SunWest Aviation is deeply rooted in the California Central Coast. Janet and I have lived and worked throughout San Luis Obispo and Santa Barbara Counties for almost forty years. I am a product of local schools, as are our three children. Cal Poly graduates from the class of 1970, Janet and I met and married in San Luis Obispo. We have never left the area, and the Central Coast is home to us.

SunWest was founded in 1987 as a family operation providing flight management services to local aircraft owners. It has become the largest charter operator on the Central Coast, playing an active role at San Luis Obispo, Santa Maria, Santa Ynez and Santa Barbara airports.

Our policy is simple. We demand that our staff demonstrate unparalleled competence, professionalism, integrity and courtesy. The company must assure uncompromising safety, convenience, and economy for our customers. Our goal is to earn our customers’ confidence, loyalty and friendship. Our duty is to make flying fun and productive for our customers again.

Come fly with us! Put the fun back in your flying!
