in Shares may fluctuate up and/or down. An investment in a Fund involves certain investment risks, including the possible loss of principal and there is no assurance that any appreciation in the value of investments will occur or that the investment objective of a Fund will actually be achieved and results may vary substantially over time. A Fund's investment strategy may carry considerable risks.

The Funds will be investing in assets selected by the Investment Manager in accordance with the respective investment objectives and policies of the Fund. The value of investments and the income from them, and therefore the value of and income from Shares relating to each Fund, will be closely linked to the performance of such investments. Investments made by the Investment Manager will be speculative and an investment in a Fund, therefore, involves a degree of risk.

Past performance of the Company or any Fund should not be relied upon as an indicator of future performance. The value of Shares and the income from them may go down as well as up and, accordingly, an investor may not get back the full amount invested and an investment should only be made by persons who can sustain a loss on their investment.

Market Risk

The value of securities may be affected by a decline in the entire market of an asset class in which investments are made thus affecting the prices and values of the assets in the Fund. Securities may decline in value due to factors affecting securities markets generally or particular industries represented in the securities markets. The value of a security may decline due to general market conditions which are not specifically related to a particular company, such as real or perceived adverse economic conditions, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. They may also decline due to factors which affect a particular industry or industries, such as labour shortages or increased production costs and competitive conditions within an industry. During a general downturn in the securities markets, multiple asset classes may decline in value simultaneously. Equity securities
generally have greater price volatility than fixed-income securities. In addition, some of the Regulated Markets on which a Fund may invest may be less well-regulated than those in developed markets and may prove to be illiquid, insufficiently liquid or highly volatile from time to time. This may affect the price at which a Fund may liquidate positions to meet redemption requests or other funding requirements. The higher the volatility of the market in which a Fund invests, the greater the market risk. Such markets are subject to greater fluctuations in return.

**Emerging Market Risks**

To the extent that a Fund invests in emerging markets, the following risks shall also apply:

The trading and settlement practices of some of the stock exchanges or markets on which a Fund may invest may not be the same as those in more developed markets, which may increase settlement risk and/or result in delays in realising investments made by a Fund. In addition, a Fund will be exposed to credit risk on parties with whom it trades and will bear the risk of settlement default. The Depositary may be instructed by the Investment Manager to settle transactions on a delivery free of payment basis where the Investment Manager believes that this form of settlement is common market practice. Shareholders should be aware, however, that this may result in a loss to a Fund if a transaction fails to settle and the Depositary will not be liable to a Fund or to the Shareholders for such a loss.

Currency fluctuations can be severe in developing countries that have both floating or fixed exchange rate regimes. The latter can undergo sharp one-time devaluations.

Disclosure and regulatory standards may be less stringent in certain securities markets than they are in developed countries and there may be less publicly available information on the issuers than is published by or about issuers in such developed countries. Consequently some of the publicly available information may be incomplete and/or inaccurate. In some countries the legal infrastructure and accounting and reporting standards do not provide the same degree of shareholder protection or information to investors as would generally apply in many developed countries. In particular, greater reliance may be placed by the auditors on representations from the management of a company and there may be less independent verification of information than would apply in many developed countries. The valuation of assets, depreciation, exchange differences, deferred taxation, contingent liabilities and consolidation may also be treated differently from international accounting standards.

The performance of a Fund may be affected by changes in economic and market conditions, uncertainties such as political developments, changes in government policies, the imposition of restrictions on the transfer of capital and in legal, regulatory and tax requirements. A Fund may also be exposed to risks of expropriation, nationalisation and confiscation of assets and changes in legislation relating to the level of foreign ownership.

Local custody services remain underdeveloped in many emerging market countries (which include amongst others Ecuador and Chile) and there is a transaction and custody risk involved in dealing in such markets. In certain circumstances a Fund may not be able to recover or may encounter delays in the recovery of some of its assets. Such circumstances may include uncertainty relating to, or the retroactive application of legislation, the imposition of exchange controls or improper registration of title. In some emerging market countries evidence of title to units is maintained in book-entry form by an independent registrar who may not be subject to effective government supervision, which increases the risk of the registration of a Fund's holdings of units in such markets being lost through fraud, negligence or mere oversight on the part of such independent registrars. The costs borne by a Fund in investing and holding investments in such markets will generally be higher than in more developed markets.

Prices of securities traded in emerging markets tend to be less liquid and more volatile.
Legal documentation entered into by the Company on behalf of the Funds may not be enforceable in certain jurisdictions.

Currency Risk

A Fund's investments and, where applicable, the investments of any collective investment scheme in which a Fund invests, may be acquired in a wide range of currencies other than the Base Currency of the Fund. Changes in the exchange rate between the Base Currency of the Fund and the currency of the asset may lead to a depreciation of the value of the Fund's assets as expressed in the Base Currency. It may not be possible or practical to hedge against such exchange rate risk. The Investment Manager may, but is not obliged to, mitigate this risk by using financial instruments.

A Fund may from time to time utilise techniques and instruments to seek to protect (hedge) currency exchange transactions either on a spot basis or by buying currency exchange forward contracts. Neither spot transactions nor forward currency exchange contracts eliminate fluctuations in the prices of a Fund's securities or in foreign exchange rates, or prevent loss if the prices of these securities should decline.

A Fund may enter into currency exchange and other transactions and/or use techniques and instruments to seek to protect against fluctuation in the relative value of its portfolio positions as a result of changes in currency exchange rates or interest rates between the trade and settlement dates of specific securities transactions or anticipated securities transactions. Although these transactions are intended to minimise the risk of loss due to a decline in the value of hedged currency or interest rate, they also limit any potential gain that might be realised should the value of the hedged currency or interest rate increase. The precise matching of the relevant contract amounts and the value of the securities involved will not generally be possible because the future value of such securities will change as a consequence of market movements in the value of such securities between the date when the relevant contract is entered into and the date when it matures. The successful execution of a hedging strategy which matches exactly the profile of the investments of any Fund cannot be assured. It may not be possible to hedge against generally anticipated exchange or interest rate fluctuations at a price sufficient to protect the assets from the anticipated decline in value of the portfolio positions as a result of such fluctuations. Fund performance may be strongly influenced by movements in FX rates because currency positions held by the Fund may not always correspond with the securities positions held.

Legal and Regulatory Risks

Legal and regulatory (including taxation) changes could adversely affect the Company. Regulation (including taxation) of investment vehicles such as the Company is still evolving and therefore subject to change. In addition, many governmental agencies, self-regulatory organisations and exchanges are authorised to take extraordinary actions in the event of market emergencies. In some jurisdictions the interpretation and implementation of laws and regulations and the enforcement of Shareholder's rights under such laws and regulations may involve significant uncertainties, may not be consistent with those of other nations and may vary from region to region. Furthermore, there may be differences in accounting and auditing standards, reporting practices and disclosure requirements to those generally accepted internationally. The information provided in this Prospectus is based upon the laws and regulations as at the date of the Prospectus but it is not exhaustive and does not constitute legal or tax advice. Laws and regulations of any country may change from time to time. Any change in the taxation legislation in Ireland or in any jurisdiction where a Fund is registered, listed, marketed, or invested could affect the tax status of the Fund, the value of the Fund's investments in the affected jurisdiction, the Fund's ability to achieve its investment objective, and/or alter the post-tax returns to Shareholders. The effect of any future legal or regulatory (including taxation) change on the Company is impossible to predict, but could be substantial and have adverse consequences on the rights and returns of Shareholders.
Cyber Security Risk

The Company and its service providers are susceptible to operational and information security and related risks of cyber security incidents. In general, cyber incidents can result from deliberate attacks or unintentional events. Cyber security attacks include, but are not limited to, gaining unauthorised access to digital systems (e.g., through "hacking" or malicious software coding) for purposes of misappropriating assets or sensitive information, corrupting data or causing operational disruption. Cyber attacks also may be carried out in a manner that does not require gaining unauthorised access, such as causing denial-of-service attacks on websites (i.e., efforts to make services unavailable to intended users). Cyber security incidents affecting the Company, the Administrator or the Depositary or other service providers such as financial intermediaries have the ability to cause disruptions and impact business operations, potentially resulting in financial losses, including by interference with the ability to calculate the Net Asset Value of the Company; impediments to trading for the Company's Portfolio; the inability of Shareholders to transact business with the Company; violations of applicable privacy, data security or other laws; regulatory fines and penalties; reputational damage; reimbursement or other compensation or remediation costs; legal fees; or additional compliance costs. Similar adverse consequences could result from cyber security incidents affecting issuers of securities in which the Company invests, counterparties with which the Company engages in transactions, governmental and other regulatory authorities, exchange and other financial market operators, banks, brokers, dealers, insurance companies and other financial institutions and other parties. While information risk management systems and business continuity plans have been developed which are designed to reduce the risks associated with cyber security, there are inherent limitations in any cyber security risk management systems or business continuity plans, including the possibility that certain risks cannot be and/or have not been identified.

Securities of Other Investment Companies

Investing in other investment companies involves substantially the same risks as investing directly in the underlying instruments, but may involve additional expenses at the investment company-level, such as portfolio management fees and operating expenses. Managers of collective investment schemes may take undesirable tax positions, employ excessive leverage, or otherwise manage the collective investment schemes in a manner not anticipated by the Company or the Investment Manager.

The Company and/or the Investment Manager will not have control over the activities of any investment company or collective investment scheme invested in by a Fund. Administrators of collective investment schemes and companies in which a Fund may invest may manage the collective investment schemes in a manner not anticipated by the Company or the Investment Manager.

Some of the CIS that a Fund may invest in may in turn invest in FDIs which will result in such Fund being indirectly exposed to the risks associated with such FDI.

Securities Lending Risk

Securities lending, as applicable for a Fund, involves lending for a fee portfolio securities held by a Fund for a set period of time to willing, qualified borrowers who have posted collateral. In lending its securities, a Fund is subject to the risk that the borrower may not fulfil its obligations or go bankrupt leaving the Fund holding collateral worth less than the securities it has lent, resulting in a loss to the Fund.

As with any extensions of credit, there are risks of delay and recovery. Should the borrower of securities fail financially or default in any of its obligations under any securities lending transaction, the collateral provided in connection with such transaction will be called upon. However, a Fund could experience delays and costs in recovering the securities loaned or in gaining access to the collateral. The collateral will typically be maintained at a value of at least equal to the market value of any securities loaned. However in the event of
a sudden market movement there is a risk that the value of the collateral may fall below the value of the securities transferred.

*Investment Manager Risk*

The Administrator may seek the advice of the Investment Manager with respect to the valuation of certain investments and Shareholders should be aware of an inherent conflict of interest between the involvement of the Investment Manager in recommending the valuation price of a Fund's investment and the Investment Manager's other duties and responsibilities in relation to the Funds.

*Liquidity Risk*

Liquidity risk is the risk of a Fund having insufficient realisable cash, investments and borrowing capacity to fund redemption requests net of subscriptions. A Fund's assets primarily comprise realisable securities which can be readily sold in normal market conditions. However, subject to the UCITS restrictions, not all securities or instruments invested in by a Fund may be listed or rated and consequently liquidity of such securities or instruments may be low. A Fund may also encounter difficulties in disposing of assets at their fair market price due to adverse market conditions. A Fund's liabilities arise primarily through its exposure to redemption of Shares that Shareholders wish to sell. The Investment Manager endeavours to manage the Funds' investments, including cash, to meet its liabilities. However, investments may need to be sold if insufficient cash is available to finance such redemptions. If the size of disposals is sufficiently large, or the market is illiquid, then there is a risk that either the investments might not be sold or the price at which they are sold may adversely affect the Net Asset Value of a Fund. The Directors may, at their discretion, elect to restrict the total number of Shares redeemed in a Fund on any Dealing Day to a maximum percentage of the outstanding Shares in the Fund, in which case all requests will be scaled down pro rata to the number of Shares requested to be redeemed. The remaining balance of Shares may be redeemed on the next Dealing Day provided no such restriction is applicable.

*Credit Risk*

Credit risk also arises from the uncertainty surrounding the ultimate repayment of principal and interest or other investments by the issuers of such securities. There can be no assurance that the issuers of securities or other instruments in which a Fund invests will not be subject to credit difficulties leading to the loss of some or all of the sums invested in such securities or other instruments. A Fund will also be exposed to a credit risk in relation to the counterparties with whom a Fund trades and may bear the risk of settlement default. Changes in the credit quality of an issuer and/or could affect the value of a security or other instrument or a Fund's share price.

*Interest Rate Risk*

Changes in interest rates can influence the value and returns of some of the Funds' investments. Declining interest rates may affect the return on available reinvestment opportunities. In the event of a general rise in interest rates, the value of certain investments that may be contained in the Fund's investment portfolio may fall, reducing the Net Asset Value of a Fund. Fluctuation in rates may affect interest rate spreads in a manner adverse to a Fund. Interest rates are highly sensitive to factors beyond a Fund's control, including, among others, government monetary and tax policies, and domestic and international economic and political conditions.

*Taxation Risk*

The income and gains of a Fund from its assets may suffer withholding tax which may or may not be reclaimable in the countries where such income and gains arise. If the position changes in the future and either the application of a higher or lower rate results in an additional payment of tax or a repayment to the relevant Fund respectively, the Net Asset Value will not be re-stated and the benefit
or the cost will be allocated to the existing Shareholders of the relevant Fund rateably at the time of the adjustment.

In addition, potential Applicants' attention is drawn to the taxation risks associated with investing in the Company and in the Funds. See section headed **Taxation**.

**Valuation Risk**

A Fund may invest some of its assets in illiquid and/or unquoted securities or instruments. Such investments or instruments will be valued by the Directors or their delegate in good faith as to their probable realisation value as set out in this Prospectus. Such investments are inherently difficult to value and are the subject of substantial uncertainty. There is no assurance that the estimates resulting from the valuation process will reflect the actual sales or “close-out” prices of such securities.

In addition, assets in which a Fund invests may be valued on a less frequent basis than the Fund. Accordingly there is a risk that (i) the valuations of a Fund may not reflect the true value of assets held by a Fund at a specific time which could result in losses or inaccurate pricing for a Fund and/or (ii) the valuations may not be available at the relevant Valuation Point so that some of the assets of the Fund may be valued at their probable realisation value.

**Borrowing**

If a Fund borrows money, its share price may be subject to greater fluctuation until the borrowing is paid off. If the Fund makes additional investments while borrowings are outstanding, this may be considered a form of leverage.

**Leverage**

Leverage may be employed as part of the investment strategy when using FDI. FDI may contain a leverage component and consequently any adverse changes in the value or level of the underlying asset can result in a loss greater than the amount invested in the FDI itself.

**No Segregation of Liability**

Investors should note that the Company has not adopted the principles of segregated liability and on that basis assets within a Fund are not ring-fenced from assets within another Fund of the Company. On that basis, issues could arise in circumstances where a Fund becomes insolvent and accordingly the insolvency of this Fund impacts on the other solvent Fund within the Company. As at the date of this Prospectus, the Company only has one Fund.

**Brexit**

The UK’s referendum held on 23 June 2016 resulted in a majority voting in favour of the UK leaving the EU. The UK parliament decided to formally start the process to leave the EU on 29 March 2017 pursuant to Article 50 of the Treaty on the European Union, which provides for a period of up to two years for negotiation and coming into effect of a withdrawal agreement between the UK and the rest of the EU. The two year negotiation period was subsequently extended on a number of occasions by unanimous agreement between the UK and the rest of the EU in 2019. As things stand, there remains a risk that the UK will leave the EU on 31 January 2020 without a withdrawal agreement having been reached.

Ireland will remain a member of the EU and the Company and each Fund will remain an EU regulated UCITS that can avail of passporting rights under EU UCITS Regulations to market and sell shares in a Fund in the EU subject to complying with the EU UCITS Regulations.
Although, the Company does not have a direct exposure to the UK, the Company may be negatively impacted by changes in law, regulation and tax treatment resulting from the UK's departure from the EU. Legal and regulatory changes arising from the UK's departure from the EU may also result in a restructuring of certain of the Company's arrangements with some of its service providers. There is also likely to be a degree of continued market uncertainty surrounding the exit process which may have a negative impact on markets and the value of some of the investments held by the Portfolio.

**Risks relating to an investment in CABEI Central American Portfolio (the Portfolio)**

Investors in the CABEI Central American Portfolio should also be aware of the following additional risks:

*Price Volatility*

Investment in the CABEI Central American Portfolio could entail a certain level of price volatility. It is therefore recommended that not more than 10% of an investor's investment portfolio be invested in the Portfolio. Investments will be made primarily in markets less liquid than those found in the United States, in securities not rated by the major rating services, which could encounter transfer and foreign exchange exposure. This Portfolio is, consequently, designed for investors with a longer term investment horizon.

*Taxation*

Potential investors' attention is drawn to the taxation risks associated with investing in any portfolio in the Company. See the section headed "Taxation".

