

# FALL HOLIDAY TIPS

LEARN HOW TO APPLY OUR CORE SKILLS  
OF SAVE, SHOP AND SHARE.

## HALLOWEEN:

Discuss as a family the amount of candy you want to **SAVE** and enjoy yourselves. All that trick-or-treating earns you some sweet rewards! Then set aside some candy to **SHARE** and donate to local shelters. Lastly, you can apply **SHOPPING** by trading in some candy at local businesses and receive fun prizes!

(Bonus: Dentist's ship candy to our brave troops). Check out

<http://www.halloweencandybuyback.com/>  
to find a local participating dentist near you.

## THANKSGIVING:

Whether its donating to your favorite charity or putting aside some allowance towards buying cans of food for a food drive, kids can play a special role during the holidays. This season, take the opportunity to teach your little ones the importance of sharing and giving thanks.

iPiggiBank challenges your family to find one local children's charity to donate to this Thanksgiving!

## 3 WAYS TO SAVE MONEY

### 1) Budget the Day Before Shopping:

Discuss as a family the daily budget and prepare it together. Make a shopping list ahead of time and look for deals and coupons before entering the store & nix any extra wants.

### 2) Help Pack Your Lunch:

Parents, say goodbye to lunch complaints by letting your kids help assemble their own. This is a great chore to earn allowance and for kids to start your own savings!

### 3) Open up a Savings Account:

Head to the bank for a fun family trip and learn about putting your own money away in the bank, while gaining interest to earn some extra money.

## 4 FUN FACTS ABOUT THE DOLLAR BILL

- 1) The number of circulating \$1.00 bills in 2015 was 11.4 billion.
- 2) The cost to produce one note is 4.9 cents.
- 3) The design was last changed in 1963.
- 4) The average \$1.00 bill circulates for 5.8 years.
