Critical Ethnic Studies Submission Guidelines

Essays (between 6,000 and 10,000 words) should be prepared according to the most recent edition of the Chicago Manual of Style using full reference endnotes (in lieu of bibliography) and submitted electronically to justice@criticalethnicstudies.org.

Please submit manuscripts in Microsoft Word. Author’s names should not appear on manuscripts.

Instead, please include a separate document with the author’s name, email, work address, the title of the article, and abstract (250 words) with your electronic submission.

Authors should eliminate any self-identifying information (such as notes or credits). References to the author’s work should be in third person.

Incorrectly formatted manuscripts delay the review process and may result in manuscripts being disqualified for consideration in an issue.