*Market Fluctuations*

The investments of the Portfolio are subject to normal market fluctuations and other risks inherent in investing in securities and there can be no assurance that any appreciation in value will occur. The value of investments and the income from them and therefore the value of and income from the Shares of the Portfolio can fall as well as rise and investors may not realise the same amount that they invest. Changes in exchange rates between currencies may also cause the value of an investment to diminish or increase.

*Fixed Income Securities*

Fixed income securities are subject to many risk factors, including economic conditions, government regulations, market sentiment, and local and international political events. The market value of these securities in which the Portfolio invests will fluctuate in response to changes in creditworthiness of the issuer, interest rates, currency values, and other economic, political and market factors. Such fluctuations may be substantial. There is a risk that one or more issuers of securities held by the Portfolio may default in payment of interest and/or principal. That portion of the Portfolio invested in securities which are rated below investment grade, or are deemed equivalent thereto by the Investment Manager, are subject to significantly greater risk of such defaults.

*Lower Rated Securities*

As the Portfolio may invest more than 30% of its Net Asset Value in below investment grade securities investment in the Portfolio should not constitute a substantial proportion of an investment portfolio and may not be appropriate investment for all investors. Lower rated securities are considered by credit rating agencies to be speculative and to carry a high level of risk. The lower rated securities in which the Portfolio will invest will have a significantly greater risk of default in payments of interest, principal, or both, than the risk of default for investment grade bonds. Issuers of below investment grade securities present a higher risk of bankruptcy or reorganisation...
than issuers of investment grade bonds, or may have recently been in bankruptcy or reorganisation proceedings.

The secondary market for lower rated securities is typically much less liquid than the market for investment grade bonds, frequently with significantly more volatile prices and larger spreads between bid and asked price in trading. The market price of lower rated securities will be affected by the bond market's perception of credit quality and the effect of stronger or weaker economic growth as well as political developments.

The market price of lower rated securities will also be affected by general changes in interest rates (decreasing as rates rise, and increasing as rates fall) that affect the market price of all bonds, although lower rated securities may be less sensitive to interest rate changes than investment grade bonds. The below investment grade security market at times will be very illiquid. Market prices of lower rated securities may be affected by imbalances in sell and buy orders among institutional investors and dealers. In addition to credit risk and liquidity risk concerns, the market price of lower rated securities in particular may be adversely impacted by legislative or regulatory developments, such as determinations that certain categories of institutional investors must divest their below investment grade holdings, or changes in rules regarding taxation or corporate reorganisations.

The Portfolio may also have to sell holdings of below investment grade securities at unfavorable prices in order to raise proceeds to pay for redemptions of Shares.

**FDI Related Risks**

While the Portfolio does not currently use any FDIs, the prudent use of FDIs can be beneficial in certain circumstances and, subject to the filing of an RMP with the Central Bank, the Portfolio may enter into the FDIs described below, to include foreign exchange transactions, forward contracts, interest rate swaps and futures. FDIs also involve risks different from, and in certain cases greater than, the risks presented by more traditional investments. See below for details:

- **Foreign Exchange Transactions and Forward Trading**

  The Portfolio may from time to time utilise fx forwards for hedging purposes in order to seek to protect against possible changes in the market value of the Portfolio's investment portfolio resulting from fluctuations in the currency exchange rates, securities markets and/or changes in interest rates or to hedge the interest rate or currency exchange rate on any of the Portfolio's liabilities or assets.

  Where the Portfolio utilises derivatives which alter the currency exposure characteristics of transferable securities held by the Portfolio, the performance of the Portfolio may be strongly influenced by movements in foreign exchange rates because currency positions held by the Portfolio may not correspond with the securities positions held.

  In forward contracts banks and dealers act as principals in these markets, negotiating each transaction on an individual basis. Forward and cash trading is substantially unregulated; there is no limitation on daily price movements and speculative position limits are not applicable. The principals who deal in the forward markets are not required to continue to make markets in the currencies or commodities they trade and these markets can experience periods of illiquidity, sometimes of significant duration. Market illiquidity or disruption could result in major losses to the Portfolio. They also carry roll risk, which is the risk that when a forward contract expires, a new forward to replace the expired one cannot be put into place at the same cost or on the same hedge basis. This may occur due to changes in market liquidity or interest rates, resulting in a potential slippage or loss in the hedge position due to the contract expiration and roll.
• **Swaps**

An interest rate swap normally involves exchanging a fixed interest amount per payment period for a payment that is based on a floating rate benchmark. The notional principal of an interest rate swap is never exchanged, only the fixed and floating amounts. Where the payment dates of the two interest amounts coincide there is normally one net settlement. The market risk of this type of instrument is driven by the change in the reference benchmarks used for the fixed and floating legs. An interest rate swap is an OTC agreement between two parties and so can be tailored to the requirements of the parties involved. Consequently each party bears the other's credit risk and collateral is arranged to mitigate this risk. For further information in relation to swaps, see

• **Futures**

The risk to the buyer or seller of an exchange-traded future is the change in value of the underlying reference asset. Futures contracts represent a pledge to make a certain economic transfer at a future date. The exchange of value occurs by the date specified in the contract; the majority of contracts have to be cash settled and where physical delivery is an option the underlying instrument is actually rarely exchanged. Futures are distinguished from generic forward contracts in that they contain standardised terms, trade on a formal exchange, are regulated by overseeing agencies, and are guaranteed by clearing firms. Also, in order to ensure that payment will occur, futures have both an initial margin and a margin requirement which moves in line with the market value of the underlying asset that must be settled daily.

They may create leverage as the payment of a low margin or premium can give a large exposure. The risk is that a small change in the price of the underlying security can produce a disproportionately larger profit or loss. Sales of futures contracts are used to create short positions in relation to the underlying assets.

• **Counterparty Risk**

The Portfolio will be exposed to a credit risk on the counterparties with which they trade in relation to non-exchange traded contracts such as forward exchange rate contracts. Non-exchange traded contracts are not afforded the same protections as may apply to participants trading such contracts on organised exchanges, such as the performance guarantee of an exchange clearing house. Non-exchange traded contracts are agreements specifically tailored to the needs of an individual investor which enable the user to structure precisely the date, market level and amount of a given position. The counterparty for these agreements will be the specific company or firm involved in the transaction rather than a recognised exchange and accordingly the insolvency, bankruptcy or default of a counterparty with which the Portfolio trades such contracts could result in substantial losses to the Portfolio. If settlement never occurs the loss incurred by the Portfolio will be the difference between the price of the original contract and the price of the replacement contract or, in the case where the contract is not replaced, the absolute value of the contract at the time it is voided. Furthermore, in some markets 'Delivery versus Payment' may not be possible in which case the absolute value of the contract is at risk if the Portfolio meets its settlement obligations but the counterparty fails before meeting its obligations under the relevant contract. Furthermore, if the creditworthiness of a derivative counterparty declines, the risk that the counterparty may not perform could increase, potentially resulting in a loss to the Portfolio. Regardless of the measures the Portfolio may implement to reduce counterparty credit risk there can be no assurance that a counterparty will not default or that the Portfolio will not sustain losses on the transactions as a result.
• OTC Markets Risk

Where the Portfolio acquires securities on OTC markets, there is no guarantee that the Portfolio will be able to realise the fair value of such securities due to their tendency to have limited liquidity and comparatively high price volatility.
MANAGEMENT OF THE COMPANY

Directors of the Company

The Directors of the Company are described below:

Walter Dostmann (Chairman) (resident in the United States)

From 1991 to 1999, Mr Dostmann was a Managing Director and Head of Deutsche Bank Securities’ International Corporate Finance Division in the US with responsibility for corporate and institutional clients. He is the founder and principal of Dostmann & Partners LLC, a business advisory firm established in 2000 focusing on internationally operating companies in the financial and non-financial field. He is currently serving as an independent director on the boards of a variety of German and US regulated financial and non-regulated industrial companies.

Michael Greene (resident in Ireland)

Mr Greene was a partner with A&L Goodbody from 1983 to 2008 where he practised corporate law with particular focus on inward investment and also financial services. More recently, Mr Greene has acted as an independent director to a variety of regulated and unregulated Irish domiciled collective investment schemes and held the position of Chair of the Legal Practice Division of the International Bar Association from 2013-2014. He is a member of the Irish Fund Directors’ Association.

Tom Geary (resident in Ireland)

Mr Geary has been acting as an independent director to a variety of companies since 2004, including regulated and unregulated Irish domiciled collective investment schemes, aircraft leasing and securitisation companies. Prior to that, Mr Geary was a Director of AIB International Financial Services Limited, with responsibility for the Securitisation and Transaction / SPV Management team. He has also spent a number of years working in the area of corporate insolvency and also in Corporate Lending at AIB Capital Markets.

Markus Kohlenbach (resident in Germany)

Mr Kohlenbach held the position of Managing Director and Chief Investment Officer for DWS Investments GmbH (Deutsche Bank Group) from 1995 to 2015. Prior to that appointment, Mr Kohlenbach was with the Institute for Mathematics, Westfälische Wilhelms-University of Münster from 1991-1994 and worked with BHF Bank in Frankfurt. Mr Kohlenbach holds a master in economics from the Westfälische Wilhelms-Universität Münster and is member of AIMR and a CFA charterholder. In 2015 he founded mk-Business-Coaching, a small firm concentrating in directorships (Luxembourg and Dublin) and executive business coaching, as well as team-coaching.

Carlos Sanchez (resident in Honduras)

Mr Sánchez joined CABEI in 2011 and has been the Head of its Investments Department since 2017. In his current position, he is responsible for managing the institution’s investment portfolios (including its pension fund assets). Mr Sanchez has over 10 years’ experience in treasury functions, having worked as Treasurer of Banco Mercantil S.A. (now known as BAC Honduras S.A.) from 2005 until 2011.
Julio Eduardo Martinez Bichara (resident in Honduras)

Mr Bichara joined the legal team of the Central American Bank for Economic Integration (CABEI) in 2007 and currently serves as CABEI's General Legal Counsel. Before joining CABEI, Mr Bichara was a partner at B&M law firm in San Salvador El Salvador. Prior to this he held various legal counsel roles in El Salvador. Mr Bichara is a qualified lawyer having been admitted to the bar in El Salvador in 1998. Mr Bichara is also authorized as a public notary since 1999. Mr Bichara holds a degree in law, a master's degree in business administration and a master's degree in international trade law.

Luis Cosenza Jiménez (resident in Honduras)

Mr. Cosenza Jiménez currently serves as independent director of Banco Ficohsa Honduras, the largest commercial bank in Honduras. He previously served in the Board of Directors of the International Monetary Fund, the World Bank and the Inter American Development Bank. He was a Visiting Fellow with the Kellogg Institute for International Studies of the University of Notre Dame, USA, and served as Chief of Staff in the Honduran government from 2002 to 2005. He holds a doctorate degree in Electrical Engineering and as a member of staff of the World Bank and Inter American Bank provided assistance to countries in Africa and Latin America with the planning and development of their electricity sectors.

General

For the purposes of this Prospectus, the address of all of the Directors is the registered office of the Company.

The Company Secretary is Goodbody Secretarial Limited having its registered office at the 25/28 North Wall Quay, Dublin 1.

Promoter

The Promoter of the Company is The Central American Bank for Economic Integration (CABEI). Founded in 1960, CABEI is an international juridical person, whose objective is to promote the integration and the development of its founding member countries: Guatemala, Honduras, El Salvador, Nicaragua and Costa Rica. Headquartered in Tegucigalpa, Honduras, it has regional offices in each founding member country, as well as in Panama.

Investment Manager

The Company has appointed DWS Investment GmbH to act as the Investment Manager with discretionary powers of the CABEI Central American Portfolio pursuant to an Investment Management Agreement (further details of which are set out under the heading Material Contracts below).

Subject to the overall supervision of the Directors and to each Fund's investment objectives, policies and restrictions, the Investment Manager will manage the investment and re-investment of each Fund's assets.

The Investment Manager, with the prior approval of the Central Bank, may from time to time seek the advice of or recommendation of any adviser, analyst, consultant or other suitably qualified person to assist it in the performance of its duties.

The Investment Manager is an investment management company with limited liability and incorporated under the laws of Germany with a registered office at Mainzer Landstrasse 11-17, 60329 Frankfurt am Main, Germany.
Investment Committee

The Company has formed an Investment Committee for the CABEI Central American Portfolio which currently consists of four members. Two members of the Investment Committee are from the Investment Manager and two from the Promoter. The Investment Committee is responsible for making recommendations to the Investment Manager concerning geographic asset allocation and assessment of risks in the Central American and other financial markets and financial instruments for investment by the CABEI Central American Portfolio.

Depositary

The Company has appointed the Depositary to act as the depositary to the Company. The Depositary is a private limited liability company incorporated in Ireland on 5 July 1990. Its main activity is the provision of custodial services to collective investment schemes. The Depositary is an indirect wholly-owned subsidiary of Northern Trust Corporation. Northern Trust Corporation and its subsidiaries comprise the Northern Trust Group, one of the world's leading providers of global custody and administration services to institutional and personal investors. As at 30 September 2019, the Northern Trust Group's assets under custody totalled in excess of US$11.6 trillion.

Under the terms of the Depositary Agreement, the Depositary has been entrusted with following main functions:

- ensuring that the sale, issue, repurchase, redemption and cancellation of Shares are carried out in accordance with applicable law and the Constitution.
- ensuring that the value of the Shares is calculated in accordance with applicable law and the Constitution.
- carrying out the instructions of the Company unless they conflict with applicable law and the Constitution.
- ensuring that in transactions involving the assets of the Company any consideration is remitted within the usual time limits.
- ensuring that the income of the UCITS is applied in accordance with applicable law and the Constitution.
- monitoring of the Company's cash and cash flows
- safe-keeping of the Company's assets, including the safekeeping of financial instruments to be held in custody and ownership verification and record keeping in relation to other assets.

Under the terms of the Depositary Agreement, the Depositary may delegate its safekeeping obligations provided that:

(a) the services are not delegated with the intention of avoiding the requirements of the EU UCITS Regulations;

(b) the Depositary can demonstrate that there is an objective reason for the delegation; and

(c) the Depositary has exercised all due, skill, care and diligence in the selection and appointment of any third party to whom it wants to delegate any of its obligations or duties under the Depositary Agreement, and keeps exercising all due skill, care and diligence in the periodic review and ongoing monitoring of any third party to
whom it has delegated any of its safekeeping services and of the arrangements of
the third party in respect of the matters delegated to it.

The liability of the Depositary will not be affected by virtue of any such delegation. The Depositary
has delegated to its global sub-custodian, The Northern Trust Company, London branch,
responsibility for the safekeeping of the Company's financial instruments and cash. The global sub-
custodian may delegate these responsibilities to sub-delegates, the identities of which are set out in
Appendix II.

The Depositary Agreement provides that the Depositary shall be liable:

(a) in respect of a loss of a financial instrument held in its custody (or that of its duly
appointed delegate) unless it can prove that the loss has arisen as a result of an
external event beyond the Depositary's reasonable control, the consequences of
which would have been unavoidable despite all reasonable measures to the
contrary; and

(b) in respect of all other losses as a result of the Depositary's negligent or intentional
failure to properly fulfil its obligations pursuant to the EU UCITS Regulations

Up to date information regarding the identity of the Depositary, the Depositary's duties, conflicts of
interest that may arise and the list of delegates and sub-delegates will be made available to
investors on request.

The Depositary may, in the course of its business, have potential conflicts of interest with the
Company. The Depositary will, however, have regard in such event to its obligations under the
Depositary Agreement and all applicable laws and, in particular, to its obligations to act in the best
interests of the Company and its shareholders so far as practicable and will ensure that such conflicts
are resolved fairly as between the Company, the relevant Fund and the Shareholders. In the event
that a conflict of interest does arise the Directors will endeavour to ensure that such conflicts are
resolved fairly.

Administrator

The Administrator is a private limited liability company incorporated in Ireland on 15 June 1990 and is
an indirect wholly owned subsidiary of Northern Trust Corporation. Northern Trust Corporation and its
subsidiaries comprise the Northern Trust Group, one of the world's leading providers of global custody
and administration services to institutional and personal investors. As at 30 September 2019, the
Northern Trust Group's assets under custody totalled in excess of US$11.6 trillion. The principal
business activity of the Administrator is the administration of collective investment schemes.

The duties and functions of the Administrator include, inter alia, the calculation of the Net Asset Value
and the Net Asset Value per Share, the keeping of all relevant records in relation to the Company as
may be required with respect to the obligations assumed by it pursuant to the Administration
Agreement and the EU UCITS Regulations, the preparation and maintenance of the Company's
books and accounts, liaising with the Auditor in relation to the audit of the financial statements of the
Company and the provision of certain Shareholder registration and transfer agency services in
respect of shares in the Company.

