Challenges:

1. We need to verify and finalize clients’ status in Casefiles’ Policy to compare with what our program practice. For example, one of our clients has dropped out over three months (except returning), do we still follow up/record her/ his information or not?
2. Although Casefiles unit has clients and families statistic, we need to keep update with other unit.

Evaluations

Next Month

Please briefly describe activities planned for next month

1. Cooperate with education unit to consolidate supporting document of clients at extra project to state school.
2. Review Mater list and clients ‘ID with file.
3. Casefiles unit will apply to use data base system to control clients’ information and statistic
