Creative Ways to Connect with your CASA youth during COVID/SIP:

- Send your youth a care package with financial support from SFCASA's Sunshine Fund:
  - books, games, puzzles, playing cards, cute socks, cosmetic items, art supplies, sweet goodies.
- Play games together like Word Hunt or House Party on FaceTime, or interactive video games on a gaming system.
- Share favorite memes or videos with each other.
- Dance to TikToks together on FaceTime or Zoom.
- Order and send a pizza (or other meal) to give the caregiver a break.
- Set up a remote scavenger hunt (details of which depend on age and caregiver consent)
- Create a virtual book club with the youth, and/or watch a movie “together”
- Cook a meal together over video chat.
- If you, the youth and their caregiver feel comfortable, meet outside (socially distanced with masks) to take a walk around the neighborhood.
- Meet at a park and visit (socially distanced with masks).

If you have found additional ways to stay connected with your youth, please share them with your Case Supervisor.