The Administrator is not involved directly or indirectly with the business affairs, organisation,
sponsorship or management of the Company and is not responsible for the preparation of this
document other than the preparation of the above description and accepts no responsibility or liability
for any information contained in this document except disclosures relating to it.
As at the date of this Prospectus, the Administrator is not aware of any conflicts of interest in respect of its appointment as administrator to the Company. If a conflict of interest arises, the Administrator will ensure it is addressed in accordance with the Administration Agreement, applicable laws and in the best interests of the Shareholders.

Placement Agent

The Company may appoint placement agents, distributors or other representatives to assist in the sale and distribution of the Shares in the CABEI Central American Portfolio, such appointments to be on such terms as may be agreed between the parties, from time to time, and in accordance with the requirements of the Central Bank.

The Company has entered into a placement agency agreement (the Placement Agency Agreement) dated 26 April 1999 with the Central American Bank for Economic Integration to assist in the sale and distribution of Shares in the CABEI Central American Portfolio. Under the terms of the Placement Agency Agreement the Central American Bank for Economic Integration may appoint sub-distributors to procure applicants for Shares on its behalf and to delegate to such appointees all or any of the powers of the Central American Bank for Economic Integration under the Placement Agency Agreement subject to the necessary authorisations and regulatory approvals. To date the Placement Agent has entered into two Sub-Agency agreements with Formento Financiero S.A. Casa de Bolsa and Seagate Capital Corp respectively. For more information see the section on Material Contracts below.

Consultants

The Company has entered into the following consultation agreements in order to appoint Lucy Robin, Jamie Chavez, Crinken Consultants Limited and Dostmann & Partners LLP as consultants (the Consultants) to provide support services to the Company in respect of the day to day operations of the CABEI Central American Portfolio:

(a) Consultancy Agreement with Lucy Robin dated 1 September 2013, appointing Lucy Robins to provide a variety of services to the Company to include oversight, liaison with auditors, anti-money laundering and compliance;

(b) Consultancy Agreement with Crinken Consultants Limited dated 5 September 2018, appointing Crinken Consultants Limited to provide strategic consulting services to the Company;

(c) Consultancy Agreement with Dostmann & Partners LLP dated 6 September 2018, appointing Dostmann & Partners LLB to provide promotional and marketing services to the Company; and

(d) Consultancy Agreement with Jaime Chavez dated 30 June 2018, appointing Jaime Chavez to act as an independent consultant to provide advice and guidance to the Company in relation to prospective investors from the Central American region.

Under the terms of the Consultation Agreements, the Consultants are entitled to receive remuneration fees, together with reasonably incurred fees and expenses.

Remuneration Policy

The Directors have put in place a remuneration policy (the Remuneration Policy), which is designed to ensure that any relevant conflicts of interest can be managed appropriately, at all times, taking into consideration (i) the need to align risks in terms of risk management and exposure to risk and (ii) the need for the policies to be in line with the business strategy, objectives and interests of the Company.
The Directors consider that the Remuneration Policy and practices for the Directors, whose activities may have a material impact on the risk profile of the Company, are consistent with and promote sound and effective risk management and do not encourage risk-taking which is inconsistent with the risk profile of the Company. In this regard, none of the Directors will have a performance based variable component to their remuneration. The Company’s Remuneration Policies are designed to be consistent with the requirements of the EU UCITS Regulations and the European Securities and Markets Authority’s Guidelines on sound remuneration policies under the UCITS Directive and AIFMD (the ESMA Guidelines).

The Investment Manager is MiFID-authorised and accordingly the Central Bank considers the Investment Manager to have implemented remuneration policies that satisfy the requirements of the EU UCITS Regulations and the ESMA Guidelines.

The total amount of remuneration for the financial year paid by the Company to its identified staff is disclosed in the Company’s annual audited financial statements, as well as the aggregate amount of remuneration broken down by senior management whose actions have a material impact on the risk profile of the Company (i.e. the Directors).

The Remuneration Policy is available free of charge from www.cabeifund.com and a paper/hard copy of the Remuneration Policy is available upon request from the Administrator.

Portfolio Transactions and Conflicts of Interest

Subject to the provisions of this section the Directors, the Investment Manager, the Administrator, the Depositary, the Placement Agent, the Sub-Agents, the Consultants any Shareholder and any of their respective subsidiaries, affiliates, associates, agents or delegates (each a Connected Person) may contract or enter into any financial, banking or other transaction with one another or with the Company. This includes, without limitation, investment by the Company in securities of any Connected Person or investment by any Connected Persons in any company or bodies any of whose investments form part of the assets comprised in any Fund or be interested in any such contract or transactions. In addition, any Connected Person may invest in and deal in Shares relating to any Fund or any property of the kind included in the property of any Fund for their respective individual accounts or for the account of someone else. In the event of a conflict arising, each Connected Person shall ensure that the conflict will be resolved fairly.

Any cash of the Company may be deposited, subject to the provisions of the Central Bank Acts, 1942 to 2010, of Ireland, as amended by the Central Bank and Financial Services Regulatory Authority of Ireland Acts, 2003 to 2004 with any Connected Person or invested in certificates of deposit or banking instruments issued by any Connected Person. Banking and similar transactions may also be undertaken with or through a Connected Person.

Any Connected Person may also deal as agent or principal in the sale or purchase of securities and other investments to or from the relevant Fund. There will be no obligation on the part of any Connected Person to account to the relevant Fund or to Shareholders for any benefits so arising, and any such benefits may be retained by the relevant party, provided that such transactions are carried out as if effected on normal commercial terms negotiated at arm’s length, are consistent with the best interests of the Shareholders of that Fund and:

(a) a certified valuation of such transaction by a person approved by the Depositary (or in the case of any such transaction involving the Depositary, the Directors) as independent and competent has been obtained; or

(b) the relevant transaction is executed on best terms on organised investment exchange under their rules; or
where (a) and (b) are not practical, such transaction has been executed on terms which the Depositary (or in the case of any such transaction entered into by the Depositary, the Directors) is satisfied conform with the principle that such transactions be carried out as if effected on normal commercial terms negotiated at arm's length consistent with the best interests of Shareholders.

The Investment Manager may also, in the course of its business, have potential conflicts of interest with the Company in circumstances other than those referred to above. The Investment Manager will, however, have regard in such event to its obligations under the Investment Management Agreement and, in particular, to its obligations to act in the best interests of the Company so far as practicable, having regard to its obligations to other clients when undertaking any investments where conflicts of interest may arise and will endeavour to ensure that such conflicts are resolved fairly as between the Company, the relevant Funds and other clients. The Investment Manager will ensure that investment opportunities are allocated on a fair and equitable basis between the Company and its other clients.

As the fees of the Investment Manager are based on the Net Asset Value of a Fund, if the Net Asset Value of the Fund increases so too do the fees payable to the Investment Manager and accordingly there is a conflict of interest for the Investment Manager in cases where the Investment Manager is responsible for determining the valuation price of a Fund's investments.

Directors of the Company affiliated with the Investment Manager are not permitted to purchase Shares in the Company.

Soft Commissions

It is not intended that any soft commission arrangements will be entered into in relation to any Fund created in respect of the Company. In the event that the Investment Manager, the Depositary, the Administrator or any of their respective subsidiaries, affiliates, associates, agents or delegates does enter into soft commission arrangement(s) they shall ensure that such arrangement(s) shall (i) be consistent with best execution standards (ii) assist in the provision of investments services to the relevant Fund and (iii) brokerage rates will not be in excess of customary institutional full-service brokerage rates. Details of any such arrangement will be contained in the next following financial report of the Fund. In the event that this is the unaudited semi-annual report, details shall also be included in the following annual report.
SHARE DEALINGS

SUBSCRIPTION FOR SHARES

Purchases of Shares

Issues of Shares will normally be made with effect from a Dealing Day in respect of applications received on or prior to the Dealing Deadline. The Directors may nominate additional Dealing Days upon advance notice to Shareholders.

Applications for the initial issue of Shares should be submitted in writing or sent by facsimile by way of a signed original subscription form (with the original and supporting documentation in relation to money laundering prevention checks to follow promptly by post) to the Administrator on or prior to the Dealing Deadline. Applications received after the Dealing Deadline for the relevant Dealing Day shall be deemed to have been received by the next Dealing Deadline. The Administrator may in consultation with the Investment Manager, on an exceptional basis accept applications received after the Dealing Deadline provided they are received prior to the Valuation Point for the relevant Dealing Day. Applications will be irrevocable unless the Administrator in consultation with the Investment Manager otherwise agrees.

Subsequent subscription requests may be sent by facsimile or other electronic methods as previously agreed with the Administrator. An original need not follow by post in respect of such applications for the additional issue of Shares. Any changes to a Shareholder’s payment details or payment instructions will only be made on receipt of an original instruction. No redemption payment may be made to a Shareholder until the original Subscription Agreement has been received (including supporting documentation in relation to money laundering prevention checks) and anti-money laundering procedures have been completed.

Fractions of not less than 1/1,000 of a Share may be issued. Subscription moneys representing smaller fractions of Shares will not be returned to the Applicant but will be retained as part of the assets of the relevant Fund.

Under the Constitution, the Directors have absolute discretion to accept or reject in whole or in part any applications for Shares without assigning any reason therefore. The Subscription Agreement contains certain conditions regarding the application procedure for Shares in the Company and certain indemnities in favour of the Directors, the Investment Manager, the Administrator, the Depositary and the other Shareholders for any loss suffered by them as a result of certain Applicants acquiring or holding Shares.

If an application is rejected, the Administrator at the cost and risk of the Applicant will, subject to any applicable laws, return application monies or the balance thereof, without interest, by electronic transfer to the account from which it was paid within 6 Business Days of the rejection.

Issue Price

The Issue Price at which Shares of any Class of any Fund will be issued on a Dealing Day when Shares are in issue after the Initial Offer Period is calculated by ascertaining the Net Asset Value per Share of the relevant Class on the relevant Dealing Day plus any duties and charges.
At the discretion of the Directors, a Preliminary Charge of up to 5% of the Issue Price may be charged for payment to the Company or at the discretion of the Directors, to financial intermediaries and distributors involved in the distribution of the Shares.

**Anti-Dilution Levy**

The Directors may make an adjustment by way of an addition to the subscription amount which will be reflected in the Issue Price when there are net subscriptions of a charge which the Investment Manager considers represents an appropriate figure to cover dealing costs and to preserve the value of the underlying assets of the relevant Fund. Any such charge or levy shall be retained for the benefit of the relevant Fund and the Directors reserve the right to waive such charge or levy at any time.

**Payment for Shares**

Payment in respect of the issue of Shares must be made by the relevant Settlement Date by wire transfer in cleared funds in the currency of the relevant Shares. The Administrator may, at its discretion, accept payment in other currencies, but such payments will be converted into the currency of the relevant Share class at the then prevailing exchange rate available to the Administrator and only the net proceeds (after deducting the conversion expenses) will be applied towards payment of the subscription moneys. This may result in a delay in processing the application.

If payment in full has not been received by the Settlement Date, or in the event of non-clearance of funds, all or part of any allotment of Shares made in respect of such application may, at the discretion of the Directors, be cancelled, or, alternatively, the Administrator may treat the application as an application for such number of Shares as may be purchased with such payment on the Dealing Day next following receipt of payment in full or of cleared funds. In such cases the Directors may charge the Applicant for any resulting loss incurred by the relevant Fund. The Directors reserve the right to charge interest at a reasonable commercial rate on subscriptions which are settled late.

**In Specie Issues**

The Directors may in their absolute discretion accept payment for Shares of a Fund in specie, provided that (a) the Depositary is satisfied that no material prejudice would result to any existing Shareholder in any Fund, allot Shares in any Fund against the vesting in the Depositary on behalf of the Company of investments which would form part of the assets of the relevant Fund provided and (b) such investments would qualify as an investment of the relevant Fund in accordance with its investment objective, strategies and restrictions. The number of Shares to be issued in this way shall be the number which would on the day the investments are vested in the Depositary on behalf of the Company have been issued for cash against the payment of a sum equal to the value of the investments. The value of the investments to be vested shall be calculated by applying the valuation methods described under the section entitled Calculation of Net Asset Value/ Valuation of Assets below.

**Anti-Money Laundering Provisions**

Measures provided for under the Criminal Justice (Money Laundering and Terrorist Financing) Act 2010 (as amended) (the AML Act) which are aimed towards the prevention of money laundering, require identification and verification of the identity of each Applicant and its beneficial owners, as applicable, and on-going due diligence of the Applicant and the Applicant’s account with the Company.

The Administrator reserves the right to request information and documentation to comply with its requirements under the AML Act or otherwise, including but not limited to information and documentation in relation to the verification of identity of an Applicant and its beneficial owners, as applicable, the source of funds and/or ongoing due diligence of an Applicant and its account with the
Company. By way of example an Applicant may be required to produce a copy of a passport or national identification card which must display a photograph, signature (where required) and date of birth of the bearer and be duly certified by any other person specified in the application form, together with evidence of his/her address such as a two original or certified utility bills or bank statements from a reputable financial institution not more than three months old. In the case of corporate applicants this may require production of a certified copy of the certificate of incorporation (and any change of name), constitution/memorandum and articles of association (or equivalent), and the names, occupations, dates of birth and residential and business addresses of all directors. Additional information may be required at the Administrator's discretion to verify the source of the subscription monies. In the event of delay or failure by the Applicant to produce any information or documentation required for such purposes, the Administrator may refuse to accept the application and return all subscription monies or compulsorily redeem such Shareholder's Shares and/or payment of redemption proceeds will be withheld and will not be dispatched to a Shareholder until such information or documentation is received by the Administrator and none of the Fund, the Directors, the Investment Manager, the Depositary or the Administrator shall be liable to the Applicant or Shareholder where an application for Shares is not processed or Shares are compulsorily redeemed or redemption proceeds are withheld in such circumstances. If an application is rejected, the Administrator will return application monies or the balance thereof by electronic transfer in accordance with any applicable laws to the account from which it was paid at the cost and risk of the Applicant.

Form of Shares and Confirmation of Ownership

Only registered Shares will be issued and ownership of Shares will be reflected on the share register of the Company. A written contract note showing details of ownership, as recorded in the share register, will normally be issued to the Shareholder of record on the Administrator's books on the Business Day subsequent to the publication of the Net Asset Value for the relevant Dealing Day. Share certificates will not be issued. No Shares will be issued in bearer form. Shareholders should contact the Administrator in the event that any of the personal information provided by them in their application form, on the contract note or shareholder account statement becomes out-of-date or incorrect.

Limitations on Purchases

Shares may not be issued or sold by the Company during any period when the calculation of the Net Asset Value of the relevant Fund is suspended in the manner described under Suspension of Calculation of Net Asset Value below. Applicants for Shares will be notified of such postponement and, unless withdrawn, their applications will be processed as at the next Dealing Day following the ending of such suspension.

Eligible Investors

Shares may only be offered to, sold to or held by or for the benefit of any person who is permitted or qualified under the jurisdictions to which it is subject to purchase Shares lawfully offered in such jurisdiction.

The Directors may restrict or prevent direct or indirect ownership of Shares by any U.S. Person.

Shares may not be offered to, sold to or held by or for the benefit of anyone in any jurisdiction: (a) in which authorization for such offer or solicitation is required but is not obtained; or (b) in which the person making such offer or solicitation is not qualified to do so; or (c) to any person to whom it is unlawful to make such offer or solicitation. In particular, the Shares may not be directly or indirectly offered or sold in the United States (as defined herein) or to or for the benefit of a U.S. Person (as defined herein).
Further ownership restrictions may become necessary to reflect changes in the applicable law and regulations of the United States, the United Kingdom or any other jurisdiction whose laws may be applicable to any portfolio.

The Directors have been granted the exclusive right to determine conclusively whether any person or entity is an eligible investor (as hereinafter described) and any such determination may be made after an investment has been made. If it is determined that Shares are beneficially owned by a person who is not eligible, either alone or in conjunction with any other person, because the person is (unless the Directors determine otherwise) a U.S. Person or is in breach of any of the laws or requirements of any country or government authority or is a person whose holding might result in the Company incurring any liability to taxation or suffering any other pecuniary disadvantage which it might not otherwise have incurred or suffered, the Company will compulsorily repurchase such Shares at the prevailing net asset value per Share.

