

## HERITAGE DESIGN PROFESSIONAL™ COACHING PROGRAM

Transformation does not come from doing things bigger, better, faster, or doing more of it. Transformation comes from starting from a different place.<sup>1</sup>

Heritage Design and the Heritage Design Professional™ Coaching Program start from a different place. It will give you the tools, skills, competencies, and practice that leads to the confidence necessary to achieve your desired outcomes and the outcomes of your clients and their families.

This coaching program is for successful professionals who desire to take their practice and their donor/client relationships to the next level. For many professionals, the "next level" means increasing their profits or philanthropic gifts, increasing their retention, and/or working with higher net worth families.

When you ask donors/clients what they want for themselves and their families, many describe their desire for confidence in their own lives, that their family thrives together for multiple generations, and that each successive generation to be prepared for the inheritances they will receive. **Unfortunately, research shows** (and our experience confirms) that only 10% of families attain those desired outcomes, despite quality financial and estate planning.

Helping your donors and clients (and their families) attain their desired outcomes builds a unique bond between you and your donors and clients because it gives them what they are looking for/demanding. It also increases your profits or philanthropic gifts, your retention, and the number of quality introductions you receive from your current relationships.

Our most active Members say the training they received through this Coaching Program has:

- Distinguished them from their competition,
- Increased their profits, retention, and engagements of new "A" donors/clients,
- Equipped them to build deeper relationships,
- Created multi-generational engagements, and
- Increased philanthropic gifts or the value of their practice.

The program includes topics listed below delivered through video recorded segments, virtual training sessions and in-person coaching sessions, plus coaching calls, flex calls, a mid-term session group video conference, and pre- and post-session assignments. Also included are copies of the books *Beating the Midas Curse* and *What*

*Matters,* certification in the Stratton ILS, Expectations Conversation, Quantification Activity and other assessments to understand your leadership and communication styles, plus you will experience and practice what you are being trained to do.

The training sessions include:

- The Guided Discovery Process™: Guided Discovery and Heritage Statements
- Creating Purpose Statements
- Building Your Practice
- Live Cases
- Heritage Milestones
- Activities
- 2 In-person Labs

The following are pre-requisites to completing your certification:

- Better Listening, Better Questions, Better Relationships\*
- Alignment Milestones: For Families, Businesses, and Organizations\*

As part of your Coaching Program investment, you will receive a limited intellectual property (IP) license to use our IP you received during your coaching sessions. You will also have the right to attend any other Advanced Training Sessions at a discounted tuition and tuition-free attendance to our Annual Conference & Awards Dinner, plus access to the THI Member Community and your Training Teams on Knowledge Vault, our private online training platform & library.

Once you have completed your HDP Certification, you will have access to the Certified Members Team Library and be eligible to attend the Master HDP Advanced Coaching Sessions. Here is where you will reach mastery plateaus, continue to refine the roles you desire to execute, and build and facilitate the collaborative team of professionals to fulfill all of the other roles. Our certification provides assurances to your clients that you are both trained and proficient in Heritage Design. You only become and remain proficient if you actively apply your Heritage Design training (which is why there are both ongoing experience and continuing education requirements to maintain your certification).

As part of your Certified Member fee as a Master HDP, you receive a full IP license to use our intellectual property. You enjoy tuition-free attendance at our Annual Conference and Awards Dinner. As a Certified Member in Good Standing, you have the right to use the Heritage Design Professional™ designation.

<sup>\*</sup>These sessions may include other professionals who are not enrolled in the HDP Coaching Program.

## The Heritage Institute is a community within which professionals can prepare for and experience their most desired professional and personal outcomes.

We are the world's foremost authority on creating successful multi-generational families through a process that builds a culture in the family of communication, trust, and mentoring in the family all wrapped around the family's common purpose. And, we have an unmatched wealth of intellectual property, processes, training, expertise, and resources for building deeper relationships, creating relationships with your existing donors' and clients' families, and helping your them stay together for multiple generations.

You have two options for enrolling into the Coaching Program (taking the prerequisites ala carte or integrated into the Program) and three payment options (all up-front, annual payments, or equal installment payments). Your individual coaching calls will not begin until you are accepted into this program. We have found that professionals who begin their coaching calls prior to attending either of the prerequisite Academies get more out of those Academies, so we provide a significant discount for those attendees who integrate them into the Coaching Program. Your Certification Requirements are expected to be completed by May of next year, and must be completed by the end of next year. Your tuition includes membership in the Master HDP Program from the date of your completion through the remainder of next year.
