Dear Ms. Thiel:

The Wisconsin Department of Administration (DOA) has approved your firm's certification as a Woman-Owned Business Enterprise (WBE). Your firm's name will be listed on the State of Wisconsin List of Certified Firms directory which can be found on the DOA website at <https://wisdp.wi.gov>.

In the application process, you presented documentation that your company is engaged in providing certain products and/or services. You should immediately sign up for VendorNet (the State's electronic purchasing information system), in order to enhance your ability to sell your goods or services to the state and other public entities. Sign-up for VendorNet is free and you can register your company at: <https://vendornet.wi.gov>. Information regarding your products and/or services has been electronically listed for use by any public or private entity seeking woman-owned firms for contracting opportunities. As a woman-certified firm, you should pitch your value to vendors seeking diverse suppliers.

Your WBE certification is valid until **August 10, 2019**. The Department will send you an email notification in the quarter closest to your certification date for "Annual Information Updates". The Department reserves the right to periodically review the ownership, management, and operational control to confirm the continued validity of the certification status. Recertification notification will be sent within 60 days of the expiration date of the three year term.

The Department wishes you success in marketing your firm's goods/services to those diversity suppliers who recognize the value of a WBE certification.

Sincerely,

Corrine Wiesmueller