Investor Representations

Each Applicant will be required, prior to the purchase of any Shares, to demonstrate to the satisfaction of the Company that, among other things, such Applicant:

(a) has received and reviewed this Prospectus and any relevant KIID;
(b) holds all Shares subject to the terms of this Prospectus and Constitution and understands that the Company will not be registered under the U.S. federal securities laws or the securities laws of any state of the United States;
(c) understands that the Company will not be registered under the 1940 Act and that the Shares of the Company will not be registered under the Securities Act or the securities laws of any State of the United States;
(d) has such knowledge and experience in business and financial matters as to be capable of evaluating the merits and risks of investing in the Company and is able to bear the economic risk of that investment;
(e) is purchasing the Shares for investment and not with the intent of resale or distribution;
(f) was not solicited to purchase and has not previously purchased Shares while physically present within the United States;
(g) is not a U.S. Person and is not acting on behalf of a U.S. Person as trustee or otherwise;
(h) has not received funds from any U.S. Person to purchase Shares and will not sell, transfer or otherwise dispose of such investor's Shares or any interest in such Shares, directly or indirectly, within the United States or to any U.S. Person;
(i) will notify the Company immediately if it should become a U.S. Person;
(j) understands that investments in the Company are not deposits with or obligations of, or guaranteed or endorsed by, Deutsche Bank AG or any other bank and that Shares of the Company are not insured by the U.S. Federal Deposit Insurance Corporation, the U.S. Federal Reserve Board, any U.S. governmental agency or the Central American Bank for Economic Integration;
(k) is not purchasing, and will not purchase, Shares with monies that are or will be derived from illegal activities;

(l) is not purchasing, and will not purchase, Shares as part of any activity that is intended or conducted to hide or disguise monies or assets derived from illegal activities; and

(m) is not purchasing, and will not purchase, Shares as part of any activity designed to evade the currency transaction reporting requirements of the United States or any governmental agency of the United States.
Redemption of Shares

All requests for the redemption of Shares should be made to the Administrator in writing by facsimile or other electronic methods, as will be previously agreed with the Administrator, by way of a signed redemption application form. All such requests must quote the relevant Shareholder account number, the relevant Fund(s) and Share Class and any other information that the Administrator reasonably requires and must be signed by or on behalf of the Shareholder by a person authorised by the Shareholder with the ability to bind the Shareholder and where the details of any such authorised person have been previously provided to the Administrator before payment of Redemption Proceeds can be made.

Redemption requests by facsimile or other electronic methods received in the prescribed format, containing all required information, and signed by or on behalf of the Shareholder by an authorised person will be treated as definite orders. Requests received on or prior to the relevant Dealing Deadline will normally be dealt with on the relevant Dealing Day. Redemption requests received after the Dealing Deadline shall, unless the Administrator, in consultation with the Investment Manager shall otherwise agree on an exceptional basis and provided they are received before the relevant Valuation Point, be treated as having been received by the following Dealing Deadline.

Shareholders must notify the Administrator with a copy to the Investment Manager of any withdrawals of a redemption request by the Dealing Deadline. The Administrator, in consultation with Investment Manager may on an exceptional basis accept such withdrawals on less notice.

If requested, the Directors may, in their absolute discretion and subject to the prior approval of the Depositary and notification to all of the Shareholders in the relevant Fund, agree to designate additional Dealing Days and Valuation Points for the redemption of Shares relating to any Fund.

The Administrator will not accept redemption requests, which are incomplete, until all the necessary information is received in the prescribed form by the Administrator.

Redemption Price

The price at which Shares will be redeemed on a Dealing Day is the Net Asset Value per Share of the relevant Class on the relevant Dealing Day less any duties and charges. The method of establishing the Net Asset Value of any Fund and the Net Asset Value per Share of any Class of Shares in a Fund is set out in the Constitution as described herein under the section entitled Calculation of Net Asset Value/Valuation of Assets below.

A Redemption Charge of up to 3 per cent. of the Redemption Price may be charged by the Directors for payment to the Investment Manager or its nominee.

Anti-Dilution Levy

The Directors may make an adjustment by way of a deduction from the Redemption Proceeds when there are net redemptions of a charge which the Investment Manager considers represents an appropriate figure to cover dealing costs and to preserve the value of the underlying assets of the relevant Fund. Any such charge or levy shall be retained for the benefit of the relevant Fund and the Directors reserve the right to waive such charge or levy at any time.
Payment of Redemption Proceeds

No redemption payment may be made to a Shareholder until the original Subscription Agreement and all documentation required by the Administrator, including any document in connection with the AML Act or other requirements and/or any anti-money laundering procedures have been completed, sent to and received by the Administrator.

The Redemption Proceeds (minus any charge provided for above) will be paid at the Shareholder's risk and expense by electronic transfer to an account in the name of the Shareholder in the currency of denomination of the relevant Share Class (or in such other currency as the Directors shall determine) by the Settlement Date. In respect of redemption requests received by facsimile or other electronic methods (such as email), payment of such Redemption Proceeds will be made to the registered Shareholder.

Any redemptions for which instructions are received within a 24 hour period of a change being made to the Shareholder's bank mandate instructions on record will be sent to the old mandate instructions.

Limitations on Redemption

The Company may not redeem Shares of any Fund during any period when the calculation of the Net Asset Value of the relevant Fund is suspended in the manner described under the section entitled Suspension of Calculation of Net Asset Value below. Shareholders requesting redemption of Shares will be notified of such postponement and, unless withdrawn, their applications will be processed as at the next Dealing Day following the ending of such suspension.

The Directors may at their discretion limit the number of Shares of any Fund redeemed on any Dealing Day to Shares representing ten per cent or more of the outstanding Shares in any Fund or Shares representing ten percent or more of the total Net Asset Value of that Fund on that Dealing Day. In this event, the limitation will apply pro rata so that all Shareholders wishing to have Shares of that Fund redeemed on that Dealing Day realise the same proportion of such Shares. Shares not redeemed, but which would otherwise have been redeemed, will be carried forward for redemption on the next and subsequent Dealing Days, on a pro rata basis, until all the Shares to which the original redemption request related have been redeemed. If requests for redemptions are so carried forward, the Administrator will inform the Shareholders affected.

In Specie Redemptions

The Directors may at their discretion and with the consent of the Shareholder or at the request of the Shareholder, satisfy a redemption request by a distribution of investments of the relevant Fund in specie provided that such a distribution would not be prejudicial to the interests of the remaining Shareholders of that Fund. In addition, the Constitution contains special provisions where a redemption request received from a Shareholder would result in Shares representing more than five per cent of the Net Asset Value of any Fund being redeemed by the Company on any Dealing Day. In such a case, the Company may satisfy the redemption request by a distribution of investments of the relevant Fund in specie provided that such a distribution would not be prejudicial to the interests of the remaining Shareholders of that Fund. Where the Shareholder requesting such redemption receives notice of the Company's intention to elect to satisfy the redemption request by such a distribution of assets that Shareholder may require the Company, instead of transferring those assets, to arrange for their sale and the payment of the proceeds of sale to that Shareholder less any costs incurred in connection with such sale. The particular assets to be transferred will be determined by the Directors on such basis as the Directors in their discretion, with the approval of the Depositary, consider not to be prejudicial to the interests of the remaining Shareholders in the Fund. The value of the assets to be transferred will be determined on the same basis as used in calculating the Net Asset Value and may be adjusted as the Directors may be determine to reflect the liabilities of the Fund as a result of the transfer of such assets. Any shortfall between the value of the assets transferred on a redemption in
specie and the redemption proceeds which would have been payable on a cash redemption will be satisfied in cash. Any decline in the value of the assets to be transferred in settlement of a redemption between the relevant Dealing Day and the day on which such assets are delivered to the redeeming Shareholder will be borne by the redeeming Shareholder.

**Mandatory Redemptions**

The Company may compulsorily redeem all of the Shares of the CABEI Central American Portfolio if its Net Asset Value is less than the Minimum Fund Size.

The Company reserves the right to impose restrictions on the holding or transfer of Shares directly or indirectly by or to (and consequently to redeem Shares held by):

(a) a person or entity who, in the opinion of the Directors is a U.S. Person (unless the Directors determine (i) the transaction is permitted under an exemption available under the Securities Act and (ii) that the relevant Fund and the Company continue to be entitled to an exemption from registration as an investment company under the Investment Company Act if such person holds Shares);

(b) a person or entity who breached or falsified representations on the Subscription Agreement;

(c) a person or entity who appears to be in breach of any law or requirement of any country or government authority or by virtue of which such entity is not qualified to hold Shares;

(d) a person or entity who has not provided the required tax documentation or supporting documentation for money laundering prevention checks;

(e) a person or entity if the holding of the Shares by that entity is unlawful or is less than the Minimum Initial Investment Amount set for that class of Shares by the Directors;

(f) a person or entity in circumstances which (whether directly or indirectly affecting such person or persons, and whether taken alone or in conjunction with any other persons, connected or not, or any other circumstances appearing to the Directors to be relevant), in the opinion of the Directors, might result in the relevant Fund incurring any liability to taxation or suffering any pecuniary liability to taxation or suffering other pecuniary, legal, regulatory or material administrative disadvantage which the relevant Fund might not otherwise have incurred or suffered (including where the relevant Fund suspects market timing) or might result in the relevant Fund being required to comply with registration or filing requirements in any jurisdiction with which it would not otherwise be required to comply or is otherwise prohibited by the Constitution;

(g) a person under the age of 18 years or of unsound mind; and

(h) any transfer in regard to which any payment of taxation remains outstanding.

If it shall come to the notice of the Directors or if the Directors shall have reason to believe that any Shares are owned directly or beneficially by any person or persons in breach of any restrictions imposed by the Directors, the Directors shall be entitled to (i) give notice (in such form as the Directors deem appropriate) to such person requiring him to request in writing the redemption of such Shares in accordance with the Constitution and/or (ii) as appropriate, compulsorily redeem and/or cancel such number of Shares held by such person and may apply the proceeds of such compulsory
redemption in the discharge of any taxation or withholding tax arising as a result of the holding or beneficial ownership of Shares by such person including any interest or penalties payable thereon.

Any outstanding proceeds of such compulsory redemption will not be paid unless the original Subscription Agreement signed by or on behalf of the Shareholder has been received by the Administrator and all documentation required by the Administrator, including any document in connection with the AML Act or other requirements and/or any anti-money laundering procedures have been completed.

**Exchange of Shares**

Unless otherwise determined by the Directors, Shareholders will be able to apply to exchange on any Dealing Day all or part of their holding of Shares of any Class in any Fund (the *Original Class*) for Shares in another Class in a Fund which are being offered at that time (the *New Class*) (such Class being in the same Fund or in a separate Fund) provided that all the criteria for applying for Shares in the New Class have been met (including being entitled to the same tax treatment/benefits under taxation treaties as the other Shareholders in the New Class) and by giving notice to the Administrator on or prior to the Dealing Deadline for the relevant Dealing Day. The Directors may in their sole and absolute discretion accept requests for exchange received after the relevant Dealing Deadline in exceptional circumstances provided they are received prior to the relevant Valuation Point. The Directors may at their discretion nominate an additional Dealing Day to facilitate applications for exchange of Shares which will be notified in advance to all Shareholders. The general provisions and procedures relating to the issue and redemption of Shares will apply equally to exchanges, save in relation to charges payable.

When requesting the exchange of Shares as an initial investment in a Fund, Shareholders should ensure that the value of the Shares exchanged is equal to, or exceeds, the Minimum Initial Investment Amount for the relevant New Class. The Directors may deduct a charge on an exchange of Shares which the Investment Manager considers represents an appropriate figure to cover dealing costs, stamp duties, market impact and to preserve the value of the underlying assets of the Fund when there are net subscriptions and redemptions. Any such charge will be retained for the benefit of the relevant Fund the Directors reserve the right to waive such charge at any time.

The Directors may impose an exchange charge of up to 3% of the repurchase amount of the Shares being exchanged.

The number of Shares of the New Class to be issued will be calculated in accordance with the following formula:

\[ S = \left[ \frac{(RP - EC)}{SP} \right] \]

where:

- \( S \) = the number of Shares of the New Class to be issued;
- \( RP \) = Redemption Proceeds
- \( EC \) = Exchange Charge
- \( SP \) = Issue Price per Share of the New Class as at the Valuation Point for the applicable Dealing Day.
Limitations on Exchanges

Shares may not be exchanged for Shares of a different Class during any period when the calculation of the Net Asset Value of the relevant Fund or Funds is suspended in the manner described under the section entitled Suspension of Calculation of Net Asset Value below. Applicants for the exchange of Shares will be notified of such postponement and, unless withdrawn, their applications will be considered as at the next Dealing Day following the ending of such suspension.

Transfer of Shares

Shares in each Fund will be transferable by instrument in writing in common form or in any other written form approved by the Directors and signed by (or, in the case of a transfer by a body corporate, signed on behalf of or sealed by) the transferor. The Directors may decline to register any transfer of Shares unless the instrument of transfer is deposited at the registered office of the Company or with the Administrator together with such other evidence as may reasonably be required to show the right of the transferor to make the transfer and/or any evidence required to discharge the Company's and the Administrator's duties in respect of any applicable AML Laws and/or regulations.

The transferee will be required to complete a Subscription Agreement and any other documentation required by the Administrator in addition to providing any documentation or information under the AML Act or its anti-money laundering procedures.

The transferor shall be deemed to remain the holder of the Share until the name of the transferee is entered in the share register in respect thereof.

Shares may not be transferred to any person as described in the Mandatory Redemptions section below.

If the transferor is, or is deemed to be, or is acting on behalf of an Irish Person, the Company is entitled to redeem and cancel a sufficient portion of the transferor's Shares as will enable the Company to pay the tax payable in respect of the transfer to the Revenue Commissioners in Ireland.

In the case of the death of one of joint Shareholders, the survivor or survivors will be the only person or persons recognised by the Company as having any title to or interest in the Shares registered in the names of such joint Shareholders.

Dealing Restrictions

Market Timing

The Company, at its discretion, reserves the right to refuse to accept any application for initial or subsequent subscription or to compulsorily redeem Shares held by any Shareholder, without giving any reason where the Company suspects market timing. Without limiting the foregoing, and as further described below, the Company may not be used as a vehicle for frequent trading in response to short term market fluctuations (so called market timing). Accordingly, the Company may reject any subscriptions (or compulsorily redeem Shares) from any investor that it determines is engaged in market timing or other activity which it believes is harmful to the Company or any Fund. If a subscription is rejected, subscription proceeds will be returned without interest to the Applicant, as soon as practicable.

Abusive Trading Practices/Market Timing

The Directors generally encourage investors to invest in the Funds as part of a long-term investment strategy and discourages excessive or short term or abusive trading practices. Such activities, sometimes referred to as "market timing", may have a detrimental effect on the Funds and
Shareholders. For example, depending upon various factors such as the size of a Fund and the amount of its assets maintained in cash, short-term or excessive trading by Shareholders may interfere with the efficient management of the relevant Fund's assets, may increase transaction costs and taxes and may harm the performance of that Fund.

The Directors seek to deter and prevent abusive trading practices and to reduce these risks, through several methods, including the following:

(a) to the extent that there is a delay between a change in the value of a Fund's holdings and the time when that change is reflected in the Net Asset Value per Share, the Fund is exposed to the risk that investors may seek to exploit this delay by purchasing or repurchasing Shares at a Net Asset Value which does not reflect appropriate fair value prices. The Directors seek to deter and prevent this activity, sometimes referred to as "stale price arbitrage", by the appropriate use of their power to adjust the value of any investment having regard to relevant considerations in order to reflect the fair value of such investment; and

(b) the Directors may monitor Shareholder account activities in order to detect and prevent excessive and disruptive trading practices and reserve the right to exercise their discretion (in accordance with the terms of the Constitution to reject any subscription or conversion transaction without assigning any reason therefor and without payment of compensation if, in its judgment, the transaction may adversely affect the interest of the Fund or its Shareholders. The Directors may also monitor Shareholder account activities for any patterns of frequent purchases and sales that appear to be made in response to short-term fluctuations in the Net Asset Value per Share and may take such action as they deem appropriate to restrict such activities including, if they so determine, levying a repurchase fee.

There can be no assurances that abusive trading practices can be mitigated or eliminated. For example nominee accounts in which purchases and sales of Shares by multiple investors may be aggregated for dealing with the CABEI Central American Portfolio on a net basis, conceal the identity of underlying investors in the Portfolio which makes it more difficult for the Directors and their delegates to identify abusive trading practices.

**Calculation of Net Asset Value/Valuation of Assets**

The Net Asset Value of each Fund shall be calculated by the Administrator as at the Valuation Point for each Dealing Day by valuing the assets of the Fund and deducting therefrom the liabilities of the Fund. The Net Asset Value of a Fund divided by the number of Shares of the relevant Fund in issue as at the relevant Valuation Point is equal to the Net Asset Value of a Share of the relevant Fund. Where there is more than one Class in issue in a Fund, the Net Asset Value per Share of the relevant Class is calculated by determining that proportion of the Net Asset Value of the relevant Fund which is attributable to the relevant Class at the Valuation Point, and adding thereto or deducting therefrom such sum (if any) as the Administrator may consider represents the appropriate provision for purchase or sales charges and by dividing this sum by the total number of Shares of the relevant Class in issue at the relevant Valuation Point.

