Material Safety Data Sheet

Section 1. Chemical Product and Company Identification

Product Identifier: P102: Cryptosporidium parvum oocysts in Formalin 5.0% and Tween 20. Non-Infectious.

Manufacturer/Supplier: Waterborne™, Inc.

Revision Date: 9/30/2011

Product Use: Detection of Contaminant supplier for specific applications.

Section 2. Composition/Information on Ingredients

Section 3. Hazards Identification

WARNING: Only personnel trained in the handling of this particular parasite or similar pathogens should handle this material.

Carcinogenic Information: Not a carcinogenic hazard.

Infectivity: Product is not infectious or contagious.

Route(s) of Transmission: Fecal-oral route.

Route(s) of Entry: Ingestion.

Signs & Symptoms: Including, but not limited to, diarrhea, flatulence, abdominal cramping, loss of appetite.

Section 4. First Aid Measures

Ventilation: Natural ventilation.

Eyes: Splash goggles.

Respiratory: None.

Body: Gown or lab coat.

Hands: Gloves.

Section 5. Fire Fighting Measures

Fire & Explosion Information: Not flammable or explosive.

Extinguishing Media: Use media appropriate to surrounding material(s).

Section 6. Accidental Release Measures

Handling: Avoid splashing and ingestion of material. Wash hands after handling.

Spill or Leak: Please inspect tubes containing the parasites for cracks and leakage upon their arrival. If leakage has occurred, notify supplier immediately and take care to control and contain the leaked material.

Clean-Up Method: The following media can be used to decontaminate the working surface with 10% Formalin, 70% ethyl or methyl alcohol, or evaporation of the spilled material will also cause the parasites to die rapidly.

Section 7. Handling & Storage

Handling: Gloves, protective clothing and eyewear are recommended while using this product. Wash hands after use.

Packaging: Use original container. Keep container securely closed.

Storage: Do not freeze. Store at 4 °C. Avoid prolonged exposure to light.

Section 8. Exposure Controls / Personal Protection

Eye Protection: Protective glasses.

Body: Apron, gown or lab coat.

Hands: Gloves.

Section 9. Physical / Chemical Properties

Physical State: Liquid.

pH: Not Determined.

Boiling Point: Not Determined.

Vapor Pressure: Not Determined.

Specific Gravity: Not Determined.

Flash Point: Not Determined.

Section 10. Stability & Reactivity

Chemical Stability: Stable under normal temperatures and pressures.

Hazardous Decomposition Products: None known.

Hazardous Polymerization: Will not occur.

Incompatibilities: None known.

Section 11. Toxicological Information

Not classifiable as a human carcinogen. No other toxicological information is available at this time. Handle with care and take appropriate cautions. Hazardous in case of ingestion.
**Section 12. Ecological Information**
Do not allow product to reach ground water, water course, or sewage system.
Product is harmful to both animals and humans. It is a waterborne pathogen.

**Section 13. Disposal Information**
Waste Disposal: Consult local, state or federal regulations for proper disposal.

**Section 14. Transport Information**
Other Information: Shipped with gel packs.
DOT: None.

**Section 16. Other Information**
The information included in this document is based on experience and testing. To the best of our knowledge, the information contained in this document is accurate. However, the above named supplier does not assume liability for the accuracy or completeness of the information contained herein. All materials may present unknown hazards and should be used with caution.
