

Say Hello to thrive.

The heartbeat of your business - anytime, anywhere.

Have the confidence to know you are running your business the best you can. Gain the flexibility to focus on other projects, or step away from your business with peace of mind. Dream, set goals and aspire to move your business forward like never before.

Dashboard

Up to the minute sales, profitability and social media data with real-time notifications of what's going on in your business.

Notifications

Set your real-time notification options to include every sale, hour sales recap, refunds, discounts, social media posts, comments on posts and reviews.

Trends

Follow how your store sales are tracking to budget by day, week, or month.

Timeline

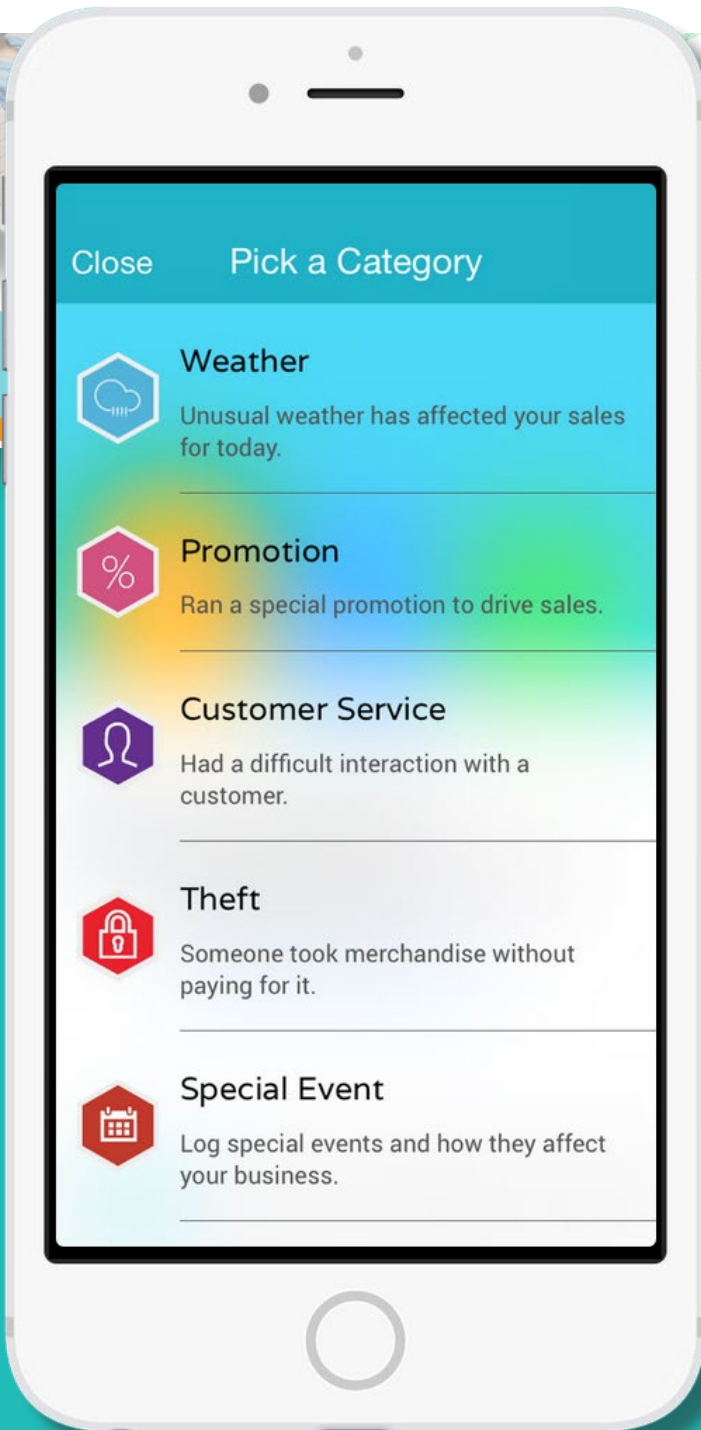

Insights into the pulse of your business showing how email, social media, promotions and in-store activities affect the success of your storefront.

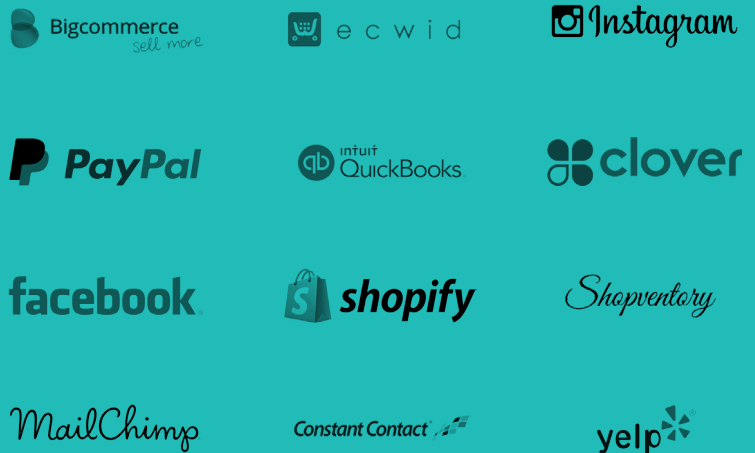

Everything you need to run your business in one place

The heartbeat of your business - anytime, anywhere. Thrive integrates with point of sale, e-commerce, inventory management, email, and CRM software, giving you a complete view of your business - right in the palm of your hand.

Integrate with:

Real-time notifications on sales and refunds, trends, and in-store activities from your point of sale or e-commerce platform

Posts, comments, reviews, and likes from social media

Campaign performance and customer data from your email or CRM provider

Reports, inventory management, and business intelligence powered by Shopventory

Notes

Create, track, and view notes about events that impact your business – weather, promotions, theft, customer service, construction, special events and more.
