# Corporate Sponsorship Opportunities

The National Association of Freestanding Emergency Centers (NAFEC) welcomes sponsors to partner with our industry while providing your company opportunities to work with our membership. NAFEC is the only national association in the U.S. created especially to represent freestanding emergency centers.

NAFEC is a member-based organization working with national and state leaders to ensure the fair regulation and growth of this industry. We're also working to raise public awareness of the industry and to promote an overall understanding of the unique benefits of freestanding emergency centers.

Our members work to ensure that Americans have timely access to high-quality emergency medical care. As licensed, regulated, full functioning ERs equipped to handle medical emergencies 24/7, our members provide expert care at convenient community locations with minimal waiting.

As a corporate or individual sponsor, your company's investment will help assist in the operations of this industry's trade association. In addition, sponsors are continuously recognized, which allows your company to highlight its services to current and prospective customers.
