

The Prairie Conservation Forum Presents: Interactive 60-minute Video Conference

Embark on a guided virtual tour of the grasslands of Alberta, an endangered ecosystem that is often overlooked and misunderstood. Students will discover the intricate connections within the grassland ecosystem and learn about how interconnected the species, including people who call the grasslands home, really are.

Learning Outcomes

The session will introduce and discuss topics such as

- Biodiversity
- Species at Risk
- Ecological Goods and Services
- How to help conserve the remaining grasslands

Top 3 Experiences

- 1) Explore the grasslands and connect with Nature remotely!
- 2) Engage your students with optional pre and post presentation learning activities
- 3) Video Conference connections for up to 100 participants so we can virtually experience the grasslands together

Deep Roots

The Story of Alberta's Grasslands

**\$100 presentation fee sponsored
by the
Alberta Prairie Conservation
Forum**

Reserve now:

All programs must be pre-booked and have a test run. E-mail albertadeeproofs@gmail.com to book

Geared for Grades 4-7

This program is created to complement curriculum components for grades 4-7 and is designed to adapt to Alberta's language arts, science and social studies curriculum (all divisions).

Accessibility: Our programs are adaptable to suit the needs and ability levels of all participants. By letting us know your needs when you book a program we can fine tune your presentation and make other arrangements.

Presented By:

Deep Roots was developed by the Alberta Prairie Conservation Forum with help from member organizations. It is currently being presented in partnership by Ducks Unlimited Canada, Milk River Watershed Council, Oldman Watershed Council, and Alberta Parks.
