Terms of Use

BTi dunks are effective mosquito control, but must be used according to label directions. BTi dunks are to be used on your property, in containers and other areas as listed on the label. Dunks can treat approx 100 square feet of water, and should be broken apart and smaller pieces used in containers less than 100 square feet (see label for directions).

By signing below you agree that you have read and understand the terms of use for BTi dunks
