

ARTIST ROSTER FOR SATURATE

SATURATE is an annual, city-wide collaboration to promote Spokane's diverse yet under-recognized community of artists of color. For the Visual Arts Tour in February, arts venues large and small will simultaneously feature artwork, curatorial projects, and performances by artists of color from around the Spokane region. Your participation, and that of every artist and venue joining in, will help deepen the conversation on race, identity, and culture in our city and beyond.

Spokane Arts is putting the call out for our SATURATE artist roster! We are looking to create a roster of local artists of color to draw upon as possible participants in our SATURATE events that happen annually in the month of February. We would utilize this roster as a resource to help connect galleries with artists to show/perform in their locations during SATURATE. In addition, the roster may be utilized by other future events and venues in order to highlight the diversity of Spokane's creative community.

Apply [HERE](#) to be a part of the SATURATE Roster.