The price at which Shares of any class will be issued on a Dealing Day, after the initial issue, is based on the Net Asset Value per Share or Net Asset Value per Share of the relevant Class (where there is more than one Class in issue in a Fund) plus a provision for any duties and charges as set out in this Prospectus. The price at which Shares of any class will be redeemed on a Dealing Day, is based on the Net Asset Value per Share or Net Asset Value per Share of the relevant Class (where there is more than one Class in issue in a Fund) less a provision for any duties and charges. The Net Asset Value and the Net Asset Value per Share will in each case be rounded to two decimal places or such other number of decimal places as the Directors may determine.
In addition and at the discretion of the Directors, the Administrator may, in calculating the redemption price, deduct such sum as they consider fair and which is approved by the Depositary, in respect of redemption or switching requests which will necessitate a Fund breaking deposits at a penalty or realising investments at a discount in order to realise assets to provide monies to meet such redemption or switching requests or, in the event that the Fund borrows funds to meet any such redemption or switching request, a sum to meet the cost of such borrowing.

Valuation policies applied in relation to the Company will be applied on a consistent basis throughout the life of the Company and there will be consistency in the policies adopted throughout the various categories of assets.

The Constitution provides for the method of valuation of the assets and liabilities of each Fund and of the Net Asset Value of each Fund. The Company has delegated the calculation of the Net Asset Value to the Administrator. The assets and liabilities of a Fund will be valued as follows:-

In general, the Constitution provides that the value of any investments quoted, listed or dealt in on a market shall be calculated by reference to the last bid price as at the relevant Valuation Point provided that the value of any investment listed or dealt in on a Regulated Market but acquired or traded at a premium or at a discount outside the relevant market may with the approval of the Depositary be valued taking into account the level of premium or discount as at the date of valuation of the investment and the Depositary must ensure the adoption of such a procedure is justifiable in the context of establishing the probable realisation value of the security.

Where such investment is quoted, listed or dealt in on more than one Regulated Market, the Directors shall, in their absolute discretion, select the Regulated Market which in its opinion constitutes the main Regulated Market for such investment for the foregoing purposes.

The value of any investment which is not quoted, listed or dealt in on a Regulated Market or of any investment which is normally quoted, listed or dealt in on a Regulated Market but in respect of which no price is currently available or the current price of which does not in the opinion of the Directors reflect the fair market value thereof in the context of currency, marketability dealing costs and/or such other considerations as are deemed relevant, shall be the probable realisation value estimated with care and in good faith by (i) the Director or (ii) by a competent person appointed by the Director, in each case approved, for such purpose, by the Depositary. In determining the probable realisation value of any such investment, the Director may accept a certified valuation from a competent independent person which shall be the Investment Manager (notwithstanding that the Investment Manager has an interest in the valuation), who in each case shall be approved by the Depositary to value the relevant securities. Where reliable market quotations are not available for fixed income securities, the value of such securities may be determined by reference to the valuation of other securities which are comparable in rating, yield, due date and other characteristics. The matrix methodology will be compiled by the Directors or a competent person, firm or corporation appointed by the Directors and in each case approved for the purpose by the Depositary or any other means provided that the value is approved by the Depositary.

Units or shares in open-ended CIS other than those valued in accordance with the foregoing paragraphs shall be valued at the latest available net asset value per share, share or class thereof as published by the CIS as at the Valuation Point for the relevant Dealing Day.

The Constitution further provides that cash in hand or on deposit and other liquid assets, prepaid expenses, cash dividends, interest declared or accrued and not yet received and tax reclaims filed and not yet received as at the relevant Valuation Point shall normally be valued at their face value plus accrued interest (unless in any case the Directors are of the opinion that the same is unlikely to be paid or received in full in which case the value thereof shall be arrived at after making such discount as the Directors may consider appropriate in such case to reflect the true value thereof); certificates of deposit, treasury bills, bank acceptances, trade bills and other negotiable investments
shall each be valued at each Valuation Point at the last bid price on the Regulated Market on which these assets are traded or admitted for trading (being the Regulated Market which is the sole Regulated Market or in the opinion of the Directors the principal Regulated Market on which the assets in question are quoted or dealt in).

The value of any over the counter derivative contracts shall be the quotation from the counterparty to such contracts at the Valuation Point and shall be valued daily. The valuation will be approved or verified weekly by a party independent of the counterparty who has been approved, for such purpose, by the Depositary. Alternatively, the value of any over-the-counter derivative contract may be the quotation from an independent pricing vendor or that calculated by the Fund itself and shall be valued daily. Where an alternative valuation is used by the Fund, the Fund will follow international best practice and adhere to specific principles on such valuation by bodies such as IOSCO and AIMA. Any such alternative valuation must be provided by a competent person appointed by the Directors and approved for the purpose by the Depositary, or a valuation by any other means provided that such value is approved by the Depositary. Any such alternative valuation must be reconciled to the counterparty valuation on a monthly basis. Where significant differences arise they must be promptly investigated and explained.

The value of any exchange traded futures contracts, share price index futures contracts and options and other derivative instruments shall be the settlement price as determined by the Regulated Market in question as at the Valuation Point provided that where such settlement price is not available for any reason as at a Valuation Point, such value shall be the probable realisation thereof estimated with care and in good faith by (i) the Directors or (ii) a competent person appointed by the Directors, provided that the Directors or such other competent person have been approved for such purpose by the Depositary (iii) any other means provided that the value is approved by the Depositary.

Forward foreign exchange contracts shall be valued by reference to the freely available market maker quotations, namely, the price as at the Valuation Point at which a new forward exchange contract of the same size and maturity could be undertaken, or if unavailable, at the settlement price provided by the counterparty. The settlement price shall be valued at least daily by the counterparty and shall be verified at least weekly by a party who is independent from the counterparty and approved for such purpose by the Depositary.

In the case of a Fund which is a money market fund, the Directors or their delegates may value any investment through the use of amortised cost. The amortised cost method of valuation may only be used in relation to Funds which comply with the Central Bank's requirements for short term money market funds and where a review of the amortised cost valuation vis-à-vis market valuation will be carried out in accordance with the Central Bank's guidelines.

Money market instruments in a money market fund or non-money market Fund may be valued by the Directors or their delegates at their amortised cost, in accordance with the Central Bank's requirements.

Notwithstanding the foregoing valuation rules, in the event of substantial or recurring net subscriptions (where total subscriptions of a Fund exceeds total redemptions), the Directors may adjust the Net Asset Value per Share to reflect the value of the Company's assets using the lowest market dealing offer price as at the relevant Valuation Point in order to preserve the value of the shareholding of continuing Shareholders. In the event of substantial or recurring net redemptions (where total redemptions of any Fund exceeds total subscriptions), the Directors may adjust the Net Asset Value per Share to reflect the value of the Company's assets using the lowest market dealing bid price in order to preserve the value of the shareholding of continuing Shareholders.

If in any case a particular value is not ascertainable as provided above or if the Directors shall consider that some other method of valuation better reflects the fair value of the relevant investment, then in such case the method of valuation of the relevant investment shall be such as the Directors or
another competent person appointed by the Directors shall determine, such method of valuation to be approved by the Depositary. In calculating the value of any security, the Directors or the Investment Manager and Administrator as their delegates shall be entitled to use the services of any recognised information or pricing service. In such circumstances, the Directors or the Investment Manager and the Administrator as their delegates shall not, in the absence of fraud, negligence or wilful default on its part, be liable for any loss suffered by reason of any error in the calculation of the value of any security resulting from any inaccuracy in the information provided by any such pricing service, broker, market maker or other intermediary.

Notwithstanding the generality of the foregoing, the Directors may with the approval of the Depositary adjust the value of any such security if, having regard to currency, anticipated rate of dividend, applicable rate of interest, maturity, liquidity, marketability and/or such other considerations as the Directors or the Investment Manager may deem relevant, the Directors considers that such adjustment is required to reflect the fair value thereof as at any Valuation Point.

Any value expressed otherwise than in the Base Currency of the Fund (whether of any investment or cash) and any non-Base Currency borrowing shall be converted into the Base Currency at the rate which the Administrator shall determine to be appropriate in the circumstances.

Suspension of calculation of Net Asset Value

The Directors may at any time temporarily suspend the calculation of the Net Asset Value of any Fund and the issue, redemption and exchange of Shares and the payment of redemption proceeds:

(a) during any period when any of the Regulated Markets on which a substantial portion of the investments of the relevant Fund, from time to time, are quoted, listed or dealt in is closed, otherwise than for ordinary holidays, or during which dealings therein are restricted or suspended; or

(b) during any period when, as a result of political, economic, military or monetary events or any circumstances outside the control, responsibility and power of the Directors, disposal or valuation of a substantial portion of the investments of the relevant Fund is not reasonably practicable without this being seriously detrimental to the interests of Shareholders of the relevant Fund or if, in the opinion of the Directors, the Net Asset Value of the Fund cannot be fairly calculated; or

(c) during any breakdown in the means of communication normally employed in determining the price of a substantial portion of the investments of the relevant Fund, or when, for any other reason the current prices on any Regulated Market of any of the investments of the relevant Fund cannot be promptly and accurately ascertained; or

(d) during any period during which any transfer of funds involved in the realisation or acquisition of investments of the relevant Fund or when payments due on the redemption of Shares from Shareholders cannot, in the opinion of the Directors, be effected at normal prices or rates of exchange; or

(e) during any period when the Directors are unable to repatriate funds required for the purpose of making payments due on the redemption of Shares in the relevant Fund; or

(f) during any period when the Directors consider it to be in the best interest of the Shareholders of the relevant Fund; or
upon mutual agreement between the Company and the Depositary, any period following the circulation to Shareholders of a notice of a general meeting at which a resolution for the purpose of terminating the Company or any Fund is to be proposed; or

when any other reason makes it impracticable to determine the value of a substantial portion of the assets of the Company or any Fund.

Where possible, all reasonable steps will be taken to bring any period of suspension to an end as soon as practicable.

Shareholders who have requested issue or redemption of Shares of any class or the exchange of Shares of one class to another will be notified of any such suspension in such manner as may be directed by the Directors and, unless withdrawn but subject to the limitation referred to above, their requests will be dealt with on the first relevant Dealing Day after the suspension is lifted. Any such suspension will be notified on the same Business Day to the Central Bank. If shares are marketed for sale in any country where such a suspension must be notified, the suspension will be communicated without delay to the competent authorities in each such country. Details of any such suspension will also be notified to all Shareholders and will be published in a newspaper circulating in an appropriate jurisdiction, or such other publications as the Directors may determine if, in the opinion of the Directors, it is likely to exceed 14 days.

Notification of Prices

The Net Asset Value per Share of each class of Shares in each Fund will be available from the Administrator and will be published on www.cabeifund.com or on certain websites daily as the Directors may decide from time to time and as notified to the Shareholders in advance. Such prices will be the latest prices available but will be applicable to the previous Dealing Day's trades and will therefore only be indicative after the relevant Dealing Day.
FEES AND EXPENSES

Establishment Expenses

The cost of establishing subsequent Funds may be borne by the Company or the relevant Fund and in that event, this Prospectus will be updated accordingly. Establishment costs related to the CABEI Central American Portfolio have been fully amortised.

General

The Company may pay out of the assets of each Fund the fees and expenses payable to the Investment Manager, Administrator, the Depositary, any distributor, the Placement Agent, the Sub-Agents, Consultants, any facilities agent, any paying agent, the fees and expenses of sub-custodians (which will be at normal commercial rates), the fees and expenses of any investment advisers or any other delegates of the Company, the fees (if any) and expenses of the Directors, any fees in respect of circulating details of the Net Asset Value, stamp duties, all taxes and VAT, company secretarial fees, any costs incurred in respect of meetings of Shareholders, marketing and distribution costs, investment transaction charges, costs incurred in respect of the distribution of income to Shareholders, pricing and bookkeeping costs, the fees and expenses of any other facilities agent or representative appointed in compliance with the requirements of another jurisdiction (which will be at normal commercial rates), any amount payable under indemnity provisions contained in the Constitution or any agreement with any appointee of the Company, all sums payable in respect of directors' and officers' liability insurance cover, brokerage or other expenses of acquiring and disposing of investments, the fees and expenses of the auditors, tax and legal advisers, regulatory fees, the fees connected with registering the Company for sale in other jurisdictions, the fees and expenses in connection with obtaining and maintaining a credit rating for any Fund, Class or Shares. The costs of printing and distributing this Prospectus, Key Investor Information Document, reports, accounts and any explanatory memoranda, any necessary translation fees, the costs of publishing prices and any costs incurred as a result of periodic updates of the Prospectus, or of a change in law or the introduction of any new law (including any costs incurred as a result of compliance with any applicable code, whether or not having the force of law) may also be paid out of the assets of the Company. All recurring expenses and fees will be charged against current income or against realised and unrealised capital gains, or, where there is not sufficient income or capital gains to cover the fees and expenses of the Company, against the capital or assets of the Company in such manner and over such period as the Directors may from time to time decide.

When a Fund invests in the shares or units of other CIS and those other CIS are managed directly or by delegation, by the Investment Manager or by any other company with which the Investment Manager is linked by common management or control, or by a substantial direct or indirect holding, the Investment Manager or other company shall not charge subscription, conversion or redemption fees on account of the investment of the Fund in the shares or units of such other CIS.

Investment Manager Fees

The Investment Manager shall be entitled to receive a fee of 40 basis points per annum in respect of the first 100 million USD (or 30 basis points per annum in respect of the amounts which exceed 100 million USD) of the average daily Net Asset Value of the CABEI Central American Portfolio (the Portfolio).
Performance Fee

In addition, the Investment Manager will be entitled to be paid out of the assets of the CABEI Central American Portfolio a performance fee in respect of each financial year commencing 1 January 2005 (each period hereinafter referred to as a Performance Period) subject to the following:

The performance fee shall be an amount equal to 20% of the amount of any outperformance by the Portfolio over the Hurdle Rate, being the rate calculated as at close of business on the last Business Day of the relevant Performance Period in relation to the Net Asset Value of the Portfolio. The Hurdle Rate is 12 months US Dollar LIBOR, as set by the British Bankers’ Association plus 200 basis points.

The performance of the Portfolio is calculated daily using the time-weighted method. The performance is calculated net of all fees and costs. If distributions out of the Portfolio shall be made in the future, these amounts shall be added.

The performance fee will accrue on a daily basis and, if payable, will be charged to the assets of the Portfolio within 30 days of the end of the Performance Period. If this remuneration agreement is terminated prematurely, the calculation period shall end on the date of such premature ending. The additional fee does not include any applicable statutory value-added tax.

In the event of an underperformance of the Portfolio against the Hurdle Rate in a Performance Period, such underperformance will be computed and set against any over performance in future Performance Period(s). Underperformance is carried forward solely for the purpose of calculating the additional fee in the subsequent Performance Period and does not constitute a claim of the investor against the Investment Manager.

No performance fee should be paid unless the Net Asset Value per Share of the Portfolio at the end of a Performance Period shall be higher than the Net Asset Value per Share of the portfolio at the commencement of such Performance Period.

Where performance fees are payable by the Portfolio, these will be based on the net realised and net unrealised gains and losses as at the end of the Performance Period. As a result performance fees may be paid on unrealised gains which may never subsequently be realised.

The calculation of any performance fee shall be verified by the Depositary.

Performance fees payable may accrue as a result of market movements rather that due to the performance of the Investment Manager.

Administrator and Custody Fees

The Company shall pay from the assets of the CABEI Central American Portfolio (the Portfolio) the following fees to the Depositary and the Administrator together with value added tax thereon, if applicable. The Depositary shall be entitled to a fee which is accrued daily and paid monthly in arrears at an annual rate ranging from 1.75 basis points per annum to 2.75 basis points per annum calculated on the Net Asset Value for the assets held, subject to a minimum monthly fee of US$1,000. In addition, the Depositary will also be entitled to receive transaction charges at normal commercial rates, safe keeping fees, fees and charges for sub-custodians (which shall be at normal commercial rates) appointed by it and for all other disbursements incurred in the performance of its duties under the Depositary Agreement. The Administrator shall be entitled to a fee which is accrued daily and paid monthly in arrears at an annual rate of 0.09% of Net Asset Value for the first US$100 million of net assets and 0.07% of the Net Asset Value in excess thereof, subject to a minimum monthly fee of US$4,000, as applicable. The Administrator will also be entitled to receive shareholder account opening, maintenance and transaction charges as well as a fee for financial statement preparation at normal commercial rates. The Administrator will also be entitled to receive fees for tax reporting
The Depositary and Administrator will be entitled to be reimbursed their properly vouched reasonable out-of-pocket expenses, from the assets of the Portfolio. To the extent that such charges and expenses may include the fees and expenses of any sub-custodian, these will be charged at normal commercial rates.

