

STEM Challenge Poster Presentation

Group # _____

AbbVie Evaluator: _____

- 4=complete and clearly communicated in poster
- 3=complete, but some aspects are confused or not explained well
- 2=parts are missing or inaccurate
- 1=major errors or missing essential information
- 0=no attempt

Score each group on all components below.	0	1	2	3	4	Comments
Problem Statement						
Objective						
Methods						
Research						
Results						
Conclusions						
Layout/ Design of Poster						
Ability to Respond to Questions						
Professionalism/ Teamwork						
Overall Creativity/ Level of Difficulty						
Total Score	/40

Problem statement: Rate how well the team clearly communicated the issue that needs to be addressed on the poster.

Objective: How well did the team communicate the goal they were trying to achieve?

Methods: What steps did the team take during their innovation process?

Research: How well did the team investigate materials and facts to come up with their recommendation?

Results: Did the team clearly communicate their findings and/or outcomes?

Conclusions: Rate how well the team reached a decision based on their research and results.
