The Scarves For Hope Campaign supports mothers and young children in Cambodia. Its current project will help fund a much-needed kindergarten in a neglected slum in the outskirts of Phnom Penh. Most of the children living in this struggling community have never been to school because it is too expensive and

far away. Riverkids has begun funding education for these children to local state schools. The silk scarves for the Campaign are made by social enterprises and charities in Cambodia, with prices at \$29, \$49 and \$89 for small, medium and large. You can also order them online at www.theriverkidsshop.com.
