ACIH Individual College Membership Benefits

Individual universities, colleges or schools that have candidacy status or are accredited by a federally recognized accrediting agency that is affiliated with one of the ACIH disciplines are invited to be members of ACIH. There are several levels of membership from which a university/college/schools may choose to involve itself with ACIH’s mission, values, and record of accomplishments. Please see the ACIH Chronology of Accomplishments. We focus our work on projects that include the five disciplines that we represent - acupuncture/OM, chiropractic, direct-entry midwifery, licensed massage therapists, & naturopathic medicine. In addition, we represent Traditional World Medicine and Emerging Professions including the yoga therapists, homeopaths and Ayurvedic medicine.

As an individual college member, you will receive the following benefits:

We advance the values of our disciplines, as well as advocate for disease prevention, integrative health, well-being and patient-centered care.

Depending on your selected membership category, you will receive between 1-10 copies of ACIH’s acclaimed interprofessional education resource Clinicians’ and Educators’ Desk Reference on the Licensed Complementary and Alternative Healthcare Professions (CEDR).
