

The Jewish Agency for Israel wishes to express its gratitude to our Christian friends for their invaluable support for Aliyah.

**CVI** (Christians for Israel - Christenen voor Israel), **ICEJ** (International Christian Embassy Jerusalem), **Ebenezer Emergency Fund International**, **Ebenezer Hilfsfonds Deutschland**, and **Ezra International** have been involved in Aliyah activities for many years and we cherish and honor their essential contribution to these efforts.

As our strong partnership continues throughout the Ukraine crisis, these organizations have provided invaluable assistance in locating documents necessary for Aliyah, organizing transportation to the airport through troubled areas, handling immigrants' personal effects, and responding to various other needs under trying circumstances.

The Jewish Agency thanks these organizations for their support and takes pride in our close partnership.
