#### **INTRODUCTION**

This resource reference guide has been produced to assist our volunteer educators with finding training resources that are relevant to their roles.

The documents will be hyperlinked to either the document library in the SLS members portal or to the Surf Life Saving SA SharePoint.

The idea is to have one source of truth and educators must ensure they are using the latest resources.

For more information about SLSSA awards and the pre-requisites please review the following document

#### SLSSA Awards & Qualifications v1.4 August 22

If you are having any difficulties accessing documents or feel the reference guide may need updating, please refer it to the SLSSA Member Education team via <a href="member.ed@surflifesavingsa.com.au">member.ed@surflifesavingsa.com.au</a>
