Congregation Jewish Community North

Shalom Cypress

An innovative program for
6th, 7th & 8th graders

Chalon L'Atid an exciting city-wide program sponsored by the Jewish Federation of Greater Houston is for middle school-aged students of suburban synagogue religious schools. Our goal is to provide the opportunity to participate in an innovative approach to Jewish education, designed to create a bridge between the teens' Bar and Bat Mitzvah training and High School. Chalon L'Atid aka "Challah" provides exciting opportunities for participants to meet and exchange ideas with other teens from across the suburban Houston Jewish community as well as enabling them to interact with other Jewish teens. The program offers students the chance to learn more about themselves, explore their Jewishness, meet new Jewish kids from across the community, and have a lot of fun in the process!