**Consultancy Fees**

The Company has entered into a consultancy agreement with each of Lucy Robin, Jamie Chavez, Crinken Consultants Limited and Dostmann & Partners LLP respectively, as detailed on under Material Contracts below. Under the terms of her consultancy agreement, Lucy Robin is entitled to a consultancy fee of US$500 for each day services are provided and is entitled to reimbursement for all reasonably incurred travelling and other expenses up to US$1,000 in any month. Under the terms of his consultancy agreement, Jamie Chavez is entitled to a consultancy fee of €20,000 per annum and is entitled to be reimbursed for all reasonable traveling costs and other out of pocket expenses incurred, including international phone expenses. Crinken Consultants Limited is entitled to a consultancy fee of €16,667 per annum, in addition to reimbursement of all traveling costs and other out of pocket expenses, including international phone expenses. Dostmann & Partners LLP is entitled to €46,000 per annum in consultancy fees, in addition to reimbursement of all traveling costs and other out of pocket expenses, including international phone.

**Placement Agent and Sub-Agent's Fees**

The Company has entered into a Placement Agency Agreement with the Placement Agent, under which the Placement Agent is entitled to the following:

(i) a fee of up to 0.5% of the average of the Shares in the CBEI Central American Portfolio held during the year by any investor introduced by the Placement Agent, subject to reallocation of all or part of such charge to any intermediary and/or the applicant as the Placement Agent may in its discretion decide in relation to each applicant; and

(ii) payment or reimbursement of legal expenses incurred in the negotiation, preparation and settling of the Placement Agency Agreement.

Formento Financiero, S.A. Casa de Bolsa has been appointed as a sub-agent, under a sub-agency agreement as detailed under Material Contracts below. Under the terms of that Sub-Agency Agreement, the Sub-Agent is entitled to be paid up to 18.75 basis points per quarter, subject to a maximum of 75 basis points per year, over the average balance maintained as investments in the sub-fund(s) of the Company on each subscription for Shares procured by the Sub-Agent or such other amount as may be agreed with the Placement Agent. The Sub-Agent is also entitled to be paid properly vouched expenses related to the agreement to not exceed in aggregate US$2,000 during a 12 month period.

**Directors' Fees**

Unless and until determined from time to time by the Company in general meeting, the ordinary remuneration of each Director shall be determined from time to time by resolution of the Directors provided that the aggregate emoluments of each Director in respect of any 12 month period shall not exceed $50,000 or such higher amount as may be approved by the Company in general meeting. All of the Directors will be entitled to be reimbursed out of the assets of each Fund for their reasonable out of pocket expenses incurred in discharging their duties as directors, including all travelling, hotel and other out of pocket expenses properly incurred by them in connection with their attendance at meetings of Directors or committees established by the Directors or separate meetings of the holders of any class of Shares of the Company or otherwise in connection with the discharge of their duties.
Support Services

The Company may engage the services of a professional support services/consultancy organisation (Support Services Firm) to assist it and the Directors in complying with its obligations, legal, regulatory or otherwise. The fees of such Support Services Firm shall be negotiated at arm's length and be charged at normal commercial rates. As at the date of this Prospectus no such professional support services/consultancy organisation has been appointed by the Company.

Preliminary Charge

Shareholders may be subject to a Preliminary Charge calculated as a percentage of Issue Price subject to a maximum of 5% of the Issue Price of Shares purchased by Shareholders. The Preliminary Charge may be waived or reduced at the absolute discretion of the Directors.

Redemption Charge

Shareholders may be subject to a Redemption Charge calculated as a percentage of redemption monies, subject to a maximum of 3% of the Redemption Price of Shares being redeemed. Any such Redemption Charge will be payable to the Company for its absolute use and benefit. In the event of a redemption fee being charged, Shareholders should view their investment as medium to long-term.

Exchange Charge

The Directors may impose an exchange charge of up to 3% of the repurchase amount of the Shares being exchanged for Shares in another Fund or another Share Class.

Allocation of Fees

Such fees, duties and charges will be charged to the Fund and within such Fund to the Class or Classes in respect of which they were incurred or, where an expense is not considered by the Directors to be attributable to any one Fund or Class, the expense will be allocated by the Directors with the approval of the Depositary, in such manner and on such basis as the Directors in their discretion deem fair and equitable. In the case of any fees or expenses of a regular or recurring nature, such as audit fees, the Directors may calculate such fees and expenses on an estimated figure for yearly or other periods in advance and accrue the same in equal proportions over any period.
DATA PROTECTION

In the course of business, the Company will collect, record, store, adapt, transfer and otherwise process information by which prospective investors or investors may be directly or indirectly identified. The Company is a data controller within the meaning of Data Protection Legislation and will hold any personal data provided by investors in accordance with Data Protection Legislation.

The Company and/or any of its delegates or service providers may process prospective investor's personal data for any one or more of the following purposes and legal bases:

- to operate CABEI Central American Portfolio (the Portfolio), including managing and administering a Shareholder's investment in CABEI Central American Portfolio on an ongoing basis which enables the Company to satisfy its contractual duties and obligations to the Shareholder;
- to comply with any applicable legal, tax or regulatory obligations on the Company, for example, under the Companies Acts 2014 and anti-money laundering and counter-terrorism legislation;
- for any other legitimate business interests' of the Company or a third party to whom personal data is disclosed, where such interests are not overridden by the interests of the investor, including for statistical analysis and market research purposes; or
- for any other specific purposes where investors have given their specific consent and where processing of personal data is based on consent, the investors will have the right to withdraw it at any time.

The Company and/or any of its delegates or service providers may disclose or transfer personal data, whether in Ireland or elsewhere (including entities situated in countries outside of the EEA), to other delegates, duly appointed agents and service providers of the Company (and any of their respective related, associated or affiliated companies or sub-delegates) and to third parties including advisers, regulatory bodies, taxation authorities, auditors, technology providers for the purposes specified above.

The Company will not keep personal data for longer than is necessary for the purpose(s) for which it was collected. In determining appropriate retention periods, the Fund shall have regard to the Statute of Limitations Act 1957, as amended, and any statutory obligations to retain information, including anti-money laundering, counter-terrorism, tax legislation. The Company will take all reasonable steps to destroy or erase the data from its systems when they are no longer required.

Where specific processing is based on an investor's consent, that investor has the right to withdraw it at any time. Investors have the right to request access to their personal data kept by the Company and the right to rectification or erasure of their data; to restrict or object to processing of their data, and to data portability, subject to any restrictions imposed by Data Protection Legislation and any statutory obligation to retain information.

The Company and/or any of its delegates and service providers will not transfer personal data to a country outside of the EEA unless that country ensures an adequate level of data protection or appropriate safeguards are in place. The European Commission has prepared a list of countries that are deemed to provide an adequate level of data protection which, to date, includes Switzerland, Guernsey, Argentina, the Isle of Man, Faroe Islands, Jersey, Andorra, Israel, New Zealand and Uruguay. Further countries may be added to this list by the European Commission at any time. The US is also deemed to provide an adequate level of protection where the US recipient of the data is privacy shield-certified. If a third country does not provide an adequate level of data protection, then the Fund and/or any of its delegates and service providers will ensure it puts in place appropriate
safeguards such as the model clauses (which are standardised contractual clauses, approved by the European Commission) or binding corporate rules, or relies on one of the derogations provided for in Data Protection Legislation.

Where processing is carried out on behalf of the Company, the Company shall engage a data processor, within the meaning of Data Protection Legislation, which implements appropriate technical and organisational security measures in a manner that such processing meets the requirements of Data Protection Legislation, and ensures the protection of the rights of investors. The Company will enter into a written contract with the data processor which will set out the data processor’s specific mandatory obligations laid down in Data Protection Legislation, including to process personal data only in accordance with the documented instructions from the Fund.

As part of the Company’s business and ongoing monitoring, the Company may from time to time carry out automated decision-making in relation to investors, including, for example, profiling of investors in the context of anti-money laundering reviews, and this may result in an investor being identified to the revenue authorities, law enforcement authorities and to other entities where required by law, and the Fund terminating its relationship with the investor.

Investors are required to provide their personal data for statutory and contractual purposes. Failure to provide the required personal data will result in the Company being unable to permit, process, or release the investor’s investment in the Company or the CABEI Central American Portfolio and this may result in the Company terminating its relationship with the investor. Investors have a right to lodge a complaint with the Data Protection Commission if they are unhappy with how the Fund is handling their data.

Any questions about the operation of the Company’s data protection policy should be referred in the first instance to Brian Fennessy at brian.fennessy@kbassociates.ie.
The following statements are by way of a general guide to potential investors and Shareholders only and do not constitute tax advice. Shareholders and potential investors are therefore advised to consult their professional advisers concerning possible taxation or other consequences of purchasing, holding, selling or otherwise disposing of the Shares under the laws of their country of incorporation, establishment, citizenship, residence or domicile.

Shareholders and potential investors should note that the following statements on taxation are based on advice received by the Directors regarding the law and practice in force in the relevant jurisdiction at the date of this Prospectus and proposed regulations and legislation in draft form. As is the case with any investment, there can be no guarantee that the tax position or proposed tax position prevailing at the time an investment is made in the Company will endure indefinitely.

Irish Taxation

Tax on income and capital gains

The Company

On the basis that the Company is a UCITS, it is outside the scope of Part 27 Chapter 1B of the TCA dealing with Irish real estate funds. The Company will only be subject to tax on chargeable events in respect of Shareholders who are Irish Persons (generally persons who are resident or ordinarily resident in Ireland for tax purposes - see definitions section for more details).

A chargeable event, for example, occurs on:

(a) a payment of any kind to a Shareholder by the Company;

(b) a transfer of Shares; and

(c) on the eighth anniversary of a Shareholder acquiring Shares and every subsequent eighth anniversary

but does not include any transaction in relation to Shares held in a clearing system recognised by the Irish Revenue Commissioners, certain transfers arising as a result of an amalgamation or reconstruction of fund vehicles and certain transfers between spouses or former spouses.

If a Shareholder is not an Irish Person at the time a chargeable event arises no Irish tax will be payable on that chargeable event in respect of that Shareholder.

Where tax is payable on a chargeable event, subject to the comments below, it is a liability of the Company which is recoverable by deduction or, in the case of a transfer and on the eight year running chargeable event by cancellation or appropriation of Shares from the relevant Shareholders. In certain circumstances, and only after notification by the Company to a Shareholder, the tax payable on the eight year running chargeable event can at the election of the Company become a liability of the Shareholder rather than the Company. In such circumstances the Shareholder must file an Irish tax return and pay the appropriate tax (at the rate set out below) to the Irish Revenue Commissioners.

In the absence of the appropriate declaration being received by the Company that a Shareholder is not an Irish Person or if the Company has information that would reasonably suggest that a declaration is incorrect, and in the absence of written notice of approval from the Revenue
Commissioners to the effect that the requirement to have been provided with such declaration is
deemed to have been complied with (or following the withdrawal of, or failure to meet any conditions
attaching to such approval), the Company will be obliged to pay tax on the occasion of a chargeable
event (even if, in fact, the Shareholder is neither resident nor ordinarily resident in Ireland). Where
the chargeable event is an income distribution tax will be deducted at the rate of 41%, or at the rate of
25% where the Shareholder is a company and the appropriate declaration has been made, on the
amount of the distribution. Where the chargeable event occurs on any other payment to a
Shareholder, not being a company which has made the appropriate declaration, on a transfer of
Shares and on the eight year rolling chargeable event, tax will be deducted at the rate of 41% on the
increase in value of the shares since their acquisition. Tax will be deducted at the rate of 25% on such
transfers where the Shareholder is a company and the appropriate declaration has been made. In
respect of the eight year rolling chargeable event, there is a mechanism for obtaining a refund of tax
where the Shares are subsequently disposed of for a lesser value.

An anti-avoidance provision increases the 41% rate of tax to 60% (80% where details of the
payment/disposal are not correctly included in the individual's tax return) if, under the terms of an
investment in a fund, the investor or certain persons associated with the investor have an ability to
influence the selection of the assets of the fund.

Other than in the instances described above the Company will have no liability to Irish taxation on
income or chargeable gains.

Shareholders

Shareholders who are neither resident nor ordinarily resident in Ireland in respect of whom the
appropriate declarations have been made (or in respect of whom written notice of approval from the
Revenue Commissioners has been obtained by the Company to the effect that the requirement to
have been provided with such declaration from that Shareholder or class of shareholders to which the
Shareholder belongs is deemed to have been complied with) will not be subject to tax on any
distributions from the Company or any gain arising on redemption, repurchase or transfer of their
shares provided the shares are not held through a branch or agency in Ireland. No tax will be
deducted from any payments made by the Company to those Shareholders who are not Irish
Persons.

Shareholders who are Irish resident or ordinarily resident or who hold their shares through a branch or
agency in Ireland may have a liability under the self-assessment system to pay tax, or further tax, on
any distribution or gain arising from their holdings of Shares. In particular where the Company has
elected to not deduct tax at the occasion of the eight year rolling chargeable event a Shareholder will
have an obligation to file a self-assessment tax return and pay the appropriate amount of tax to the
Irish Revenue Commissioners.

Refunds of tax where a relevant declaration could be made but was not in place at the time of a
chargeable event are generally not available except in the case of certain corporate Shareholders
within the charge to Irish corporation tax.

Stamp duty

No Irish stamp duty will be payable on the subscription, transfer or redemption of Shares provided
that no application for Shares or re-purchase or redemption of Shares is satisfied by an in specie
transfer of any Irish situated property.

Capital acquisitions tax

No Irish gift tax or inheritance tax (capital acquisitions tax) liability will arise on a gift or inheritance of
Shares provided that:
(a) at the date of the disposition the transferor is neither domiciled nor ordinarily resident in Ireland and at the date of the gift or inheritance the transferee of the Shares is neither domiciled nor ordinarily resident in Ireland; and

(b) the Shares are comprised in the disposition at the date of the gift or inheritance and the valuation date.

Other tax matters

The income and/or gains of a Company from its securities and assets may suffer withholding tax in the countries where such income and/or gains arise. The Company may not be able to benefit from reduced rates of withholding tax in double taxation agreements between Ireland and such countries. If this position changes in the future and the application of a lower rate results in repayment to that Company, the net asset value of the Company will not be restated and the benefit will be allocated to the existing Shareholders rateably at the time of repayment.

Certain Irish Tax Definitions

1. Residence – Company

Prior to Finance Act 2014, company residence was determined with regard to the long established common law rules based on central management and control. These rules were significantly revised in Finance Act 2014 to provide that a company incorporated in the State will be regarded as resident for tax purposes in the State, unless it is treated as resident in a treaty partner country by virtue of a double taxation treaty. While the common law rule based on central management and control remains in place, it is subject to the statutory rule for determining company residence based on incorporation in the State set out in the revised section 23A TCA 1997.

The new incorporation rule for determining the tax residence of a company incorporated in the State will apply to companies incorporated on or after 1 January 2015. For companies incorporated in the State before this date, a transition period will apply until 31 December 2020.

2. Residence – Individual

An individual will be regarded as being resident in Ireland for a tax year if s/he:

(a) Spends 183 or more days in the State in that tax year; or

(b) has a combined presence of 280 days in the State, taking into account the number of days spent in the State in that tax year together with the number of days spent in the State in the preceding year.

Presence in a tax year by an individual of not more than 30 days in the State will not be reckoned for the purpose of applying the two year test. Up to 31 December, 2008, presence in the State for a day means the personal presence of an individual at the end of the day (midnight). From 1 January 2009, presence in the State for a day means the personal presence of an individual at any time during the day.

3. Ordinary Residence – Individual

The term "ordinary residence" as distinct from "residence", relates to a person's normal pattern of life and denotes residence in a place with some degree of continuity.

An individual who has been resident in the State for three consecutive tax years becomes ordinarily resident with effect from the commencement of the fourth tax year.
An individual who has been ordinarily resident in the State ceases to be ordinarily resident at the end of the third consecutive tax year in which s/he is not resident. Thus, an individual who is resident and ordinarily resident in the State in 2019 and departs from the State in that tax year will remain ordinarily resident up to the end of the tax year in 2022.

4. **Intermediary**

This means a person who:

(a) carries on a business which consists of, or includes, the receipt of payments from an investment undertaking resident in Ireland on behalf of other persons; or

(b) holds units in an investment undertaking on behalf of other persons.

**Jurisdictions**

The income and/or gains of a Fund from its securities and assets may suffer withholding tax in the countries where such income and/or gains arise. The Fund may not be able to benefit from reduced rates of withholding tax in double taxation agreements between Ireland and such countries. If this position changes in the future and the application of a lower rate results in repayment to that Fund, the Net Asset Value of the Fund will not be restated and the benefit will be allocated to the existing Shareholders rateably at the time of repayment.

**Automatic exchange of information**

Irish reporting financial institutions, which may include the Company have reporting obligations in respect of certain investors under FATCA as implemented pursuant to the Ireland – US intergovernmental agreement and/or the OECD’s Common Reporting Standard (see below).

