PRAISE FOR Live Band Karaoke:

"Regardless of your choice of music, Live Band Karaoke is exhilarating fun, certainly more interactive and evocative than the typical TV-screen Japanese import that's become a staple in American bar scenes and house parties"

--Chicago Tribune

"Live Band Karaoke was great!!!! We had people who signed up ahead of time, and it was so fun! AND, one of our Psychology professors brought his entire night class! He wanted to teach them about taking a healthy risk, and gave extra credit for every student who took a risk by singing in front of their peers. And the professor even sang LOVE SHACK! How hilarious is that?!! I am so happy with this event!"

--St. Francis College (IL)

"All of us here at the Student Activities Committee share the sentiment that our best event of the semester was by far Live Band Karaoke. We had our largest turnout of the semester and perhaps of our committee's recent history."

--Student Activities Committee at Southwest Minnesota State Univ.
