

Energy Savings: 26%

Administered by: Agile8 Consulting Limited

Server Room – AC

Agile8 Consulting Limited installed a COOLNOMIX® unit on a 24,000 BTU Panasonic air-conditioning unit in Hong Kong. Baseline data was gathered for nine days. The AC unit was then run with COOLNOMIX® for nine days to achieve a direct comparison.

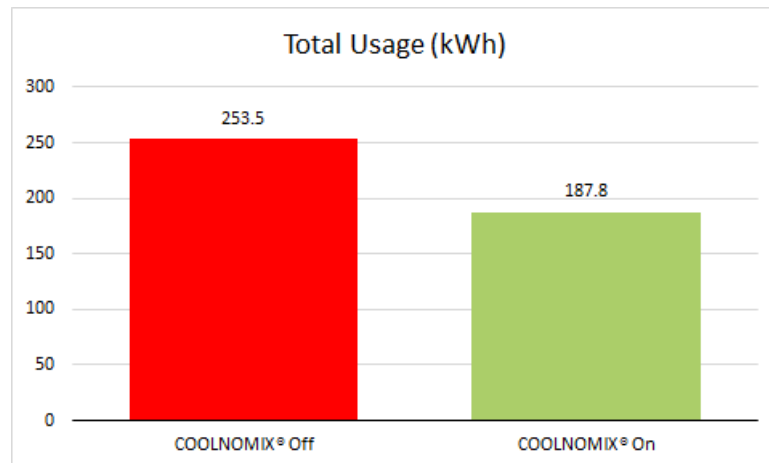

Installation	Baseline	COOLNOMIX®	Energy Saved	
AC Unit	253.5 kWh/9 days	187.8 kWh/9 days	65.5 kWh	26%

Conclusion

The cooling system with COOLNOMIX® was significantly more energy efficient while keeping room temperature stable and comfortable.