**Information exchange and the implementation of FATCA in Ireland**

With effect from 1 July 2014 the Company is obliged to report certain information in respect of U.S. investors in the Company to the Irish Revenue Commissioners, who will share that information with the U.S. tax authorities.

FATCA imposes a 30% US withholding tax on certain ‘withholdable payments’ made on or after 1 July 2014 unless the payee enters into and complies with an agreement with the U.S. Internal Revenue Service (IRS) to collect and provide to the IRS substantial information regarding direct and indirect owners and account holders.

On 21 December 2012 Ireland signed an Intergovernmental Agreement (IGA) with the United States to Improve International Tax Compliance and to Implement FATCA. Under this agreement Ireland agreed to implement legislation to collect certain information in connection with FATCA and the Irish and U.S. tax authorities have agreed to automatically exchange this information. The IGA provides for the annual automatic exchange of information in relation to accounts and investments held by certain U.S. persons in a broad category of Irish financial institutions and vice versa.

Under the IGA and the Financial Accounts Reporting (United States of America) Regulations 2014 (as amended) (the **Irish Regulations**) implementing the information disclosure obligations, Irish financial institutions such as the Company are required to report certain information with respect to U.S. account holders to the Revenue Commissioners. The Revenue Commissioners will automatically provide that information annually to the IRS. The Company (and/or the Administrator or Investment Manager on behalf of the Company) must obtain the necessary information from investors required to satisfy the reporting requirements, whether under the IGA, the Irish Regulations or any other applicable legislation published in connection with FATCA and such information is being sought as
part of the application process for Shares. It should be noted that the Irish Regulations require the collection of information and filing of returns with the Revenue Commissioners regardless as to whether the Company holds any U.S. assets or has any U.S. investors.

If a Shareholder causes the Company to suffer a withholding for or on account of FATCA (FATCA Deduction) or other financial penalty, cost, expense or liability, the Company may compulsorily redeem any Shares of such Shareholder and/or take any actions required to ensure that such FATCA Deduction or other financial penalty, cost, expense or liability is economically born by such shareholder. While the IGA and the Irish Regulations should serve to reduce the burden of compliance with FATCA, and accordingly the risk of a FATCA withholding on payments to the Company in respect of its assets, no assurance can be given in this regard. As such, Shareholders should obtain independent tax advice in relation to the potential impact of FATCA before investing.

Common Reporting Standard (CRS)

The CRS framework was first released by the OECD in February 2014. On 21 July 2014, the Standard for Automatic Exchange of Financial Account Information in Tax Matters (the Standard) was published, involving the use of two main elements, the Competent Authority Agreement (the CAA) and the CRS.

The goal of the Standard is to provide for the annual automatic exchange between governments of financial account information reported to them by local Financial Institutions (FIs) relating to account holders tax resident in other participating countries to assist in the efficient collection of tax. The OECD, in developing the CAA and the CRS, have used FATCA concepts and as such the Standard is broadly similar to the FATCA requirements, albeit with numerous alterations. It will result in a significantly higher number of reportable persons due to the increased instances of potentially in-scope accounts and the inclusion of multiple jurisdictions to which accounts must be reported.

Ireland is a signatory jurisdiction to a Multilateral Competent Authority Agreement on the automatic exchange of financial account information in respect of the CRS, while Section 891F and 891G of the TCA contain measures necessary to implement the CRS internationally and across the European Union, respectively. Regulations, the Returns of Certain Information by Reporting Financial Institutions Regulations 2015 (the CRS Regulations), gave effect to the CRS from 1 January 2016.

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation (DAC II) implements the CRS in a European context and creates a mandatory obligation for all EU Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis. Section 891G of the TCA contained measures necessary to implement DAC II. Regulations, the Mandatory Automatic Exchange of Information in the Field of Taxation Regulations 2015 (together with the CRS Regulations, the Regulations), gave effect to DAC II from 1 January 2016.

Under the Regulations reporting financial institutions are required to collect certain information on accountholders and on certain controlling persons in the case of the accountholder(s) being an entity, as defined for CRS purposes, (e.g. name, address, jurisdiction of residence, TIN, date and place of birth (as appropriate), the account number and the account balance or value at the end of each calendar year) to identify accounts which are reportable to the Revenue Commissioners. The Revenue Commissioners shall in turn exchange such information with their counterparts in participating jurisdictions. Further information in relation to CRS and DAC II can be found on the Automatic Exchange of Information webpage on www.revenue.ie.
As the Company uses a benchmark (the outperformance of 12 months US Dollar LIBOR plus 200 basis points) in order to determine the performance fee payable to the Investment Manager under the Investment Management Agreement, it is subject to the Benchmarks Regulation. Further information in relation to the Benchmarks Regulation is set out below:

The performance fee shall be an amount equal to 20% of the amount of any outperformance by the CABI Central American Portfolio over the Hurdle Rate, being the rate calculated as at close of business on the last Business Day of the relevant Performance Period in relation to the Net Asset Value of the Portfolio. The Hurdle Rate is 12 months US Dollar LIBOR, as set by the ICE Benchmark Administration Limited, plus 200 basis points.

The Benchmarks Regulation was published in the Official Journal of the EU on 29 June 2018 and entered into force in June 2016. It is directly applicable across the EU. The majority of its provisions applied from 1 January 2018. The Benchmarks Regulation applies to 'contributors' to, 'administrators' of, and 'users' of benchmarks in the EU. They, among other things, (a) require EU benchmark administrators to be authorised (or, if non-EU based, to be subject to an equivalent regulatory regime) and make significant changes to the way in which benchmarks falling within scope of the EU Benchmarks Regulation are governed (including reforms of governance and control arrangements, obligations in relation to input data, certain transparency and record-keeping requirements and detailed codes of conduct for contributors); and (b) prohibit the use in the EU of benchmarks provided by EU administrators which are not authorised or registered in accordance with the Benchmarks Regulation, and (c) prohibit the use in the EU of benchmarks provided by non-EU administrators which are not (i) authorised or registered and subject to supervision in a jurisdiction in which an 'equivalence' decision has been adopted in accordance with the Benchmarks Regulation, or (ii) where such equivalence decision is pending, 'recognised' by the competent authorities of the applicable EU Member State(s). An exception to this is that a benchmark provided by a non-EU administrator can itself be endorsed for use in the EU by an EU authorised or registered administrator or an EU-based supervised entity, following authorisation of the endorsement by the relevant competent authority.

Potential effects of the Benchmarks Regulation include (among other things): an index which is a benchmark could not be used by a Fund in certain ways if such index's administrator does not obtain authorisation or, if based in a non-EU jurisdiction, the administrator is not otherwise recognised as equivalent; and the methodology or other terms of the benchmark could be changed in order to comply with the terms of the Benchmarks Regulation, and such changes could (among other things) have the effect of reducing or increasing the rate or level, or affecting the volatility, of the published rate or level of the benchmark.

If any proposed changes change the way in which the benchmarks are calculated or a benchmark is discontinued or is not otherwise permitted to be used by the Company, this could adversely affect a Fund and its Net Asset Value.

As required by the Benchmarks Regulation the Company maintains a contingency plan setting out the actions that it would take in the event that a benchmark (as defined by the Benchmarks Regulation) materially changes or ceases to be provided.

The Company is required under the Benchmarks Regulation to use only benchmarks which are provided by authorised benchmark administrators that are present in the register of administrators maintained by the European Securities and Markets Authority, pursuant to Article 36 of the Benchmarks Regulation.

On 1 February 2014 ICE Benchmark Administration Limited was authorised by the FCA as a benchmark administrator under the EU Benchmarks Regulation for its ICE LIBOR benchmark. ICE
Benchmark Administration is listed on the FCA’s register and is also listed on the ESMA register for benchmark administrators.
GENERAL INFORMATION

Reports and Accounts

The Company’s year-end is 31 December in each year. The annual report and audited accounts of the Company will be sent to Shareholders within four months after the conclusion of each accounting year and at least 21 days before the general meeting of the Company at which they are to be submitted for approval. In any event, the annual report and audited accounts of the Company will be sent to Shareholders or prospective investors on request. The Company will also prepare semi-annual report and unaudited accounts which will be made available to Shareholders within two months after the six month period ending on 30 June in each year.

Such reports and accounts will contain a statement of the Net Asset Value of each Fund and of the investments comprised therein as at the year-end or the end of such semi-annual period.

Incorporation and Share Capital

The Company was incorporated and registered in Ireland under the Companies Act as an open-ended umbrella investment company with variable capital on 12 March 1999 with registered number 303448.

At the date hereof the authorised share capital of the Company is 2 subscriber shares (the Subscriber Shares) of 1 Euro each and 1,000,000,000,000 Shares of no par value initially designated as unclassified shares. The minimum issued share capital of the Company is 2 shares of no par value. The maximum issued share capital of the Company is 1,000,000,000,000 unclassified shares of no par value.

Constitution

Clause 3 of the memorandum of association provides that the sole object of the Company is the collective investment in transferable securities and/or other liquid financial instruments of capital raised from the public operating on the principle of risk-spreading in accordance with the Regulations.

The Constitution contains provisions to the following effect:

(a) Directors’ Authority to Allot Shares. The Directors are generally and unconditionally authorised to exercise all powers of the Company to allot relevant securities, including fractions thereof, up to an amount equal to the authorised but as yet unissued share capital of the Company;

(b) Variation of rights. The rights attached to any class may, be varied or abrogated with the consent in writing of the holders of three-fourths in number of the issued Shares of that class, or with the sanction of a special resolution passed at a separate general meeting of the holders of the Shares of the class, and may be so varied or abrogated either whilst the Company is a going concern or during or in contemplation of a winding-up. The quorum at any such separate general meeting, other than an adjourned meeting, shall be two persons holding or representing by proxy the Shares of the class in question or his proxy;
(c) **Voting Rights.** Subject to any rights or restrictions for the time being attached to any class or classes of Shares, on a show of hands every holder who is present in person or by proxy shall have one vote and the holder(s) of subscriber shares present in person or by proxy shall have one vote in respect of all the subscriber shares in issue. On a poll every holder present in person or by proxy shall have one vote for every Share of which he is the holder and every holder of a subscriber share present in person or by proxy shall have one vote in respect of his holding of subscriber shares. Holders who hold a fraction of a Share may not exercise any voting rights, whether on a show of hands or on a poll, in respect of such fraction of a Share;

(d) **Alteration of Share Capital.** The Company may from time to time by ordinary resolution increase the share capital by such amount and/or number as the resolution may prescribe;

The Company may also, by ordinary resolution:

(i) consolidate and divide all or any of its share capital into Shares of larger amount;

(ii) Subject to the provisions of the Companies Act, subdivide its Shares, or any of them, into Shares of smaller amount or value;

(iii) cancel any Shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person and reduce the amount of its authorised share capital by the amount of the Shares so cancelled; or

(iv) redenominate the currency of any class of Shares.

(e) **Directors' Interests.** Provided that the nature and extent of his interest shall be disclosed as set out below, no Director or intending Director shall be disqualified by his office from contracting with the Company either as vendor, purchaser or otherwise nor shall any such contract or any contract or arrangement entered into by or on behalf of the other company in which any Director shall be in any way interested be avoided nor shall any Director so contracting or being so interested be liable to account to the Company for any profit realised by any such contract or arrangement by reason of such Director holding that office or of the fiduciary relationship thereby established.

The nature of a Director's interest must be declared by him at the meeting of the Directors at which the question of entering into the contract or arrangement is first taken into consideration, or if the Director was not at the date of that meeting interested in the proposed contract or arrangement at the next meeting of the Directors held after he became so interested, and in a case where the Director becomes interested in a contract or arrangement after it is made, at the first meeting of the Directors held after he becomes so interested.

A Director shall not vote at a meeting of the Directors or any committee established by the Directors on any resolution concerning a matter in which he has, directly or indirectly, an interest which is material (other than an interest arising by virtue of his interest in shares or debentures or other securities or otherwise in or through the Company) or a duty which conflicts or may conflict with the interests of the Company. A Director shall not be counted in the quorum present at a meeting in relation to any such resolution on which he is not entitled to vote.
(f) **Borrowing Powers.** The Directors may exercise all of the powers of the Company to borrow or raise money and to mortgage, or charge its undertaking, property and assets (both present and future) and uncalled capital or any part thereof and to issue Shares, whether outright or as collateral security for any debt, liability or obligation of the Company provided that all such borrowings shall be within the limits and conditions laid down by the Central Bank;

(g) **Delegation to Committee.** The Directors may delegate any of their powers to any committee consisting of Directors. Any such delegation may be made subject to any conditions the Directors may impose, and either collaterally with or to the exclusion of their own powers and may be revoked. Subject to any such conditions, the proceedings of a committee with two or more members shall be governed by the provisions of the Constitution regulating the proceedings of Directors so far as they are capable of applying;

(h) **Retirement of Directors.** The Directors shall not be required to retire by rotation or by virtue of their attaining a certain age;

(i) **Directors' Remuneration.** Unless and until otherwise determined from time to time by the Company in general meeting, the ordinary remuneration of each Director shall be determined from time to time by resolution of the Directors. Any Director who is appointed as an executive director (including for this purpose the office of chairman or deputy chairman) or who serves on any committee, or who otherwise performs services which in the opinion of the Directors are outside the scope of the ordinary duties of a Director, may be paid such extra remuneration by way of fees, commission or otherwise as the Directors may determine. The Directors may be paid all travelling, hotel and other expenses properly incurred by them in connection with their attendance at meetings of the Directors or committees established by the Directors or general meetings or separate meetings of the holders of any class of Shares of the Company or otherwise in connection with the discharge of their duties;

(j) **Transfer of Shares.** Subject to the restrictions set out below, the Shares of any holder may be transferred by instrument in writing in any usual or common form or any other form, which the Directors may approve.

The Directors in their absolute discretion and without assigning any reason therefor may decline to register any transfer of a Share to (i) any transfer of a share to a person who is not a permitted investor as defined in the Constitution; (ii) any transfer to or by a minor or person of unsound mind; (iii) any transfer unless the transferee of such shares would following such transfer be the holder of shares with a value at the then current Issue Price equal to or greater than the Minimum Initial Investment Amount; (iv) any transfer in circumstances where as a result of such transfer the transferor or transferee would hold less than the minimum number or value of shares of any Class (if any); (v) any transfer in regard to which any payment of taxation remains outstanding; (vi) any transfer where the transferee does not clear such money laundering checks as the Directors may determine; (vii) any transfer where the transferee has failed to provide the Company or its agent with any documentation reasonably required by the Company or its agent; (viii) any transfer to a person or entity who breached or falsified representations on subscription documents; or (ix) any person who, by holding Shares, would be in breach of any law or requirement of any country or governmental authority or might result in the Company incurring any liability to taxation or suffering pecuniary disadvantages.
The Directors may decline to recognise any instrument of transfer unless it is accompanied by the certificate for the Shares to which it relates (if issued), is in respect of one class of Share only, is in favour of not more than four transferees, is lodged at the registered office or at such other place as the Directors may appoint and the transferee clears such documentation and money laundering checks as the Directors may determine.

