

CAPABILITIES

WHO WE ARE

Gale Construction Company (GCC) is a self-performing prime contractor offering a range of construction services with over twenty years of experience serving a variety of federal and corporate clients including state agencies, local municipalities, private developers and Fortune 500 companies.

GCC's capabilities include civil construction, demolition, shoreline stabilization, vehicular and pedestrian bridges, and retaining walls. Our personnel have extensive experience with the following agencies: GSA, NPS, Navy, DOL, Smithsonian and NIST, as well as, backgrounds in design-build, interior/exterior renovations, SCIFs, architectural, mechanical, electrical upgrades, labs, energy retrofits, modular, roofing, facade renovations, and life safety.

Workplace safety is one of our core values. We have maintained a 100% safety record throughout our 20+ years. All employees are OSHA trained. Owner and Project Managers are certified with the USACE Construction Quality Management Program. Gale Construction Company owns and maintains heavy equipment, an industrial storage facility and a fleet of vehicles.
