

HOT SUMMER TIPS

LEARN HOW TO APPLY OUR CORE SKILLS OF SAVE, SHOP AND SHARE.

KID BUSINESS 101

Kids are so creative, innovative and full of energy. Use the extra free time that summer has to offer and channel that energy into entrepreneurial spirit. It's smart to save, shop and share wisely - but don't forget to earn wisely too! Before you hang the open sign on your lemonade stand consider:

SUPPLIES What do I need to open shop? What do I already have to get started + what do I need to purchase?

MARKETING How can I get the word out there? How can I get customers interested?

DEMAND Am I selling something that people want? Where can I set up shop to get the most traffic?

Good Luck!

This newsletter belongs to
iPiggiBank graduate

and I'm passing it along to

This entitles my friend to **\$5 OFF**
their next iPiggiBank
Money Management 4 Kids class.