(k) **Right of Redemption.** Shareholders have the right to request the Company to redeem their Shares in accordance with the provisions of the Constitution;

(l) **Dividends.** The Constitution permits the Directors to declare such dividends on any class of Shares as appear to the Directors to be justified by the profits of the relevant Fund. The Directors may satisfy any dividend due to holders of Shares in whole or in part by distributing to them in specie any of the assets of the relevant Fund and, in particular, any investments to which the relevant Fund is entitled. A holder may require the Directors instead of transferring any assets in specie to him, to arrange for a sale of the assets and for payment to the holder of the net proceeds of same. Any dividend unclaimed for six years from the date of declaration of such dividend shall be forfeited and shall revert to the relevant Fund;

(m) **Funds.** The Directors are required to establish a separate portfolio of assets for each Fund created by the Company from time to time, to which the following shall apply:

(i) for each Fund the Company shall keep separate books and records in which all transactions relating to the relevant Fund shall be recorded and, in particular, the proceeds from the allotment and issue of Shares of each class in the Fund, and the investments and the liabilities and income and expenditure attributable thereto shall be applied to such Fund subject to the provisions of the Constitution;

(ii) any asset derived from any other asset(s) (whether cash or otherwise) comprised in any Fund, shall be applied in the books and records of the Company to the same Fund as the asset from which it was derived and any increase or diminution in the value of such an asset shall be applied to the relevant Fund;

(iii) in the event that there are any assets of the Company which the Directors do not consider are attributable to a particular Fund or Funds, the Directors shall, with the approval of the Depositary, allocate such assets to and among any one or more of the Funds in such manner and on such basis as they, in their discretion, deems fair and equitable; and the Directors shall have the power to and may at any time and from time to time, with the approval of the Depositary, vary the basis in relation to assets previously allocated;

(iv) each Fund shall be charged with the liabilities, expenses, costs, charges or reserves of the Company in respect of or attributable to that Fund and any such liabilities, expenses, costs, charges, or reserves of the Company not attributable to any particular Fund or Funds shall be allocated and charged by the Directors, with the approval of the Depositary, in such manner and on such basis as the Directors, in their sole and absolute discretion deem fair and equitable, and the Directors shall have the power to and may at any time and from time to time, with the approval of the Depositary, vary such basis including, where
circumstances so permit, the re-allocation of such liabilities, expenses, costs, charges and reserves;

(v) in the event that any Asset attributable to a Fund is taken in execution of a liability not attributable to that Fund, the provisions of section 1407 of the Companies Act shall apply;

(n) **Fund Exchanges.** Subject to the provisions of the Constitution, a Shareholder holding Shares in any class in a Fund on any Dealing Day shall have the right from time to time to exchange all or any of such Shares for Shares of another class (such class being either an existing class or a class agreed by the Directors to be brought into existence with effect from that Dealing Day);

(o) **Winding up.** The Constitution contains provisions to the following effect:

(i) if the Company shall be wound up the liquidator shall, subject to the provisions of the Companies Act, apply the assets of each Fund in such manner and order as he thinks fit in satisfaction of creditors' claims relating to that Fund;

(ii) the assets available for distribution amongst the holders shall be applied as follows: first the proportion of the assets in a Fund attributable to each class of Share shall be distributed to the holders of Shares in the relevant class in the proportion that the number of Shares held by each holder bears to the total number of Shares relating to each such class of Shares in issue as at the date of commencement to wind up; secondly, in the payment to the holder(s) of the subscriber shares of sums up to the notional amount paid thereon out of the assets of the Company not attributable to any class of Share. In the event that there are insufficient assets to enable such payment in full to be made, no recourse shall be had to the assets of the Company attributable to other classes of Shares; and thirdly, any balance then remaining and not attributable to any of the classes of Shares shall be apportioned pro-rata as between the classes of Shares based on the Net Asset Value attributable to each class of Shares as at the date of commencement to wind up and the amount so apportioned to a class shall be distributed to holders pro-rata to the number of Shares in that class of Shares held by them;

(iii) a Fund may be wound up pursuant to section 1407 of the Companies Act and in such event the provisions reflected in this paragraph (xv) shall apply mutatis mutandis in respect of that Fund;

(iv) if the Company shall be wound up (whether the liquidation is voluntary, under supervision or by the court) the liquidator may, with the authority of a special resolution of the relevant holders and any other sanction required by the Companies Act, divide among the holders of Shares of any class or classes in specie the whole or any part of the assets of the Company and whether or not the assets shall consist of property of a single kind, and may for such purposes set such value as he deems fair upon any one or more class or classes of property, and may determine how such division shall be carried out as between all the holders of Shares of different classes of Shares. The liquidator may, with the like authority, vest any part of the assets in trustees upon such trusts for the benefit of holders as the liquidator, with the like authority, shall think fit, and the liquidation of the Company may be closed and the Company
dissolved, but so that no holder shall be compelled to accept any assets in respect of which there is a liability. A holder may require the liquidator instead of transferring any asset in specie to him/her, to arrange for a sale of the assets and for payment to the holder of the net proceeds of same.

(p) **Share Qualification.** The Constitution does not contain a share qualification for Directors.

(q) **Termination of Funds** Any Fund may be terminated by the Directors, in their sole and absolute discretion, by notice in writing to the Depositary in any of the following events:

(i) if at any time the Net Asset Value of the relevant Fund shall be less than such amount as may be determined by the Directors in respect of that Fund; or

(ii) if any Fund shall cease to be authorised or otherwise officially approved; or

(iii) if any law shall be passed which renders it illegal or in the opinion of the Directors impracticable or inadvisable to continue the relevant Fund; or

(iv) if there is any material change in the tax status of the Company or any Fund in Ireland or in any other jurisdiction (including any adverse tax ruling by the relevant authorities in Ireland or any jurisdiction affecting the Company or any Fund) which the Directors consider would result in material adverse consequences on the holders and/or the investments of the Fund; or

(v) if there is a change in material aspects of the business, in the economic or political situations relating to a Fund which the Directors consider would have material adverse consequences on the investments of the Funds; or

(vi) the Directors shall have resolved that it is impracticable or inadvisable for a Fund to continue to operate having regard to prevailing market conditions and the best interests of the Shareholders; or

(vii) if the assets held in respect of a Fund are terminated or redeemed and the Directors determine that it is not commercially practical to reinvest the realisation proceeds of such assets in replacement assets on terms that will enable the relevant Fund achieve its investment objective and/or to comply with its investment policy; or

(viii) if, in the opinion of the Directors, such termination is in the best interests of Holders of Shares in the Fund.

**Litigation and Arbitration**

Since incorporation the Company has not been involved in any litigation or arbitration nor are the Directors aware of any pending or threatened litigation or arbitration.
Directors' Interests

(a) Other than the Letters of Appointment between the Company and each of its Directors, entered into in compliance with the Irish Funds Industry Association Corporate Governance Code for Collective Investment Schemes and Management Companies, there are no service contracts in existence between the Company and any of its Directors, nor are any such contracts proposed;

(b) At the date of this Prospectus, the Company has entered into a Consultancy Agreement with Crinken Consultants Limited of which Michael Greene is a director and which is owned by a connected person to Michael Greene, within the meaning of the Companies Act 2014. The Consultancy Agreement was effected on normal commercial terms negotiated at arm’s length and is consistent with the best interests of Shareholders;

(c) At the date of this Prospectus, the Company has entered into a Consultancy Agreement with Dostmann & Partners LLP of which Walter Dostmann is the founder and principal. The Consultancy Agreement was effected on normal commercial terms negotiated at arm’s length and is consistent with the best interests of Shareholders;

(d) At the date of this Prospectus, the Company has entered into a Consultancy Agreement with Jaime Chavez, who is a former director of the Company. The Consultancy Agreement was effected on normal commercial terms negotiated at arm’s length and is consistent with the best interests of Shareholders;

(e) No Director has any interest, direct or indirect, in any assets which have been or are proposed to be acquired or disposed of by, or issued to, the Company and save as disclosed below, no Director is materially interested in any contract or arrangement subsisting at the date hereof which is unusual in its nature and conditions or significant in relation to the business of the Company;

(f) At the date of this Prospectus none of the Directors nor any Associated Person have any beneficial interest in the share capital of the Company or any options in respect of such capital;

(g) Markus Kohlenbach is a former officer of the Investment Manager.

(h) Carlos Sanchez and Julio Eduardo Martinez Bichara are officers of the Promoter;

Material Contracts

The following contracts have been entered into otherwise than in the ordinary course of the business intended to be carried on by the Company and are or may be material:

(a) The amended and restated Investment Management Agreement between the Company and the Investment Manager dated 22 August 2016 as amended and supplemented from time to time. The Investment Management Agreement provides that the appointment of the Investment Manager as investment manager will continue in force unless and until terminated by either party giving to the other 90 days’ notice in writing although in certain circumstances the agreement may be terminated forthwith by notice in writing by either party to the other. Under this agreement, the Investment Manager shall not be liable to the Company or any Shareholders or otherwise for any error of judgement or loss suffered by the Company or any such Shareholder in connection with the Investment Management
Agreement unless such loss arises from the negligence, fraud, bad faith, wilful default or wilful misfeasance in the performance or non-performance by the Investment Manager or persons designated by it of its obligations or duties under the agreement or breach of contract on the part of the Investment Manager or any of its agents or delegates or their agents;

(b) The Depositary Agreement between the Company and the Depositary dated 29 June 2016 as amended and supplemented from time to time. The Depositary Agreement appoints the Depositary as depositary of the Company's assets subject to the overall supervision of the Directors. The Depositary Agreement provides that the appointment of the Depositary will continue unless and until terminated by the Company or the Depositary giving to the other party not less than 90 days' written notice, although in certain circumstances the Depositary Agreement may be terminated immediately by the Company or the Depositary provided that the appointment of the Depositary shall continue in force until a replacement Depositary approved by the Central Bank has been appointed and provided further that if within a period of 90 days' from the date on which the Depositary notifies the Company of its desire to retire or from the date on which the Company notifies the Depositary of its intention to remove the Depositary, no replacement Depositary shall have been appointed, the Company shall apply to the High Court for an order to wind up the Company or convene in an extraordinary general meeting of the Shareholders of the Company at which there shall be proposed an ordinary resolution to wind up the Company. The Depositary Agreement contains certain indemnities in favour of the Depositary (and each of its officers, employees and delegates) which are restricted to exclude matters arising by reason of the negligent or intentional failure of the Depositary in the performance of its duties.

(c) The Administration Agreement between the Company and the Administrator dated 23 October 2015 as amended and supplemented from time to time. The Administration Agreement provides that the appointment of the Administrator shall continue until terminated by either party on not less than ninety (90) days' notice or earlier upon certain breaches or the insolvency of either party. The Company shall indemnify the Administrator (including without limitation each and any of its officers, employees, agents, sub-contractors and representatives) and hold them harmless from all any liabilities, losses, claims, costs, damages, penalties, fines, obligations, or expenses of any kind whatsoever (including reasonable fees and legal expenses) that may be imposed on, incurred by or asserted against the Administrator in connection with or arising out of the Administrator's performance under the Administration Agreement otherwise than due to the wilful default, fraud, or negligence of the Administrator (including without limitation each and any of its officers, employees, agents, sub-contractors and representatives) in connection with the liabilities in question;

(d) The Placement Agency and Marketing Support Agreement between the Company and the Central American Bank for Economic Integration dated 26 April 1999. The Placement Agency Agreement provides that the appointment of the Placement Agent shall continue until terminated by either party on not less than ninety (90) days' notice or earlier upon certain breaches or the insolvency of either party. Under the agreement, the Company will indemnify and hold the Placement Agent fully and effectively indemnified against all liabilities brought out of any claim successfully brought against the Placement Agent, arising out of, in relation to or by reason of: (i) failure by the Company to comply with any relevant Irish laws regulations; (ii) the offering circular not containing all material information to the offering and issue of the shares whether required by statute or not, or containing
any untrue, incorrect or misleading statements; (iii) any misrepresentation contained in the offering circular.

(e) The Sub-Agency Agreement between the Placement Agent and Formento Financiero, S.A. Casa de Bolsa dated 1 August 2006. The Sub-Agency Agreement appointed Formento Financiero, S.A. Casa de Bolsa as a sub-distributor of shares in Honduras. The Sub-Agency Agreement continues in full force until terminated by either party giving not less than 90 days’ notice in writing delivered to the other party. Under the Sub-Agency Agreement, the Sub-Agent agrees to indemnify the Company fully and effectively against all liabilities arising out of any claim from the issue of any advertisement or provision of information or the making of representations in connection with the offering or sale of shares by the Sub-Agent other than those contained in the offering circulars and in all other marketing information released by the Company or its agents in writing from time to time.

(f) The Consultancy Agreement between the Company and Lucy Robin dated 1 September 2013 provides that the appointment of the Consultant will continue on a rolling 12 month basis unless and until determined by either party giving not less than 60 days' notice in writing, although certain circumstances in the Consultancy Agreement may be determined forthwith by notice in writing by either party to the other. Under the terms of the Consultancy Agreement, the Consultant agrees to provide a variety of services to the Company to include the oversight of certain functions, production of marketing material and liaising with auditors and other service providers.

(g) The Consultancy Agreement between the Company and Crinken Consultants Limited dated 5 September 2018 provides that the appointment of the Consultant will continue on a 12 month basis unless and until determined by either party giving not less than 3 months' notice in writing. The Consultancy Agreement contains certain indemnities in favour of the Company against loss, damage or liability suffered and legal fees and costs incurred resulting from: (i) any breach of the agreement by Crinken Consultants Limited; (ii) any act, neglect or default of Crinken Consultants Limited; (iii) breaches in respect of matters arising from the provision of the services resulting in any successful claim by any third party; and (iii) any claim by the Revenue Commissioners or any taxing authority for any unpaid taxes, levies, contributions, deductions or other liabilities relating to the remuneration and expenses payable to Crinken Consultants Limited under the Consultancy Agreement, together with all costs, expenses, interest and penalties incurred by the Company in connection with or arising from such claim.

(h) The Consultancy Agreement between the Company and Dostmann & Partners LLP dated 6 September 2018 provides that the appointment of the Consultant will continue on a 12 month basis unless and until determined by either party giving not less than 3 months' notice in writing. The Consultancy Agreement contains certain indemnities in favour of the Company against loss, damage or liability suffered and legal fees and costs incurred resulting from: (i) any breach of the agreement by Dostmann & Partners LLP; (ii) any act, neglect or default of Dostmann & Partners LLP; (iii) breaches in respect of matters arising from the provision of the services resulting in any successful claim by any third party; and (iii) any claim by the Revenue Commissioners or any taxing authority for any unpaid taxes, levies, contributions, deductions or other liabilities relating to the remuneration and expenses payable to Dostmann & Partners LLP under the Consultancy Agreement, together with all costs, expenses, interest and penalties incurred by the Company in connection with or arising from such claim.
The Consultancy Agreement between the Company and Jaime Chavez dated 30 June 2018 provides that the appointment of the Consultant will continue on a 12 month basis unless and until determined by either party giving not less than 3 months' notice in writing or unless a material breach or non-observance occurs (or one a number of other specific events). The Consultancy Agreement contains indemnities in favour of the Company against any claim which may be made by the Revenue Commissioners or any taxing authorities against any taxes, levies together with all costs, expenses, interest and penalties incurred by the Company in connection with any such claim.

Miscellaneous

Save as disclosed under the heading Incorporation and Share Capital above, no share or loan capital of the Company has been issued or agreed to be issued, is under option or otherwise. As of the date of this Prospectus, the Company does not have any loan capital (including term loans) outstanding or created but unissued or any outstanding mortgages, charges, debentures or other borrowings or indebtedness in the nature of borrowings, including bank overdrafts, liabilities under acceptance or acceptance credits, hire purchase or finance lease commitments, guarantee or other contingent liabilities which are material in nature.

Save as may result from the entry by the Company into the agreements listed under Material Contracts above or any other fees, commissions or expenses discharged, no amount or benefit has been paid or given or is intended to be paid or given to any promoter of the Company.

Save as disclosed under the Portfolio Transactions and Conflicts of Interest section above, no commissions, discounts, brokerages or other special terms have been paid or granted or are payable for subscribing or agreeing to subscribe, or procuring or agreeing to procure subscriptions, for any Shares or loan capital of the Company.

Documents Available for Inspection

Copies of the following documents may be obtained free of charge from the Administrator and may be inspected free of charge during usual business hours during a Business Day at the registered office of the Company.

(a) the Constitution;
(b) the Prospectus (as amended and supplemented);
(c) Key Investor Information Document (KIID)
(d) the most recent annual and semi-annual reports relating to the Company;
(e) details of notices sent to Shareholders;
(f) the material contracts referred to above;
(g) the Regulations;
(h) the Central Bank UCITS Regulations; and
(i) a list of past and current directorships and partnerships held by each Director over the past five years.

Copies of the Constitution (and, after publication thereof, the periodic reports and accounts) may be obtained on request at the registered office of the Company.
The Regulated Markets

1. Subject to the provisions of the Central Bank UCITS Regulations and with the exception of permitted investments in unlisted securities and over-the-counter derivative instruments or in units of open-ended collective investment schemes, the investments of any Fund will be restricted to the following exchanges and markets:

1.1. any stock exchange which is:

1.1.1. located in any Member State of the EU; or

1.1.2. located in any country comprised within the European Economic Area (EEA) (Norway, Iceland and Liechtenstein); or

1.1.3. located in any of the following countries:

Australia
Canada
Japan
Hong Kong
New Zealand
Switzerland
United Kingdom
United States of America

    - Osaka Securities Exchange;
    - Tokyo International Financial Futures Exchange;
    - Tokyo Stock Exchange;

1.4.10. in New Zealand, on the New Zealand Futures and Options Exchange;

1.4.11. in Singapore, on the
    - Singapore International Monetary Exchange;
    - Singapore Commodity Exchange;

1.4.12. in South Africa, on the South Africa Futures Exchange (SAFEX).

These exchanges and markets are listed in accordance with the requirements of the Central Bank which does not issue a list of approved exchanges and markets.
APPENDIX II

List of sub-custodial agents appointed by The Northern Trust Company

The Depositary’s global sub-custodian has appointed the following entities as sub-delegates in each of the markets set forth below. This list may be updated from time to time and is available upon request in writing from the Administrator or the Depositary. The Depositary does not anticipate that there would be any specific conflicts of interest arising as a result of any delegation to The Northern Trust Company or any of the sub-delegates listed below. The Depositary will notify the board of the Company of any such conflict should it so arise.
