

BeHEARD INAD Grant Guidelines

If you are applying for the INAD Discovery Grant, you are required to submit a more detailed application than our standard BeHEARD application. Please see the guidelines below for what should be included. You can also see the 2017-2018 BeHEARD application for information on what factors are considered when awarding prizes. You are allowed to submit an application for both an INAD Discovery Grant and a BeHEARD technology grant if you would like, however you must submit two separate applications. If you have any questions on the guidelines in this application, please contact Arvin.Gouw@raregenomics.org.

Your application should include:

Project Summary/Abstract (300 words max)

Specific Aims (1 pg. max)

- Brief background
- Hypothesis
- Aims

Research Strategy (6 pgs. max excluding references)

- Background & Significance
- Approach & Preliminary Results
- Aims
- Rationale
- Interpretation
- Limitations
- Methods
- Statistics

Project Timeline (1 pg. max)

- Quarterly milestones
- Go/No-Go milestones

Budget Justification (1 pg. max)

- Table of expenses
- FTE justification (optional)

Biographical Sketch (6 pgs. max)
