Positive Attitude
Organization
Humor

EMPLOYMENT

Snyder Civil Engineering, LLC ● Sept 2014 - Jan 2016 | Nov 2017 - Present
Designer/Technician

> In my time here, I have designed an assortment of material with a consistent brand identity including advertisements, trade show graphics, marketing collateral, and various internal documents. I've also assisted in AutoCad drafting, field work, and some project management.

Yale School of Nursing ● Sept 2012 - Dec 2012
Graphic Design Intern

> I was given tasks ranging from photo editing to creating graphics consistent with the Yale brand. Much of the work was done for print, including flyers, postcards, and advertisements. I also used the content management system Drupal to layout articles for the YSN website.

Freelance Graphic Design ● 2013 - 2017

> I have taken on a number of projects on the side, ranging from print to digital. This has included miscellaneous logos, a land development proposal packet, marketing material, and various photo editing.

Watertown Meat Center ● Nov 2007 - Sept 2014 | Feb 2016 - Nov 2017
Meat Cutter

> The majority of my duties included preparing cuts of meat and other specialty items for the retail cases, as well as assisting customers with custom orders.

EDUCATION

Quinnipiac University, 2013 ● Hamden, CT
BA: Interactive Digital Design - *Cum Laude*

> Courses covered a wide range of digital media, including print/web design, 3D/2D graphics, 3D/2D animation, and image editing.

ACTIVITIES/AWARDS

Rustwood Workshop (Etsy Shop)
Sole Proprieter

> I have launched my own online business on Etsy.com, where I sell my handmade crafts and wood prints of original artwork.

Boy Scouts of America
Eagle Scout Rank

> One of the requirements for the rank of Eagle is to organize and run your own community service project. I chose to help a local VFW that lacked seating for ceremonies by building benches. After raising funds and acquiring materials, I led my fellow scouts in constructing the benches.
