## CHAMELEON PROGRAMMING PUCK

This handy tool helps with the set up of any Chameleon series lamp, using any 12-volt AC or DC power source. Battery pack and batteries included.

## CHAMELEON-PROGRAMMING-PUCK

## THE IMPALER

Made of stainless steel and measuring 12.5 inches long, this stake will ensure the security of any fixture. The two holes allow for rebar to run through the stake for extra security.

## SS-GROUND-SPIKE

## 90 DEGREE ADAPTER

Add the 90 Degree Adapter to one of our directional fixtures (such as a Denali or Acadia) to create a versatile one of a kind lighting solution. Available in one-, two- and three-way mounting points. Includes a 90 Degree Adapter, an 18" Stem, 2 Lock Nuts, and a Wrench. Fixture sold separately. Special order item.

\*Special Order **90-1-18\*** (one mounting point)

\*Special Order **90-2-18\*** (two mounting points)

\*Special Order **90-3-18\*** (three mounting points)

## DIRECTIONAL DOWNLIGHT TREE MOUNT

This tree mount allows for the Arches fixture to be mounted by screws or a fastening belt around any post or tree. Screws and wrench included.

## DECK MOUNT

The Brilliance Metal Works deck mount is made from solid round aluminum or brass stock. It is machined through a CNC computerized process making it a virtually flawless design. Three mounting holes allow the canopy to be installed evenly on any hard-flat surface. A cable relief slot is located on the bottom side of the mount. Designed with a 1/2" NPT female thread and accepts all Brilliance Metal Works stem and knuckled fixtures.
