

prototype:IT

Technology services and solutions

Your Trusted Managed IT Partner Since 2005

Prototype:IT is one of the largest privately owned IT companies in the Dallas-Ft. Worth Metroplex, serving clients locally and throughout the country. With U.S. based support, we continue to provide the right solutions from traditional support to cloud services.

The prototype:IT culture is dynamically layered with seasoned professionals to capture your vision. As your business grows and technology advances our partnership will be your competitive edge.

Prototype:IT delivers IT solutions that promote scalability, agility and continued success.

The prototype:IT team stays at the forefront of technological innovations and leverages expertise across many verticals in order to provide the right IT solutions for our clients.

“ Prototype:IT has successfully standardized and centralized our infrastructure. Our properties now have a single point of contact for all our technical needs.

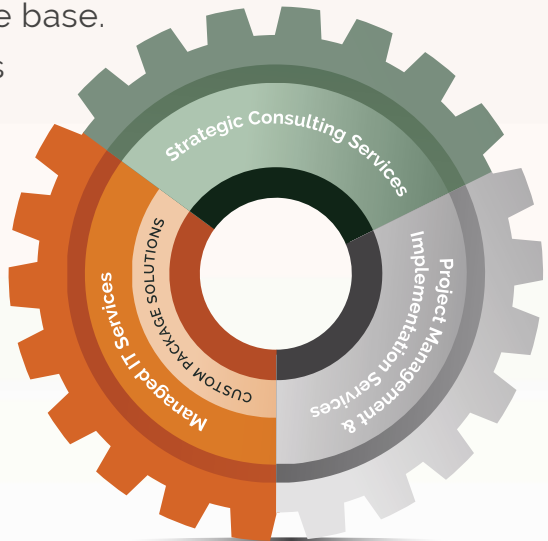

- Bill Sullivan
Hospitality Management Corporation

The Difference is in the Details

What Makes prototype:IT Different is Our People

Our employee retention rate is outstanding, which we believe is a genuine reflection of our company. We take care of our employees so that they can take care of our clients. Our team has an extensive range of technical expertise and remains eager to learn and expand their knowledge base.

Many of our technicians also have strong project management backgrounds, allowing them to communicate effectively and to truly connect with clients while resolving issues.

Strategic Consulting Services

Our experienced team surveys your current IT infrastructure to determine areas of improvement, then crafts a custom solution that addresses any immediate needs and sets you in the right direction toward future success.

Project Management and Implementation Services

Prototype:IT project managers are experienced, responsive and dedicated to providing quality customer service and assuming a proactive approach that has earned us the trust and respect of our clients.

Managed IT Services

With prototype:IT as your turn-key managed IT services partner, we provide ongoing support, peace of mind and the confidence to refocus on your core business. Our custom packaged solutions are designed to meet your needs and budgets.
