

Alignment Days Training Program: For Families, Businesses, and Organizations

(Former known as Family Alignment Days)

This training program was first developed for holding 1-day Family Alignment Days®. However, we soon found that this model was also extremely effective when working with businesses and other organizations. So, we have expanded the training to include families, businesses and other organizations.

During the first day of this training we will take the group through a Family Alignment Day® as if you are one big, blended, semi-functional family. During the day you will experience:

- ✿ *Creating alignment within the family*
- ✿ *Identifying the family's purpose and the value of keeping the family together*
- ✿ *Identifying the leadership and communication styles within the family*
- ✿ *Creating common vision*
- ✿ *Identifying the purposes of the family's financial wealth and value of keeping it together*
- ✿ *Priorities and next steps*

On the second day of this training, you will learn the nuances, transitions, and modifications you will make when working with a business or organization. You will also learn business models, marketing and pricing for these services.

Upon completion of this 2-day program, your tuition includes a 1-year Heritage Institute Membership and Family Alignment Day™ License for 1-year. The Family Alignment Day™ License allows you to purchase the Family Alignment Day™ materials at 50% discount and *Beating the Midas Curse* books at a 30% discount off the retail prices.
