Locations, selected for their wonderful character and stunning surroundings, provide the perfect backdrop to relaxed and friendly classes hosted by some of the most innovative and exciting chefs in the world.

## Cookery Holidays

On our cookery holidays and food & wine experiences we share the belief that food is not just about sustenance; it should be taken at a leisurely pace and enhanced by excellent wine and an atmosphere of warm hospitality.

They are designed for people who love and appreciate great food and wine, the holidays are relaxed and informal. Through hands-on instruction, trips, tours and tastings, we will inspire you and provide you with the skills and knowledge to cook creatively when you return home.

We have access to wonderful and lesser known locations in Europe each selected for its character and individuality, to make you feel at home and gain a genuine feel for the region as an invited guest and not as a tourist.

## Masterclasses

Our popular series of unique Masterclasses in London are with some of Britain's top chefs in their restaurants. It is a rare opportunity to work with, and learn from, some of the most innovative leading chefs in their restaurant kitchens and a chance to really learn how to create some wonderful dishes at home.

Classes are informative and fun and dishes you have created under expert tuition are eaten with your chef in their dining room.

We also have a most elegant designer kitchen in Holland Park, it is privately owned and perfect for hands-on courses, long lunches available for corporate events and private groups.

Our Masterclasses are excellent as presents, and gift vouchers are also available.
