

1. Account and Customer Information

Residential Commercial Builder Property Owner

Customer Name: _____
(as it appears on account)

Oklahoma Natural Gas Account Number: _____

Mailing Address: _____

City: _____ State: _____ ZIP: _____

Installation Address: _____
(if different from mailing address)

City: _____ State: _____ ZIP: _____

Email (preferred): _____

Daytime Phone: () _____ Evening Phone: () _____

The image shows a portion of an Oklahoma Natural Gas bill. A blue callout box highlights the account number '213380656 2611285 00'. The bill includes the Oklahoma Natural Gas logo, a barcode, and a table with the following information:

Account Number	213380656 2611285 00
Amount Due	
Current Charges Due	09-15-11
Total Enclosed	\$

Below the table, it says 'MG'. At the bottom of the bill, there is a long barcode and the number '15 213380656261128500 000002545'. The customer name and address are also visible: '11 SP 0-440 1000001 # 51 YNNYNN 241', 'CUSTOMER NAME', '2011 ENERGY EFFICIENCY ST', 'EDMOND OK 73012'. The Oklahoma Natural Gas Company address is 'PO BOX 219298', 'KANSAS CITY MO 64121-9298'.

Your account number is located on your bill. The application cannot be processed without this number present on this form.

4. Attach Proof of Purchase

REQUIRED

Please include a copy of an itemized receipt and/or invoice with your application. Your retailer or contractor can provide this document for your qualified product. Any applications missing this will be delayed or denied.

Proof of purchase must include the following:

- Retailer/Contractor name, address and phone number
- Itemized listing of quantity, description, manufacturer, model number and other identifying information as appropriate
- Purchase date and price

5. Review and Submit Your Application

Mail completed application(s) along with required documentation within 90 days of installation or service to:

**Oklahoma Natural Gas
Energy-Efficiency Program
P.O. Box 401
Oklahoma City, OK 73101-0401**

Rebate checks are issued within approximately six to eight weeks of a completed and approved rebate application.

6. Terms and Conditions

As you decide whether to participate in Oklahoma Natural's Energy-Efficiency Program, please review the following terms and conditions:

1. Oklahoma Natural is not responsible for any decision regarding the selection of equipment to qualify for rebates under our energy-efficiency programs. OKLAHOMA NATURAL DOES NOT MAKE AND HEREBY DISCLAIMS ANY WARRANTY CONCERNING THE MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE FOR ANY EQUIPMENT CHOICE THE CUSTOMER MAKES. The customer is responsible for the full cost and installation of any equipment.
2. Oklahoma Natural is not responsible for any decision about which licensed and qualified contractor the customer selects. Oklahoma Natural encourages its customers to carefully research and select an Oklahoma licensed plumber or heating, ventilation and air-conditioning (HVAC) contractor to install qualifying equipment. Oklahoma Natural is not responsible for any damage caused (a) when a contractor enters a customer's premises or during installation, (b) by poor workmanship or (c) by failure to complete projects. Oklahoma Natural will not intervene in disputes between a customer and his or her selected contractor. Oklahoma Natural also strongly encourages participating customers to be sure any installation conforms to all applicable codes, permit requirements and manufacturer installation recommendations and requirements. Oklahoma Natural is not responsible for determining whether a customer's appliances are installed correctly or safely. In the event you believe an appliance is unsafe or you detect the odor associated with natural gas, you agree to immediately call 800-458-4251.
3. The Department of Energy and others provide information on projected energy savings for different types of appliances and installations. Oklahoma Natural makes no warranty concerning the accuracy of this information or whether the devices the customer selects will accomplish the projected energy and cost savings.
4. Oklahoma Natural requires each customer to present a completed rebate application and is unable to process incomplete applications. It is the responsibility of the customer to ensure the contractor has completed and signed the application. Applications and additional information are available at www.OklahomaNaturalGas.com/rebates. Oklahoma Natural reserves the right to verify all information provided. Oklahoma Natural issues rebates in the form of checks, not utility credits. The Company is not responsible if the dealer/installer or retailer fails to provide accurate information about the amount of a rebate or eligibility. Rebate checks will be mailed approximately six to eight weeks after approval, subject to availability of program funds.
5. This program is available to any Oklahoma Natural current or prospective customer. Rebates are only available to active customers of Oklahoma Natural in an individually metered residential home. For natural gas furnace, boiler or electric to natural gas conversion rebates, only qualified natural gas equipment purchased, installed or serviced after September 14, 2011, will be considered for a rebate. For hydronic heating system replacement rebates and range rebates, only qualified natural gas equipment purchased, installed or serviced after December 31, 2013, will be considered for a rebate. Oklahoma Natural encourages each customer to review all program eligibility and requirements.
6. Completed rebate applications will be reviewed and processed by Oklahoma Natural on a first-come, first-served basis until program funds are depleted. Rebate qualifications and amounts are subject to change. Rebate funds are limited. Funding guidelines for these programs may be changed or discontinued at any time without notice. Please check program website for updates at www.OklahomaNaturalGas.com/rebates. As a further condition to receiving a rebate, applicant agrees to allow Oklahoma Natural's designated representative to enter applicant's premises to verify installation. Applicant agrees that the purpose of this visit is not to assess the adequacy or safety of installation, but merely to verify that qualifying equipment has been installed.
7. This Agreement constitutes and represents the complete and entire agreement between the customer and Oklahoma Natural with respect to the subject matter contained herein, and supersedes any prior and contemporaneous agreements, arrangements and understandings of the Parties, whether written or oral, which are hereby terminated and of no further force and effect. The terms of this Agreement may not be altered, modified or supplemented except by a writing signed by each of the Parties.

7. Acceptance of Terms

REQUIRED

I hereby certify that all information is accurate, including claims of customer and equipment information. My signature below indicates I have read, understand and agree to all terms and conditions on this application and acknowledge that Oklahoma Natural Gas may verify all the information provided.
